From Colonel J. BEATTY, R.E., Superintending Engineer, Fourth Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 9th July 1883, No. 278.

In reply to your memorandum, No. 200 E., of 6th instant, I have the honor to report that the plans and estimate for the bakery at Cannanore were submitted with this office letter, No. 262, of 26th ultimo, and that the plans and estimate of the bakery for Wellington are under preparation in the Executive Engineer's Office, Nilgiris. The latter have been delayed while the Draftsmen were engaged on the complete estimate of Government House, but they will doubtless now be ready in the course of a week or ten days.

P.S.—At Cannanore, according to the instructions of the Commissariat Department, every thing is to be done by hand-power; but from a letter just received from the Executive Engineer, Nilgiri Division, it appears that, in order to estimate with tolerable accuracy the cost of the buildings and machinery required at Wellington, it will be necessary to communicate with a firm of millwrights in England; if, however, an approximate estimate will do, one can be submitted in the course of ten days.

No. 219 E., Public Works.

The estimate for the Wellington Bakery should be framed on such data as may be available, approximate amounts being entered where exact prices are not known.

From Colonel J. BEATTY, R.E., Superintending Engineer, Fourth Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 20th July 1883, No. 294 E.W.

With reference to your memorandum, No. 219 E., dated Ootacamund, 13th instant, I have the honor to forward you, herewith, the approximate estimate, amounting to Rs. 65,000, for constructing a bakery at Wellington. The causes which have delayed the preparation of a detailed estimate are explained in the Executive Engineer's letter which accompanies the approximate estimate.

ENCLOSURE.

From J. C. LARMINIE, Esq., Executive Engineer, Nilgiri Division, to the Superintending Engineer, Fourth Circle, dated Ootacamund, 17th July 1883, No. 167.

In reply to your telegram of the 16th, I have the honor to submit, herewith, an approximate estimate for a bakery at Wellington. I may mention that a detailed estimate is now in hand, but as this will not be ready for some little time to come, I submit the accompanying approximate one.

The great delay which has occurred since His Excellency the Commander-in-Chief first called for the bakery estimate is due, as you are aware, to two causes— *First*, a considerable delay in procuring data in the shape of plans of similar buildings and machinery which have been erected at Kurrachee; and, *second*, to the fact that nearly all my establishment have, for more than the last two months, been employed on the Government House revised plans and estimates.

ORDER—dated 10th August 1883, No. 2211 W., Public Works.

The approximate estimate, amounting to Rs. 65,000, for constructing a bakery at the Wellington Depôt, is sanctioned. The Government of India will be requested to re-allot the budget provision of Rs. 8,000 withdrawn in their letter, No. 542 M.W.,* dated 14th June 1883.

* G.O., No. 1965 W., dated 13th July 1883.
