GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General
Establishment.

READ—the following letter from G. T. WALCH, Esq., Officiating Superintending Engineer, First Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 21st July 1883, No. 183 V.Z.:—

I have the honor to forward, herewith, copy of a letter, No. 750, dated 14th July 1883, received from the Executive Engineer, Vizagapatam Division, and to recommend that, under the circumstances stated, outfit allowances may be granted to Apprentice Overseers Gunner Richardson and Acting Bombardier Donaghue.

ENCLOSURE.

From T. D. HARRIS, Esq., Executive Engineer, Vizagapatam Division, to the Superintending Engineer, First Circle, dated Waltair, 14th July 1883, No. 750.

I have the honor to forward, herewith, a copy of telegram from the Examiner of Public Works Accounts, Madras, informing that outfit allowances to Apprentice Overseers (1) Gunner Richardson, (2) Acting Bombardier Donaghue, recently transferred from Sangam Project Division, are admissible only on their permanent appointment to the department. These Overseers have completed their third or Apprentice year, but they do not appear to have been appointed permanently to the department owing to the scale for Upper Subordinates having been exceeded.

2. They have received an advance of Rs. 100 when they left the Sangam Project Division, but on their arrival here they represented to me they had nothing with them, and unless the outfit allowance is disbursed, they were not able to go. I was therefore obliged to advance them Rs. 50 each.

3. I submit that I consider it a sad mistake to refuse them outfit allowance, particularly when they are posted to such a place as Potinghy Ghât; whether the allowance is to be granted or not, I should say it should be given them in this particular instance, since they have to properly equip themselves before going to the ghât.

4. I have, however, ordered them to join the ghât at once, but I beg you will represent the matter to Government and obtain orders authorising the Examiner to admit their outfit allowances, as it is urgently required. You can well understand yourself without further explanation from me.

ORDER—dated 10th August 1883, No. 2219 W., Public Works.

Under the present exceptional circumstances of the department, the usual outfit allowance, referred to in paragraph 885 of the Public Works Code, may at once be passed to the Military Apprentice Overseers who have during the present year been brought on the temporary establishment.

Outfit Allowance

The usual — authorised to be passed to the Military Apprentice Overseers brought on the temporary establishment during the present year.

To W.

22/9

Outfit allowance to the military overseers who have completed their apprenticeship is asked for.

Owing to the present exigencies of the establishment they have only been appointed temporarily, whereas P.W. Code rules that the allowance is to be given on being permanently appointed to the Department.

Military establishments on passing their apprenticeship have always hitherto been permanently granted it once, & doubtless the Code had this practice in view. But recent orders regarding excesses in scale have compelled the abandonment of this practice, for a time only it is to be stopped, and then is no doubt these men will eventually be posted permanently.

As it is they will have just the same work, responsibilities, &c, & it will be but fair to grant them the usual allowance to help them

The S.E. First-class
 recommend the grant-
 of the usual outfit
 allowance to Junior
 Richardson & Bombardier
 Donaghy who have
 just completed their
 apprenticeship -

Under para 885
 of the P. W. Code this
 allowance is granted
 to mil. apprentices
 Overseers, on completion
 of their apprenticeship
 and being permanently
 appointed to the Dept.

Just now however
 owing to excesses over
 the sanctioned scale,
 an exceptional state
 of matters exists, &
 mil. apprentices, on
 completion of their

prohibition can only be brought on the temporary establishment -

The object of the allowance doubtless is to give the young apprentices a start in life, & the question now arises whether, under the present exceptional circumstances, the allowance may be granted at once, or whether the men must wait for it until they can be absorbed on the permanent establishment.

It would be as well perhaps to issue a definite ruling on the point, as the same question will doubtless be raised on behalf of the remaining three only. Apprentices who have just been brought on the temporary establishment.
