CIVIL ENGINEERING COLLEGE — MADRAS.

No. 371. 6

FROM

Dated 10 Sept 16 } July 1883.

THE PRINCIPAL,

CIVIL ENGINEERING COLLEGE,

To

The Under Secretary
to Government P. W. D.
Madras.

SIR,

It would be a convenience to me and an advantage to the College if all Government orders in the P. W. D. which in any way affect the interests of students could be communicated to me. At present my knowledge of the majority of such orders is derived from the Public Press, and from incidental allusions in correspondence, and it is probable that some orders are in existence of which I know nothing.

2. Among those which are believed to have been published, but which have not yet been communicated to me, I may mention —

(a) Orders regarding grading, pay and promotion of Surveyors.

(b)

(b) Orders regarding appointment and salaries of "Technical Assistants" for Chief and Superintending Engineers.

(c) Orders on the guarantee by the Government of India of appointments in the Engineer Establishment of the Public Works Department to Indian Civil Engineering Colleges.

(d) Orders appointing certain civilians in India to the P. W. D. temporarily as Assistant Engineers.

(e) Orders respecting number of appointments as Apprentice Overseers available for the passed college students of 1883.

I have the honor to be,
Sir,
Your most obedt Servant.
E.O.Lov. Lieut. R.E.
Principal, C. E. College.

I

To W. for orders

I myself see no objection to furnishing Principal C.E. College with papers required to enable him to write copies of orders & proceedings bearing on the prospects of the students, and Mr Love's request seems a reasonable one.

You may, perhaps, have grounds for withholding some such papers, as I refer the question.

There can be no objection to allowing Mr. Love to have what Extracts affecting the interests of the College Students, as long as there have no points open or under reference to the Govt

To B.W.

I think the best way to meet Lieut Love's wishes would be to communicate

Papers on the subjects mentioned by St Love are put up, & orders are requested whether Copies of all of them may be furnished to that Officer?

If approved! Papers of a similar nature will in future be communicated to the Principal C. C. College through the Educational Dept.

orders of the character in question to the Educational Dept., whereas he would receive them through the Director of Public Instruction. I have a clear recollection of the P. W. Dept having been taken to task some years ago by the D of P.I. for corresponding directly with the Principal of the C.E. College who is one of his subordinate officers.
