

GOVERNMENT OF MADRAS.

ECCLESIASTICAL DEPARTMENT.

READ—the following paper :—

From C. A. GALTON, Esq., Acting District Magistrate of Malabar, to the Acting Chief Secretary to Government, dated Calicut, 23rd July 1883, No. 2895.

I have the honor to report on the condition of the Government Cemeteries in this district during the past official year.

2. The cemeteries at Cannanore and Tellicherry are reported by the Sub-Collector to be in good order.

3. The cemetery attached to the Protestant Church at Pálghat is neatly kept. The old cemetery, which was transferred to the Basel Mission in 1867, is stated to be in bad order, rank vegetation and trees of spontaneous growth having been allowed to spring up. The Mission establishment are now paying attention to the matter.

4. The tomb near Tirtala is stated to be in good order. The space around it, which was reported last year to be overgrown with weeds, was, a few months ago, cleared.

5. The cemeteries and tombs in the Ernád and Walawanád Taluks are reported by the Special Assistant Collector to be in good order.

6. The new cemetery at Calicut is in excellent condition. The old cemetery, which has been closed to interments, is also in fair order, save that the slabs of two or three tombs are broken.

7. In Wynaad a new cemetery was opened at Vayitri in the early part of the past year, and its consecration took place a few months ago. The site was the joint gift of Messrs. Hinde and Co. of Calicut and Messrs. Brown and Co. of Pookote. At present it is enclosed by a bamboo fence, but an estimate for walling in the ground is now pending in the Public Works Department. The burial-ground at Manantoddy is in fair order, although a portion of one side has never been completely enclosed.

8. The cemeteries at Cochin and Anjengo, as well as the two at Tangachéri, are reported to be in a fair condition except that the walls of the latter require replastering, which will be attended to as early as possible.

9. Four of the tombs in the Anjengo cemetery being found to be in a most dilapidated and dangerous condition, a notice was published a few months ago in the *Fort St. George Gazette* and the *Gazette of India* calling upon those interested in their preservation to repair them at once, failing which they would be removed on the occasion of the next repair.
