GOVERNMENT OF MADRAS.

JUDICIAL DEPARTMENT.

READ—again the following paper:—

G.O., dated 18th June 1883, Mis. No. 1626, Judicial.

Read—the following letter from G. HAMNETT, Esq., Inspector-General of Registration, to the Chief Secretary to Government, dated Ootacamund, 10th May 1883, T. No. 1043.

On the 21st May 1881, letter No. 298, I brought to the notice of the Government that the accommodation which was then provided for the Office of the Registrar of the Nílgiris in the Collector's Office was inadequate and unsuited.

2. Since then the office, at the instance of the late Collector of the District, was transferred to a rented building, which is not only unsuited in every way, but is most inconveniently situated. There is no proper road leading to it, and parties experience great difficulty in finding it.

3. On the 15th May 1882, letter T. No. 1271, I again addressed the Government on the subject.

4. Subsequently the Chief Engineer, Public Works Department, in his note recorded in the Proceedings of the Government in that department, No. 2727, dated the 20th October 1882, suggested that the *then* "present Post Office building" be made over "to the Deputy Tahsildar and Registrar as soon as the new Post and Telegraph Office is fit to be occupied, which it should be by the end of the current official year" (1882-83).

5. The official year has closed and we have entered upon another official year, and I find that the "Post Office building" intended for the Deputy Tahsildar and the Registrar is now in the possession of the Pharmaceutical Company, and that the Registrar's Office continues in the unsuitable place to which it had been transferred.

6. There is no connection between the Tahsildar's Cutcherry and the Registrar's Office, and there is no apparent reason, so far as I can see, why they should be near each other, or under the same roof. I have the honor, therefore, again to recommend that a separate office may be sanctioned for the Registrar. It may be built on the site suggested in paragraph 4 of my letter, No. 1271, dated 15th May 1882, if no better site is available.

Order—dated 18th June 1883, Mis. No. 1626, Judicial.

The Collector of the Nílgiris will be requested to state whether the site proposed in this letter can be made available for the purpose stated.

(True Extract.)

(Signed) C. G. MASTER,
Chief Secretary.

To the Collector of the Nílgiris.
" Inspector-General of Registration.

Read—also the following papers:—

From F. BRANDT, Esq., Collector of Nílgiris, to the Chief Secretary to Government, dated Ootacamund, 29th June 1883, No. 63.

The site in Ootacamund on which the Inspector-General of Registration wishes to have a Registrar's Office built at the eastern corner of the upper part of the ground attached to the jail, and just west of the Photographer's Shop.

2. It is an excellent site; so good that the question is whether it should not be reserved for some more important building. I have spoken to the Inspector-General of Jails on the subject, and he strongly objects to the site being utilized for a Registrar's Office, it is that which has been selected for a Town Hall or Assembly Room in case of such being built; it is also suggested that it may be necessary to extend the jail buildings.

3. In any case I am inclined to think the site is too valuable to be utilized as proposed by the Inspector-General of Registration.

4. I am quite aware that the Tahsildar's and the Registrar's Office need not necessarily be under one roof, and I endeavoured a month or two ago to get a more suitable place for the Deputy Tahsildar, and could have done so, but that I could not also find other accommodation for the Registrar, and the latter has, as it is, far more room than the Deputy Tahsildar. I am decidedly of opinion that it is good policy for Government either to buy or to build suitable offices for their establishments in Ootacamund; and I would ask if many excellent sites might not be found on the Bombay Castle property—either on the upper portion near the junction of the roads opposite Oakes' shop, or on the west side of the Commercial Road near what was the Alexandra Hotel and opposite to the Friend-in-Need Society's Workshop.

And if an office is to be built for the Deputy Tahsildar as well as one for the Registrar it would, I expect, be more economical to build both under one roof.

5. Norfolk House is I understand to be let, the upper portion of it at once. I am making inquiries as to whether it is for sale. It is in a very good position and might, I think, do well for both Registrar and Deputy Tahsildar. But with ample building-sites on the Bombay Castle property it appears to me undesirable to purchase other buildings.

From G. HAMNETT, Esq., Inspector-General of Registration, to the Acting Chief Secretary to Government, dated Ootacamund, 17th July 1883.

With reference to your endorsement, No. 1279, dated the 12th July instant, herewith returned, I have the honor to state, in consultation with the Collector of the Nílgiris, that the site mentioned by him " on the west side of the Commercial Road near what was the Alexandra Hotel and opposite to the Friend-in-Need Society's Workshop," will answer very well for the office of the Registrar of the Nílgiris although it is somewhat removed from the Collector's Office. It is Government property and no compensation will be required.

2. Another site which we considered better adapted is near the old Taluk Cutcherry close to the Police Station and the markets; but this was sold to the Local Fund Board some years ago for Rs. 4,000. They may or may not be disposed to part with it now.

Order—dated 24th July 1883, No. 1941, Judicial.

The building of a Registration Office in Ootacamund, on the site mentioned in paragraph 1 of the Inspector-General's letter and approved by the Collector, is sanctioned.
