11TH AUGUST 1883, No. 2228 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following letter from Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, Fifth Circle, to the Chief Engineer, Public Works Department, dated Chepauk, 16th July 1883, No. 1494:—

With reference to your memorandum, No. 1071 C., dated 6th June 1883, I have the honor to report that Messrs. Binny and Company state that they price their large bungalow and land at Ennore at Rs. 8,000, not including furniture and plate.

2. The original value of the building, including punkahs, mats, blinds and the ground attached, is estimated at Rs. 10,500.

The Executive Engineer considers that if the Bungalow were dismantled the materials might fetch Rs. 3,000. Thus, there would be a loss of not less than Rs. 5,000.

3. In the complete estimate for the Buckingham Canal a second-class rest-house at Ennore is provided, to cost Rs. 5,715, and Messrs. Binny's bungalow might be turned to account as a rest-house with more advantage than if the bungalow were pulled down for the sake of selling the materials. I do not know of any other use to which the bungalow can be put.

ORDER—dated 11th August 1883, No. 2228 W., Public Works.

The purchase of Messrs. Binny and Company's large bungalow at Ennore for Rs. 8,000 is sanctioned as a charge against the Buckingham Canal Estimate in the first instance; but as the necessity for the purchase has arisen in consequence of operations undertaken on behalf of the Salt * Department, it seems fair that a substantial share of the cost should fall against that department. A moiety of the charge might perhaps be so provided, the bungalow being used as a rest-house by the Salt as well as the Public Works Department. Before finally deciding the incidence of the charge, however, His Excellency the Governor in Council will await any remarks which the Commissioner of Salt Revenue may have to offer. These will be called for in the Revenue Department.

2. Meanwhile the Superintending Engineer will, in communication with the Government Solicitor, take steps for having the property conveyed to Government.

For order
2/2/83

As to the incidence
of the charge on the
Punjabers it seems to
me that as the necessity
for the purchase has
arisen in my great
measure from the work
of the Salt Dept. the
latter should bear if
not the whole at
least a substantial
share

Possibly a moiety
might be debited to
Salt, and the remainder
to the Punjabers
Canal Estimate; the
bungalow being used as
a rest house open to
use by both depts?

I should like to see
the plan of the
bungalow

~~recomm~~ that if Messrs
Priny & Co's larger
bungalow at Enmore
be purchased, it
might be turned to
advantage as a rest
house for officers
of the dept -

Recently, Captain
Marshall, Dy Master
Attendant, offered to
sell to Govt as a rest
house, a house of his
at Enmore, which had
been unfavorably affected
by the improvements
to the Canal. His letter
has been referred to the
S. S. V. by a memo
issued from Coly

on the 6. Inst.

As the houses below
will not be required for
the same purpose.

An order may be drafted
for W's approval, to cancel
the purchase of the premises
for Rs. 8000, or Rs. 2500 less than
their assigned ^{original} value, and
directing the speedy settlement
of the transfer.

The question as to what to which
the house can be put can best
be determined on receipt of
report regarding Capt. Marshall's
house.

Purchase of Messrs. Dinning
& Co's Bungalows at Secunderabad

The undersigned desires
to suggest for consideration,
with reference to the budget,
that a moiety of the cost
should be charged to Salt,
that the debit against
that department should
not exceed the difference
between the amount
provided for a set houses
in the Estimate for the
Buckingham Canal

and the total purchase
money; or to (8000 - 5715)
Rs 2285.

Secretary, who raises
no objection to its
issue.

In order

The Secy to Govt. in the
Revenue Dept. proposes
in the amended O.C.
that the incidence of
the cost of these 100
bans should be

P.W.D.	2285
Bombay Canal	
(Provincial)	5715
Salt Dept.	
(Imperial)	2285
Total	8000

Considering that as stated
in previous notes the argument
of this ban is made
more in the interests
of the Salt than of the
Dept. I confess I am unable
to see why the latter should
be called on to meet more
than double the amount of
the former

Presumably you may desire
