PUBLIC WORKS DEPARTMENT.

SIR,

In acknowledging the receipt of your letter, No. 983 G., dated 16th July 1883, on the subject of the Engineer establishment of the Public Works Department in Madras, I am directed by His Excellency the Governor in Council to say that he thankfully accepts the much-needed relief which has now been promised of the three Executive and seven Assistant Engineers, which it is proposed ultimately to add to the permanent establishment, as also the offer conveyed in paragraph 3, to transfer an officer on the permanent list to fill the additional post referred to in paragraph 4.

2. For the one Executive Engineer and two Assistant Engineers required during the current official year for the Tank division, it is hoped that it will be found feasible to fill the vacancies by the direct appointment of three officers of Royal Engineers as Assistant Engineers from among the officers now serving with the "Queen's Own" Sappers and Miners in this Presidency, but failing this source an application will at once be submitted to the Government of India. It is, I am to say, assumed that the promotion of an Assistant Engineer to Executive Engineer to complete the new scale will be made from the officers in this department.

3. The requisite financial statement to include this increase, as well as the additional Assistant Engineer required to complete the percentage allowed for absentees, is herewith submitted for formal sanction.

4. I am to add that the letter under acknowledgment will be replied to in detail at an early date.

I have the honor to be,

Sir,

Your most obedient servant,

In acknowledging the receipt of your letter, No. 983 G., dated 16th July 1883, on the subject of the Engineer establishment of the Public Works Department in Madras, I am directed by His Excellency the Governor in Council to say that he thankfully accepts the much-needed relief which has now been promised of the three Executive and seven Assistant Engineers, which it is proposed ultimately to add to the permanent establishment, as also the offer conveyed in paragraph 3, to transfer an officer on the permanent list to fill the additional post referred to in paragraph 4.

2. For the one Executive Engineer and two Assistant Engineers required during the current official year for the Tank division, it is hoped that it will be found feasible to fill the vacancies by the direct appointment of three officers of Royal Engineers as Assistant Engineers from among the officers now serving with the "Queen's Own" Sappers and Miners in this Presidency, but failing this source an application will at once be submitted to the Government of India. It is, I am to say, assumed that the promotion of an Assistant Engineer to Executive Engineer to complete the new scale will be made from the officers in this department.

3. The requisite financial statement to include this increase, as well as the additional Assistant Engineer required to complete the percentage allowed for absentees, is herewith submitted for formal sanction.

4. I am to add that the letter under acknowledgment will be replied to in detail at an early date.

2. For the one Executive Engineer and two Assistant Engineers required during the current official year for the Tank division, it is hoped that it will be found feasible to fill the vacancies by the direct appointment of three officers of Royal Engineers as Assistant Engineers from among the officers now serving with the "Queen's Own" Sappers and Miners in this Presidency, but failing this source an application will at once be submitted to the Government of India. It is, I am to say, assumed that the promotion of an Assistant Engineer to Executive Engineer to complete the new scale will be made from the officers in this department.

3. The requisite financial statement to include this increase, as well as the additional Assistant Engineer required to complete the percentage allowed for absentees, is herewith submitted for formal sanction.

4. I am to add that the letter under acknowledgment will be replied to in detail at an early date.

SIR,

In acknowledging the receipt of your letter, No. 983 G., dated 16th July 1883, on the subject of the Engineer establishment of the Public Works Department in Madras, I am directed by His Excellency the Governor in Council to say that he thankfully accepts the much-needed relief which has now been promised of the three Executive and seven Assistant Engineers, which it is proposed ultimately to add to the permanent establishment, as also the offer conveyed in paragraph 3, to transfer an officer on the permanent list to fill the additional post referred to in paragraph 4.

2. For the one Executive Engineer and two Assistant Engineers required during the current official year for the Tank division, it is hoped that it will be found feasible to fill the vacancies by the direct appointment of three officers of Royal Engineers as Assistant Engineers from among the officers now serving with the "Queen's Own" Sappers and Miners in this Presidency, but failing this source an application will at once be submitted to the Government of India. It is, I am to say, assumed that the promotion of an Assistant Engineer to Executive Engineer to complete the new scale will be made from the officers in this department.

3. The requisite financial statement to include this increase, as well as the additional Assistant Engineer required to complete the percentage allowed for absentees, is herewith submitted for formal sanction.

4. I am to add that the letter under acknowledgment will be replied to in detail at an early date.

I have the honor to be,

Sir,

Your most obedient servant,

No. 2230 W. . . . . date of 11 Aug/83

To

The Secretary to the  
Government of India  
Public Works Dept.

Sir

In acknowledging the re-  
ceipt of your letter No. 983 G. of  
16<sup>th</sup> July 1883 on the subject of the  
Engineer Establishment of the P.W.D.  
in Madras, I am directed by His  
Excellency the Governor in Council  
to say that he thankfully accepts  
the much needed relief which has  
now been promised of the three  
Executive ~~Engineers~~ and seven Assistant  
Engineers which it is proposed ul-  
timately to add to the permanent  
Establishment, as also the offer  
conveyed in para 3 to transfer an  
officer on the permanent list to  
fill the additional post referred to  
in para 4.

See G.O. 3422 W.

2. For the one Executive Eng<sup>r</sup>  
and two Asst Eng<sup>s</sup> required  
during the current official year  
for the Tank D<sup>g</sup>, it is hoped  
that it will be found feasible  
to fill the vacancies by the direct  
appointment of three officers of  
Royal Eng<sup>s</sup>, as Asst Eng<sup>s</sup> from  
among the officers now serving with  
the Queen's Own Sappers & Miners  
in this Presidency, but failing this  
source, an application will at once  
be submitted to the Gov<sup>t</sup> of India.  
It is now to be assumed that  
the promotion of an Asst Eng<sup>r</sup>  
to Eng<sup>r</sup> to complete the new scale  
will be made from the officers  
in this Dept<sup>t</sup>.

3. The requisite Financial State-  
ment to include this increase, as  
well as the additional Asst Eng<sup>r</sup>  
required to complete the personnel  
allowed for abscencees is herewith  
submitted for formal sanction.

4. I am to add that the letter  
under acknowledgment will be  
replied to in detail at an  
early date.
