PUBLIC WORKS DEPARTMENT

LETTER—from

COLONEL R. H. SANKEY, R.E.,

Secretary to the Government of Madras,

Public Works Department,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,

PUBLIC WORKS DEPARTMENT.

SIR,

In acknowledging the receipt of your letter, No. 983 G., dated 16th July 1883, on the subject of the Engineer establishment of the Public Works Department in Madras, I am directed by His Excellency the Governor in Council to say that he thankfully accepts the much-needed relief which has now been promised of the three Executive and seven Assistant Engineers, which it is proposed ultimately to add to the permanent establishment, as also the offer conveyed in paragraph 3, to transfer an officer on the permanent list to fill the additional post referred to in paragraph 4.

2. For the one Executive Engineer and two Assistant Engineers required during the current official year for the Tank division, it is hoped that it will be found feasible to fill the vacancies by the direct appointment of three officers of Royal Engineers as Assistant Engineers from among the officers now serving with the "Queen's Own" Sappers and Miners in this Presidency, but failing this source an application will at once be submitted to the Government of India. It is, I am to say, assumed that the promotion of an Assistant Engineer to Executive Engineer to complete the new scale will be made from the officers in this department.

3. The requisite financial statement to include this increase, as well as the additional Assistant Engineer required to complete the percentage allowed for absentees, is herewith submitted for formal sanction.

4. I am to add that the letter under acknowledgment will be replied to in detail at an early date.

I have the honor to be,

Sir,

Your most obedient servant,

(Signed) R. H. SANKEY, Colonel, R.E.,
Secretary to Govt., P.W.D.

OOTACAMUND,
11th October 1884.
