NOTE OF REMARKS.

1. The enclosed plan and estimate provide for the construction of a treasury room in the compound of the Gudivada Talugutcherry, Kistna District. Amount of estimate is Rs. 1450 — of this sum Rs. 140 are for the purchase and conveyance of a site.
2. It would be certainly advisable if the depth of joists were increased by 1 inch as the wood is country teak, and the thickness of roof exceptional.
3. The Board of Revenue have approved of the work.

1st Aug 1883

W.H.

I agree with T. Further, I would increase the scantling not to 3" x 6" but to 3" x 6 1/2", the joints being 2" apart &c. &c. — I think my estimate with this alteration, I presume there is no money available to complete, yet this would be owing to the deficiency of Treasury money if possible to maintain the estimate can be found.
