GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following letter from Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, Sixth Circle, to the Chief Engineer, Public Works Department, dated Trichinopoly, 21st July 1883, No. 801 T.J.—(Through the Examiner, Public Works Accounts).:—

In G.O., No. 972 I., dated 2nd December 1882, an establishment is sanctioned to the Cauvery and Vennár Regulator Division. The pay of the Clerks is laid down as the average of the minimum and maximum of the pay of their class and grade; for example, the pay of the Head Clerk is Rs. 70, that is, the average of a third-class, second-grade Clerk drawing from Rs. 60 to 80.

2. In the Cauvery and Vennár Regulator Division all the Clerks are now drawing only the minimum of the pay of their class and grade, and they should, I consider, be entitled to draw increments. This, however, is disallowed in G.O., No. 2750 W., dated 23rd October 1882, (see paragraph 3 of the Examiner's Note). I can see no objection to Clerks in those temporary divisions drawing increments, and I have the honor to request sanction for them to do so on completing in the divisions a year's approved service.

3. Should, however, this not be allowed, I request that they may draw the average pay of their class and grade instead of the minimum of it as they are now drawing.

Endorsement on the above.

No. ⁵²²
S.E. 6

Forwarded to the Chief Engineer, Public Works Department, for favor of disposal, with the following remarks.

The following are the members of Office Establishment (clerks and draftsmen) at present employed in the Cauvery and Vennár Regulator Division:—

	RS.
1. Kudasawmy Pillai, Clerk, 3rd-class, 2nd grade, pay ...	60
2. T. R. Subba Row, Clerk, 4th-class, 2nd grade, temporary pay ...	30
3. Sivasankarbutt, Clerk, 4th-class, 3rd grade, pay ...	20
4. Sobramania Chetty, Draftsman, 1st-class, pay ...	62

Nos. 1, 3 and 4 are members of the permanent establishment and have been transferred to Cauvery and Vennár Regulator Division from other offices in their own grade and without any pecuniary advantage; and with reference to the accompanying copy of letter from the Accountant-General, Public Works Department, No. 375 E., dated 18th June 1883, there appears no objection to these drawing the annual increments of their grades, provided the requisite conditions are fulfilled.

No. 2 having been transferred to this division on promotion, and the men who have been appointed to fill the places of Nos. 1, 3 and 4 will not be entitled to any increment, with reference to G.O., No. 2750 W., dated 23rd October 1882, the pay of their appointments being fixed.

7th August 1883.

ENCLOSURE.

Copy of Letter from the Accountant-General, Public Works Department, to the Examiner of Public Works Accounts, Madras, dated 18th June 1883, No. 375 E.

In reply to your letter, No. 34 A., dated 23rd May 1883, I have the honor to state that promotion may be made within the sanctioned permanent and temporary scales, respectively, quite irrespective of whether the Accountants to be promoted are employed in permanent or temporary divisions. If it is convenient to employ a permanent Accountant in a division created temporary, he may be so employed under the provisions of Section 71 of the Civil Pension Code and retain his claim to promotion on the permanent scale, and a temporary Accountant may be employed in a permanent division in his stead.

2. A temporary Accountant engaged for general service in the Madras Presidency is eligible for Presidency allowances and house-rent under the usual conditions.

ORDER—dated 14th August 1883, No. 2262 W., Public Works.

The foregoing endorsement from the Examiner of Public Works Accounts will be communicated to the Superintending Engineer, Sixth Circle, for information and guidance.

No. 144.

READ—the following paper :—

From J. C. LARMINIE, Esq., Executive Engineer, in charge First Circle, to the Examiner, Public Works Accounts, dated Ellore Canal, 25th September 1882, No. 1462 G.D.

I have the honor to inform you that I have appointed an office establishment for the new Central Division. Of course it would not do to appoint new untried young hands to the higher clerks' posts, so consequently it has been necessary to fill these appointments by promotions from this office and from the Eastern, Western and Ganjam Division offices. To fill the vacancies so formed other promotions have been made, and young men have been appointed to fill the junior posts only.

The Central Delta Division is to be a temporary one, so the position of the permanent clerks transferred from other offices has to be definitely settled. While employed in the Central Delta they will rise in scale in the usual course, but should the Central Delta Establishment be at any time done away with will they, as I think they should, revert to the regular establishment in the grade *they may have attained to* in the Central Delta at whatever time it may be discontinued?

Again, should any of these transferred men become eligible for pension whilst employed in the Central Delta, the fact of being so employed on a temporary establishment must not be allowed to count in any way against their claims for pension. Both the above points should now be definitely settled, otherwise it will not be possible to obtain competent men to remain in the new appointments. The *newly* appointed men will be given to understand that their appointments are only temporary and carry no claim to pension.

No. 144-A.

No. 789 S.E., 1st.

Endorsement on the above.

Forwarded to the Secretary to Government, Public Works Department, for favor of early orders of Government.

2. The cases of the clerks transferred from other divisional offices to the Godavari Central Division may, it is thought, be brought under the provisions of Section 71 of the Civil Pension Code; the men newly appointed either in that division or in other offices in the places of clerks transferred, being considered temporary.

3. The salaries of appointments to which the men in the new division are appointed or transferred will be fixed, and they will not be entitled to annual increments of pay. Should the division be abolished there appears no objection to these clerks reverting to their substantive appointments on salaries they would have drawn *in their respective grades* had they continued in their appointments.

4. The men so transferred will count their services in the Central Division for pension, but not the additional allowances drawn by them, *vide* Section 123, Rule 1 of the Civil Pension Code.

Note by the Acting Chief Engineer for Irrigation.

In the above letters the Superintending Engineers, Second and Sixth Circles, apply for an office establishment in connection with the work to be carried out by the proposed Kistna Central Division and Cauvery and Vennar Regulator Divisions. It is recommended that, under the authority conveyed in the telegram from the Government of India, printed with Proceedings of Madras Government, No. 2213 W., dated 28th August 1882, the Superintending Engineers be authorized to appoint office establishments according to the scale laid down in Proceedings of Madras Government, No. 2592 W., dated 4th October 1882. And further that as the Superintending Engineer, Sixth Circle, in anticipation of the sanction of Government, has already made certain appointments, retrospective effect, from 1st instant, be given to the sanction now accorded.
