READ—the following papers:—

No. 216 M.D.

Report by the Superintending Engineer, Sixth Circle, on estimate for improving stables and godowns attached to the Sub-Collector's bungalow at Dindigul, Rs. 2,233.

The estimate was called for in G.O., No. 630 W., dated 27th February 1883.

1 Abstract Estimate.
1 Plan.

2. The roof of the building is carried on on Malabar trusses, several of which are bent and have sagged. All the rafters, purlins and wall-plates, as also uprights and horizontal pieces of trusses, are decayed by dry-rot, &c., and the roof has in consequence sagged to such an extent as to make the buildings very unsafe. It is therefore necessary to remove and re-roof it with an ordinary couple roof with palmyra rafters and junglewood reapers.

3. The walls are to be whitewashed, repaired, and raised where necessary to allow a slope of $1\frac{1}{2}$ to 1.

4. Several of the doors are in a very bad state; they are to be replaced by new ones with jambs and soffits built in brick in mortar to a length of $1\frac{1}{2}$ feet.

5. The portions enclosed by A, B, C, D, in plan being in excess of the requirements, it is to be demolished and the site cleared.

6. The estimate has the approval of the Collector, and is recommended for sanction.

7. The Superintending Engineer regrets much the great delay in the submission of this estimate; it ought to have been submitted at least three months ago, sickness and changes of officers and subordinates is the reason of the delay.

KODAIKANAL,
30th July 1883.

(Signed) H. R. MEAD, Lieut.-Colonel, R.E.,
Superintending Engineer, Sixth Circle.

From Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, Sixth Circle, to the Chief Engineer, Public Works Department, dated Kodaikanal, 4th August 1883, No. 224 M.D.

With reference to your No. 1414 C., dated 31st ultimo, directing me to execute, with the least possible delay, the necessary repairs to the out-buildings in the compound of the Sub-Collector's bungalow at Dindigul, I have the honor to report that an estimate for improving stables, &c., was submitted for the sanction of Government with my No. 216 M.D., dated 30th ultimo.

2. An application for funds is also being submitted for sanction.
3. As the work is emergent, I have instructed the Executive Engineer, Madura Division, to commence it in anticipation of sanction to the estimate.

ORDER—dated 14th August 1883, No. 2261 W., Public Works.

The estimate, amounting to Rs. 2,233, for improvements to the out-buildings of the Sub-Collector's bungalow at Dindigul, is sanctioned.

2. No funds being immediately available, the Superintending Engineer will propose a redistribution of budget credits in view to the early execution of the work.

3. This sanction has been registered as Provincial No. 90 W. of 1883-84 and classified as Civil Buildings, Original Works.
