GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following letter from D. C. GORDON, Esq., Examiner, Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 9th August 1883, No. 85 W. :—

I have the honor to bring to the notice of Government that charges appearing in the Civil Exchange Accounts in connection with the pay and allowances of Apprentice Overseers for periods subsequent to 30th April 1882 have been adjusted by me under the authority conveyed in G.O., Public Works Department, No. 3007 W., dated 14th November 1882.

From Comptroller-General, to Accountant-General, P.W.D., No. 916, 10th July 1883.

From Examiner, P. W. Accounts, to Accountant-General, P.W.D. No. 105 A., 21st July 1883.

From Accountant-General, P.W.D., to Examiner, P.W. Accounts, Madras, No. 609 G., 24th July 1883.

* Salaries of Apprentice Supervisors and Overseers attached to Godávari Eastern Division for Feb. 1882 paid in May 1882, Rs. 210.

House-rent of Apprentice Overseer Mr. C. J. Campbell for Oct. 1881 and Feb. 1882, at Rs. 17-8-0 per mensem paid in May 1882, Rs. 35.

Compensation for free quarters to Apprentice Overseers employed in the Sangam Project Division from August 1881 to March 1882 paid in June 1882, Rs. 297-3-8.

2. But it will be seen from the correspondence noted in the margin, copies enclosed, that the Accountant-General, Public Works Department, is of opinion that charges prior to the 1st March 1882, but paid subsequent to that period should also be accepted as a charge against the Public Works Department.

3. Under these instructions I have adjusted the items marginally * noted under suspense (Miscellaneous Advances) in my books for 1882-83, and beg that the necessary orders may be issued to enable me to adjust these and any similar charges which may be debited to this Department by the Civil Department against the grant for Establishment.

ENCLOSURES.

COPY of letter from the Comptroller-General to the Accountant-General, Public Works Department, No. 916, dated 10th July 1883.

I have the honor to submit, in original, a representation regarding the refusal of the Examiner of Public Works Accounts, Madras, to accept debits for certain charges.

2. The Examiner is clearly wrong, even under the order he quotes, in refusing debits for charges paid after 1st March 1882, but I send the case through you because I think the Examiner requires to be reminded that the duty of an officer of account is rather to see that charges are brought to account according to the principles of account laid down by Government than to strive to get some other department to relieve him of items which the Government of India have declared to be "purely Public Works charges."

COPY of letter from the Examiner, Public Works Accounts, Madras, to the Accountant-General, Public Works Department, dated 21st July 1883, No. 105 A.

With reference to letter, No. 916, dated 10th July 1883, from the Comptroller-General to your address regarding the refusal by me to accept certain debits in the Civil Exchange Accounts during the year 1882-83 in connection with the pay and allowances of Apprentice Overseers, copy of which was forwarded to me by the Accountant-General, Madras, in reply to the remarks in my objection statement on the Civil Exchange Accounts for June 1882, I have the honor to state as follows.

2. The Government of India having, in letter No. 754 G., dated 30th May 1882, decided that the civil pay and allowances of Apprentice Overseers were purely Public Works charges, *vide* G.O., Public Works Department, No. 1512 W., dated 16th June 1882 (copy enclosed), this office asked Government to intimate the date from which such charges were to be debitable to this Department.

3. Government in G.O., Public Works Department, No. 3007 W., dated, 4th November 1882, (copy enclosed), decided that the pay and travelling allowances of Apprentice Overseers might be accepted as a charge against the Public Works Department from the 1st March 1882.

4. Acting under these instructions this office rejected all charges appearing in the Civil Exchange Accounts on the above account for periods prior to that date, but the Accountant-General, Madras, contended that "as the charges were paid in the Civil Department subsequent to March 1882, they would seem to be properly debitable to the Public Works Department under G.O., No. 3007 W., dated 14th November 1882."

5. I have, upon the authority of the Comptroller-General's letter quoted in paragraph 1 above, accepted in my supplemental accounts for March 1883 such transactions as have appeared in the Civil Exchange Accounts in connection with the pay and allowances of Apprentice Overseers relating to periods prior to 1st March 1882 and have placed them under "suspense" pending your instructions on the subject with which I beg to be favored at an early date.

COPY of letter from the Accountant-General, Public Works Department, to the Examiner, Public Works Accounts, dated Madras, 24th July 1883, No. 609 G.

The Comptroller-General has brought to my notice that you have refused to afford credit to the Civil Department, Madras, for the charges marginally noted on the grounds that G.O., No. 3007 W., dated 14th November 1882, by the Government of Madras, ordered that the pay and travelling allowances of Apprentice Overseers should be accepted as a charge against the Public Works Department only from 1st March 1882.

2. The charges in question having been paid subsequent to March 1882, it appears to me that your action was not in order, even under the order you quote, in refusing to accept them, seeing that charges for March being payable in April, it was apparently the intention of the Madras Government that the payment made on this account in 1882-83, even though the liability occurred in March, should be debited to the Public Works Department. Again, I do not think that it could have been the intention of the Madras Government to require a portion of these charges to be debited to the Civil Budget and another portion to the Public Works Budget of the same year. But apart from this, I would point out that it is the duty of an officer of account to see that charges are brought to account according to the principle of account laid down by Government rather than strive to get some other Department to relieve him of such charges.

3. In the present case, the principles of account are clearly laid down in Government of India's No. 754 G., dated 30th May 1882, and under these orders I request that you will adjust the charges in question in your accounts for the year 1882-83.

ORDER—dated 18th August 1883, No. 2332 W., Public Works.

The Examiner, Public Works Accounts, is authorized to adjust the charges referred to against the Public Works grant.

No. 7. From A. B. SAMPSON, Esq., Under Secretary to the Government of India, Public Works Department, (General,) to the Secretary to the Government of Madras, Public Works Department, dated Simla, 10th August 1881, No. 1,045 G.

In reply to your letter No. 1,694 W. of 8th July 1881, I am directed to state that the pay of the next higher grade is given to Upper Subordinates appointed Inspectors of Apprentice Overseers from the Thomason College, the whole pay being chargeable to the College.

No. 8. ORDER THEREON, 2nd November 1881, No. 2703 W.

THE Honorable the Governor in Council is of opinion that the remuneration to an Upper Subordinate specially selected for superintending the training of Apprentices may be fixed at Rs. 50 per month.

2. It will be understood that this allowance will only be paid to men specially selected for the purpose, and not to those under whom Apprentices may be temporarily placed in the ordinary course of duty.

3. Under ordinary circumstances the number of subordinates entitled to this allowance will not exceed two, and provision for the amount required (Rs. 100 per month) will be made in the budgets of the Educational Department; but, owing to the recent increase in the Subordinate Establishment of the Public Works Department, the number of Apprentices during the next year will be abnormally large, and allowance for their instruction may be paid to four men.

4. The Chief Engineer will nominate the individuals selected for this duty, and fix the date from which the allowance will be paid in each case.

5. This order will have retrospective effect in the case of Sub-Engineer Conductor Milne, who will draw the allowance for the training of the Apprentices on the Sangam Project from the date (which should be reported) on which they were placed under his orders.

6. The following are the Apprentices for whom instruction will have to be provided, and provision made in the Educational Budget:—

Supervisors on Rs. 90 per mensum	5
Overseers, 1st grade	3
Do. 2nd do.	4
Do. 3rd do.	6

In addition to the above there are three Apprentice Overseers of the 1st grade, whose practical course expired in October of this year.

With reference to the Resolution of the Government of Madras, No. 2703 W., dated 2nd November 1881, ruling that provision for the civil pay of Apprentice Overseers and for the allowance of Rs. 50 per mensem to be granted to their Instructors shall be made in the Civil (Educational) Budget, I am directed to state that these are purely Public Works charges, and provision for them should be made in the Public Works Department Budget of the Madras Presidency. The Madras Public Works Department Code, Chapter II, paragraphs 172 and 179, should be altered accordingly.

2. I am to add that the expenditure incurred in the training of Apprentice Overseers in the Bengal Presidency is charged to the Thomason College, but the expenditure at that College is a Public Works charge.

No. 92.

Read—the following letter from D. C. GORDON, Esq., Examiner of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 7th November 1882, No. 136 W. :—

With reference to the previous correspondence on the subject of the pay and allowances of Apprentice Overseers and Apprentice Supervisors, I have the honor to request the favor of early and definite orders on the following points :—

(1.) Whether the pay and travelling allowance of the Apprentices concerned are to be finally accepted as a charge against the Public Works Department from 1st March 1882—*Vide* my letter, No. 72 W., dated 15th August 1882.

(2.) Whether the rates at which travelling allowances were admitted to the Apprentices in question in the Civil Department are to be accepted for the period they remained attached to the Civil Department. Attention on this point is drawn to the Government Orders quoted in the margin.

No. 673 W., dated 6th March 1882.
„ 1336 W., „ 29th May „

(3.) No definite scale of Apprentice Supervisors and Overseers has yet been laid down. It is necessary that this should be done at once, and orders of the Government of India thereon obtained—*Vide* paragraph 6 of my Office Note No. 285, dated 6th July 1882.

(4.) Two appointments * of Inspectors of Apprentice Overseers carrying remuneration of Rs. 50 per mensem require the confirmation of the Government of India—*Vide* paragraph 6 of my Office Note quoted above.

* G.O., No. 2703 W., dated 2nd Nov. 1881.

No. 93.

Order—dated 14th November 1882, No. 3007 W., Public Works.

The questions raised by the Examiner, Public Works Accounts, are replied to as follows :—

(1.) The pay and travelling allowances of the Apprentices concerned may be finally accepted as a charge against the Public Works Department from the 1st March 1882.

(2.) The rates at which travelling allowances were admitted to the Apprentices in the Civil Department may be accepted for the period they remained attached to the Civil Department. The orders of this Government quoted by the Examiner were confirmed by the Government of India in their letter, No. 1364 G., dated 6th October 1882, recorded in Proceedings of Government, No. 2722 W., of the 13th idem.

(3.) A definite scale of ten Apprentice Overseers per annum was fixed in G.O., No. 2733 W., dated 4th November 1881. The number of Apprentice Supervisors will be fixed at five, as per G.O., No. 2703 W., dated 2nd November 1881.

(4.) The confirmation of the Government of India will be requested to the action of this Government in sanctioning a remuneration of Rs. 50 per mensem to Apprentice Instructors.

Read—the following letter from G. H. W. WALKER, Esq., Officiating Under Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 10th January 1883, No. 65 G. :—

I am directed to acknowledge receipt of your endorsement, No. 3008 W., of 14th November 1882, submitting for confirmation copy of Proceedings regarding pay and allowances, &c., of Apprentice Supervisors and Overseers. Orders on questions (I) and (II) need no confirmation.

2. It appears, however, to the Government of India, as regards point (III), that the appointment of 5 Apprentice Supervisors and 10 Apprentice Overseers annually to the department is much in excess of the requirements of the Madras Presidency, the sanctioned scale of Upper Subordinates for which is 185. The number of such appointments must, therefore, be regulated by the number required to replenish the Upper Subordinate class without causing any inconvenient excess in that class. Moreover, care must be taken that in making appointments to the class of Supervisor each year promotions to this class from that of Overseer are not blocked.

3. With reference to point (IV), I am directed to state that you were informed in Public Works Department letter, No. 1045 G., of 10th August 1881, that the pay of the next higher grade is given in the Bengal Presidency to Upper Subordinates appointed Instructors of Apprentice Overseers; the proposal, therefore, to grant 50 per mensem to subordinates appointed for the same purpose in Madras would, in most cases, accord with the Government of India practice, and is unobjectionable.

2. The Government of India having in letter No. 764 G. d/30th May/1882 decided that the civil pay and allowances of Apprentice Overseers were purely Public Works charges vide G.O. + P.W.D No. 1512 W d/16th June/82 (copy enclosed) this office asked Government to intimate the date from which

The Comptroller General has brought to my notice that you have refused to afford credit to the Civil Department, Madras, for the charges marginally noted on the grounds that G.O. Salaries of Apprentice Supervisors and Overseers attached to Godavari Eastern Division for February 1882 paid in May 1882	Rs 210-0-0

2. The charges in question having been paid subsequent to March 1882, it appears to me that your action was not in order,

even under the order you quote, in refusing to accept them, seeing that charges for March being payable in April, it was apparently the intention of the Madras Government that the payments made on this account in 1882/83, even though the liability occurred in March, should be debited to the P. Again, I do not think that it could have been the intention of the Madras Government to require a portion of these charges to be debited to the Civil Budget and another portion to the Public Works Budget of the same year. But apart from this, I would point out that it is the duty of an officer of Account to see that charges are brought to account according to the principle of account laid down by Government, rather than strive to get some other department to relieve him of such charges.

3. In the present case, the principles of account are clearly laid down in Government of India's No. 754 G dated 30th May 1882, and under those orders I request that you

will adjust the charges in question in your accounts for the year 1882/83.
