READ—the following papers :—

No. 45 T.J.

Report to accompany the estimate, amounting to Rs. 2,040, for constructing a Police Station-house at Kornad, near Mayavaram, in the Tanjore District.

The estimate was called for by the Assistant Inspector-General of Police, and it has been countersigned by him.

- 1 Abstract Estimate.
- 1 Site Plan.
- 1 Land Statement.

2. The estimate has been prepared in accordance with Standard Design No. 2-A, Sheets Nos. 15 and 16, for tiled

roofing; a site plan is herewith forwarded; and provision for compensation has been made in the estimate, and the land will be acquired when the estimate is sanctioned and funds are allotted for the commencement of the work.

3. The rates are fair, and the work is recommended for execution.

4. The Assistant Inspector-General, in returning the estimate countersigned, states that "there is no probability of money becoming available for the Station-house during 1883-84," but that the estimate is returned countersigned with a view to Government sanction being obtained by the Public Works Department, to enable that Department to commence the work whenever funds become available.

5. The work should be completed in 8 months after sanction and allotment of funds.

TRICHINOPOLY,  
11th April 1883.

(Signed) H. R. MEAD, Lieut.-Colonel, R.E.,  
Superintending Engineer, Sixth Circle.

No. 835 C.

The undersigned has the honor to request that explanation may be afforded as to the excess in brick-work over the quantities allowed in the standard design and also as to the non-provision of flooring as laid down in the standard.

21st April 1883.

To the Superintending Engineer, Sixth Circle.

Under Secy. to Govt., P.W.D.

From Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, Sixth Circle, to the Chief Engineer, Public Works Department, dated Trichinopoly, 9th May 1883, No. 291 T.J.

With reference to your memorandum, No. 835 C., of 21st ultimo, I have the

honor to state that the excess in brick-work over the quantities allowed in the standard design is due to the increased depth of foundation from 2 to 3½ feet and the increased breadth to the foundation

and basement as will be seen from the enclosed plan.

2. Flooring the lock-up with square tiles over  $4\frac{1}{2}$ " concrete was considered sufficient; hence the flooring the lock-up with jelly and painting with a composition of asphalt and tar is not allowed in the estimate.

3. Should, however, the latter flooring be thought preferable, it can be done for the same cost, viz., Rs.  $7\frac{1}{2}$  a square.

ORDER—dated 19th May 1883, No. 1449 W., Public Works.

The estimate, amounting to Rs. 2,040, for constructing a Police Station-house at Kornad, near Māvavaram, in the Tanjore District, is sanctioned for execution when funds are available.

2. This sanction has been registered as Provincial No. 34 W. of 1883-84 and classified as Civil Buildings, Original Works.
