Superintending Engineer's Office,
2nd Circle, Camp Begunada.
10th August 1883.

From

The Superintending Engineer,
2nd Circle.

To

The Chief Engineer,
Public Works Department,
Madras.

Sir,

It is proposed to purchase
some old rails from the South Indian
Railway, to relay the Quarry Tramway,
at the Kallore Aicut.

2. The Executive Engineer has been
in communication with the Agent, South
Indian Railway, and has been informed,
that the rails to be sold are between
North Kolatur and Villapuram stations,
and at the Gingie Bridge on the Pon-
dicherry Branch.

3. Captain Henderson thinks that it
would be well for him to inspect the
rails before he agrees to purchase, so
that he may be satisfied that they are

not so much worn, as to be unfit for
use on the Tramway. I consider it
very desirable that Captain Henderson
should inspect the rails.

10. I therefore request your permission
for Captain Henderson to quit his Divi-
sion and travel on duty to the above
mentioned places.

5. The Executive Engineer states
that he will be absent from his
Division for 5 days.

I have the honor to be,
Sir,

Your most Obedt Servant.

J. W. Randall
Superintending Engineer,
2nd Class.
