4TH AUGUST 1883, No. 1663, FINANCIAL.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers :—

Proceedings of the Board of Revenue, dated 21st March 1883, No. 833.

ABSTRACT.—Reviewing and submitting to Government Local Fund Budget of Tanjore Circle for 1883-84.

Proceedings of the Board of Revenue, dated 2nd May 1883, No. 1231.

ABSTRACT.—Submitting to Government remarks of the Director of Public Instruction on the Local Fund Budget Estimate of the Tanjore Circle for 1883-84.

Proceedings of the Board of Revenue, dated 20th June 1883, No. 1787.

ABSTRACT.—Submitting to Government, with remarks, letter from President furnishing information on certain points noticed in Board's review of Local Fund Budget of the Tanjore Circle for 1883-84.

ORDER—dated 4th August 1883, No. 1663, Financial.

The estimated receipts and charges of the Tanjore Local Fund Circle for 1883-84 are compared below with the regular estimate for 1882-83 and the actuals for 1881-82 :—

RECEIPTS.

	Actuals, 1881-82.	Regular Estimate, 1882-83.	Proposed Estimate, 1883-84.
	RS.	RS.	RS.
Balances—

General Fund		54,440	19,170	..
Total		7,55,552	8,16,850	5,77,630

2. *Regular Estimate for 1882-83.*—The Land-cess collections according to the regular estimate are fair, representing 89 per cent. of the total demand, but the arrears which extend as far back as 1877-78 should be speedily adjusted. The source from which a sum of Rs. 748 shown under "7, Miscellaneous, (g) Miscellaneous," was expected should have been stated. In other respects, the regular estimate does not call for notice.

3. *Budget Estimate for 1883-84.*—The forecast of Land-cess collections for 1883-84 is satisfactory, the estimate amounting to 92 per cent. of the total demand. According to the Municipal Budgets of Tanjore, Mannargudi, and Kumbakonam, the Local Fund share of the Municipal revenue from Tolls amounts to Rs. 17,600, whereas the Circle Board have taken credit only for Rs. 17,260. The Tanjore Municipality has allotted Rs. 1,500 in the current year's budget as a Hospital contribution, but the Circle Board have taken credit only for Rs. 1,200. These discrepancies should have been explained. Under "Miscellaneous" the estimated receipts will be raised by Rs. 7,000, with reference to Board's Proceedings, 20th June 1883, No. 1787.

The proposed transfer of Fishery receipts to the General Fund is approved. With regard to this source of revenue the Government observe that the Board of Revenue have ordered the leasing of open river fisheries to be discontinued. The Board will submit copy of their Proceedings, dated 14th March 1882, No. 2242, Miscellaneous, as well as of the correspondence leading to the order.

4. Under Grant I, "New Works—Communications," eighteen works costing more than Rs. 1,000 each are proposed for execution. Of these all but one are taken from the previous year's budget. One is a sanctioned work, and estimates are promised for the rest. The rule that no work shall be commenced before the estimate has been sanctioned should be carefully borne in mind. It is proposed to invest Rs. 41,000 during the year on account of the Railway Guarantee Fund.

5. The assignment for educational purposes is approved, and the Government concur with the Board in the opinion that expenditure on account of H. R. H. the Prince of Wales' Medical School should be shown under Grant III, and not under Grant II. In order to avoid for the future the misapprehension which led the President to remark that the cost of Vaccine Inspecting agency "is just 50 per cent. of the district charges" for vaccination, the Board will be requested to adopt in future the term Sanitary Inspection. The former phrase is a palpable misnomer.

6. The remaining items of expenditure call for no remark.

7. With these remarks, the Right Honorable the Governor in Council passes the Budget Estimates of the Tanjore Local Fund Circle for 1883-84.

BOARD OF REVENUE, 21st MARCH 1883, No. 833.

PROCEEDINGS OF THE BOARD OF REVENUE.

READ—the following letter from H. E. STOKES, Esq., President, Local Fund Board, Tanjore, to the Secretary to the Board of Revenue, dated Vallam, 6th November 1882, No. 2254 :—

I have the honor to submit the Budget Estimate * of Receipts and Charges of Local Funds of the Tanjore Circle for 1883-84, accompanied by the prescribed statements † prepared with reference to Board's latest instructions contained in their Proceedings of the 21st August last, No. 2095.

REGULAR ESTIMATE FOR 1882-83.

2. For balances the audited figures furnished by the Accountant-General have been adopted in the regular estimate, and the variations between the figures of the regular and the budget estimates are explained in the column of remarks. The provision for Public Works Communications calls for some remark. The whole allotment made in the budget and in special sanctions has been retained, though it is not likely that it will be utilized in the execution of works budgeted for, and the reasons for this course are :—

- (1) That many roads have been damaged by the recent floods of June and July last. Estimates for repair to many of these roads have been already passed by the Local Fund Board, and funds have to be allotted by transfer for which applications will be made;
- (2) That some works included in the list of incomplete works have been struck off the list by the Board for want of funds, with the remark that they should be provided for by transfer from other works—Board's Proceedings, No. 1902, dated 31st July 1882;
- (3) That estimates for a few approach roads to ferries, not provided for in the current year's budget, have been just received, and it is hoped to complete the works during the year by utilizing the allotments of some budget works which will not be carried out. An abstract of the regular estimate is subjoined :—

	Road Fund.	Railway Guarantee Fund.	Endowment Fund.	General Fund.	Total.
<i>Receipts.</i>					
Balance on 1st April 1882	Rs. 1,40,180	Rs. 57,361	Rs. 1,82,925	Rs. 54,440	Rs. 4,34,906
Receipts during 1882-83	1,23,708	41,000	1,68,000	49,238	3,81,946
Total	2,63,888	98,361	2,50,925	1,03,678	8,16,852
<i>Expenditure during 1882-83.</i>					
Grant I	1,99,805	57,361	51,134	17,636	3,25,936
Do. II	..	..	6,060	19,982	26,042
Do. III	..	..	2,08,211	42,422	2,50,633
Do. IV	3,120	..	..	6,114	9,234
Total	2,02,925	57,361	2,65,195	86,154	6,12,145
Balance	60,963	41,000	85,730	17,224	2,04,707

BUDGET ESTIMATE FOR 1883-84.

3. *Receipts.*—The opening balance for the year is estimated at Rs. 2,04,700 as detailed in the above table and the receipts at Rs. 3,68,590, thus making a total of Rs. 5,73,290. The chief items that call for remark are noted below.

4. *Surplus Pound Fund.*—No provision is made under this head, as in the Special Fund Budget it is proposed to spend the whole surplus of the funds in improving the pounds in the district by substituting permanent enclosures for those of a temporary nature and furnishing the pounds with troughs and feeding racks—*vide* paragraph 4 of G.O., dated 28th October 1881, No. 1589, printed in Board's Proceedings, dated 14th January 1882, No. 84.

5. *Canal and Ferry Fund.*—There is no balance in the Special Fund Budget to be credited to Local Funds of this circle, as the Rs. 8,000 available for transfer has been allotted to the Negapatam Circle, where most of the works proposed for execution are situated.

6. *Fishery Rent.*—The leasing of open river fisheries having been ordered to be discontinued (Board's Proceedings, No. 2242, dated 14th March 1882), a sum of Rs. 3,500 only is entered as likely to be realized on account of collection of arrears and from the holders of leases which will not expire and are not expected to be relinquished during the year. This asset is usually credited to Road Fund; but as there is more than sufficient money to meet the charges of that fund, and as the General Fund is in great straits, it is proposed to transfer it to the General Funds in 1883-84.

7. *Land Cess.*—The current year's estimate is repeated almost without change. Compared with the regular estimate for the current year, there is an increase of Rs. 5,000 under "Collections," which is due partly to larger arrears and partly to the more active measures which are expected to be in operation for collecting the Government demand. The subjoined table exhibits the demand, collection, and balance (both arrears and current) for the year:—

		Demand.	Collection.	Balance.
	RS.		RS.	RS.
1882-83	...	1,67,000	...	4,000
1883-84	...	1,72,000	...	10,000
Arrears	...	20,700	16,700	4,000
Current	...	1,65,300	1,55,300	10,000
Total	...	1,86,000	1,72,000	14,000

8. *Tolls.*—There are no Local Fund Toll-gates in this circle, and the income under this head estimated at Rs. 17,260, is the third of the collections made in the under mentioned Toll-gates of the three Municipalities in the Circle.

Names of Municipalities.	Toll-gates.	Income per Annum.
Tanjore	On Road leading to Trichinopoly through Pillayarpatti and Vallam ...	RS. 1,800
	On Road leading to Trichinopoly through Vastadehavadi and Vallam ...	1,800

	Do. to Gajendramoksham ...	150
		10,500
	Total ...	51,780
	One-third ...	17,260

9. *Fees in Local Fund Schools.*—On the suggestion of the Inspector of Schools, the Local Fund Board have resolved to place all the existing Local Fund Schools on the same footing with those to be opened by the students that may pass out of the Normal School, Tanjore, in 1883-84, *i.e.*, to give the teachers reduced salaries, half grants and the fees collected in the institutions; school furniture being provided at the masters' own cost. There is therefore no provision made under this head in the budget.

10. *Contributions for the Midwifery School at Tanjore.*—The usual contribution of Rs. 1,200 is repeated—

From the Local Fund Board, Negapatam	...	RS. 800
" Máyaveram Municipality	...	100
" Tanjore do.	...	100
" Mannárgudi do.	...	200
Total	...	1,200

11. *Receipts from Endowments and Contributions, &c.—Educational, Rs. 20.*—This represents the amount of school fees expected to be collected in Chattram Schools.

12. *Hospitals and Dispensaries, Rs. 6,840.*—The Rs. 6,840 provided for under this head is made up as follows:—

(1) Transferred from the receipts of Mohanambalpuram Chattram under G.O., No. 2734, dated 21st November 1877, Financial Department	...	RS. 3,000
(2) Contribution from the Tanjore Municipality—G.O., 3rd September 1877, No. 2240	...	1,200
(3) Contribution from Provincial Funds, being the amount allotted for the maintenance of the Rajah-Mirassidar Hospital, Tanjore, in G.O.,* dated 5th October 1882, No. 1401 (Miscellaneous), Financial Department	...	2,640
Total	...	6,840

* Communicated in Board's Proceedings, dated 24th October 1882, No. 8197 (Miscellaneous).

Hitherto the Local Fund Board have had to contribute only Rs. 1,200 per annum from General Funds to the expenses of the Hospital, but in view of increasing its usefulness and making it suited for the clinical instruction of the pupils in the Medical School, the Surgeon-General has suggested increased provision. It is considered that the additional charge should fall on the Local Board and the Municipality jointly, and it is intended to address the Commissioners on the subject in view to their contributing a larger sum than they now do; meanwhile the full increase is provided in the present budget. A heavy estimate for repair of the building is also expected in the course of next year, but no provision can now be made for it.

13. *His Royal Highness the Prince of Wales' Medical School.*—The amount, Rs. 4,000, of interest on the invested capital is shown under this head. The payments by the Negapatam Local Fund Board and the Municipalities for students' stipends appear under "5, Contributions," Rs. 720.

14. *Choultries.*—The income of the thirty-two chattrams in the circle is estimated at Rs. 1,60,600 against Rs. 1,59,780 in the current year as detailed below:—

	1882-83.	1883-84.
	RS.	RS.
(1) Interest on funded capital	12,068	13,568
(2) Income from land	1,22,955	1,22,955
(3) Miscellaneous	24,757	24,077
Total ...	1,59,780	1,60,600

Item No. (1), interest on funded capital, exhibits an increase of Rs. 1,500 over the current year, which represents the interest for ten months, at 4 per cent. per annum, on Rs. 45,000, the investment of which has been sanctioned in the current year's budget. The small decrease of Rs. 680 under "Miscellaneous" does not call for any remark.

15. *Grant I, Public Works—(a) New Works, Communications—Expenditure.*—Eighteen new works have been provided for as detailed in Part I of Statement No. II-A. All these, excepting No. 18, are works entered in the current year's budget; and, as they are not expected to be completed or put in hand this year, they are proposed for the next year. The estimate for the first work has been already sanctioned. The estimates for the rest will be shortly ready. Work No. 18 is considered important and is therefore entered. The estimate for it will be submitted in due course. The Road Fund closes with a balance of Rs. 11,650, but the Local Fund Board hope to allot and spend it within the year. The preparation of estimates for works approved of and of which many have been entered in past budgets is so much in arrears that it is useless now attempting to allot the money or to decide what works shall be carried out next year.

16. *Civil Buildings.*—A provision of Rs. 6,780 is made for two main works and some petty works as detailed in Part I, Statement II-A. One of those two works, viz., the construction of the Dispensary building at Rajamadam, is entered in the current year's budget as Item No. 24; but as it is not likely to be executed during the current year, provision is made in the next year's budget. The estimate for this work will be submitted shortly. The other work is the construction of a drainage and three supplying sluices to the Velangulam Yeri (Tank) and is intended for the better irrigation of the chattram lands under it.

17. *Miscellaneous Public Improvements.*—It is not possible to make any provision for extension of avenue planting, funds not being available.

18. *(b) Repairs, Communications.*—The provision of Rs. 81,220 is the usual maintenance allotment of roads in the circle. Of this amount, Rs. 5,855 is to be placed at the disposal of the Public Works Department for the maintenance of roads along river banks.

19. *Civil Buildings.*—The provision under this head is Rs. 12,320. The chief works provided for are—

	RS.
(1) Repairing the Rajah-Mirassidar Hospital	2,000
(2) Shifting tiles and repairing the Chattram to the north of the Kasangulam at Patukōta	1,170

There is an allotment of Rs. 1,130 in the current year's budget for ordinary repairs of the Rajah-Mirassidar Hospital, but the provision is raised to Rs. 2,000 in the present budget. It is doubtful whether this sum will suffice.

20. *Miscellaneous Public Improvements.*—A reduced provision of Rs. 7,000 is made for the maintenance of road avenues.

21. *Establishment—Cost of Supervision by Public Works Department.*—The charge under this head is Rs. 1,350 at 23 per cent. on the proposed expenditure by the Public Works Department, viz., Rs. 5,855.

22. *Local Fund Engineering Establishment.*—Rs. 20,460 are provided for under this head with reference to Board's Proceedings, No. 2,361, dated 23rd September 1882, submitting the revised engineering scheme for the district for the sanction of Government.

23. *Tools and Plant.*—The estimate for this item, viz., Rs. 2,180, has been calculated at the reduced rate of $1\frac{1}{2}$ per cent. on the total outlay on Public Works.

24. *Road Fund Reserve.*—Rs. 10,360 is provided under Reserve calculated at 10 per cent. of the estimated receipts of the year.

25. *Purchase of Government Securities.*—Rs. 41,000, the estimated receipts of the current year in favor of the Railway Guarantee Fund, are provided for investment in Government Securities during the next year.

26. The total expenditure proposed under Grant I amounts to Rs. 2,20,580.

27. *Grant II, Education—(a) Payment for Inspection.*—A sum of Rs. 3,790 is provided for in the budget for payment for inspection. This amount consists of—

	RS.
(1) Contribution to Provincial Funds for the appointment of an additional Deputy Inspector of Schools, sanctioned in G.O., No. 951, dated 15th August 1882, communicated in Board's Proceedings, No. 6807, dated 2nd September following	1,500
(2) Salaries, &c., of four Inspecting Schoolmasters	2,290
Total ...	3,790

The existing staff of Inspecting Schoolmasters is maintained unaltered. The question of amalgamating the Inspecting Agencies of the Local Fund Board and the Municipalities in the circle, which was raised by the Inspector of Schools last year, is not yet settled.

28. *(b) Training Schools.*—The allotment for the maintenance of the Normal School at Tanjore, viz., Rs. 3,450, exhibits an increase of Rs. 120 on the current year's budget, which is due to increased provision made for the purchase of maps, books, &c.

29. *(c) Local Fund Schools.*—As all the Local Fund Schools are to be placed on a new footing (*vide* paragraph 9 *supra*), Rs. 4,650 are provided for in the budget for payment of reduced salaries and half results grants to teachers of these institutions. There is an increase of Rs. 310 on the figures of the regular estimate for the current year, and this is due to the fact that the Board expect about sixteen new schools to be opened by the students that may pass out of the Tanjore Normal School this year. For these new schools, a lump provision of Rs. 2,140 is made, as it is not now known where they will be opened. Twenty-four students are expected to pass out of the Normal School, but some will probably be absorbed in filling up vacancies in the staff of existing schools, and others will probably not have schools open throughout the entire year. It is considered therefore that the provision made is sufficient.

30. *(d) Chattram Schools.*—There are four schools in the circle maintained from Chattram Funds—

- (1) Sanskrit College at Tiruvādi.
- (2) Two Boys' Schools at Rajamadam and Oratanad.
- (3) One Girls' School at Nidāmalangam.

The provision for these institutions in the budget exceeds that of the current year by Rs. 280, which is made up as follows:—

(1) A third teacher* to the Rajamadam School at Rs. 7 per mensem ...	Rs. 90
(2) Stipends to three girls in the Nidamangalam School at one rupee each per mensem— <i>vide</i> G.O., No. 243, dated 30th July 1881 ...	40
(3) Excess allotment required for purchase of maps, books, &c. ...	150

* Copy of Local Fund Board's Resolution sanctioning this is enclosed.

31. *Results Grants.*—The Director of Public Instruction having brought to notice that the provision of Rs. 6,000 made in the current year's budget under this head is insufficient, and that it should be raised to Rs. 8,000, the Circle Board sanctioned the increase, and application for funds† has accordingly been made through the Director. The allotment of Rs. 8,000 is repeated in the budget of 1883-84.

† Since sanctioned by the Revenue Board—*vide* their Proceedings, dated 30th October 1882, No. 8305 (Miscellaneous).

The total expenditure proposed under Grant II amounts to Rs. 23,430.

32. *Grant III, Sanitation—Hospitals and Dispensaries.*—The particulars of the provision made for Hospitals and Dispensaries are detailed in Statement No. IV-A.

33. *Local Fund Dispensaries.*—There are three institutions of the kind in the circle maintained from General Funds, viz., those at Patukōta, Arantāngi, and Valam; and the provision made for their upkeep is Rs. 5,004 against Rs. 6,816 in the current year's budget. The decrease is due to the provision for medicines, diet of patients, &c., which was unnecessarily high in the current year's budget, having been reduced to the limit of the probable demand. Under Furniture and Sundries an increase of Rs. 228 is provided for on account of the travelling allowance and honorarium to be paid to the District Surgeon for inspecting the Dispensaries.

34. *Rajah-Mirassidar Hospital at Tanjore.*—A sum of Rs. 7,356 is provided for the maintenance of this institution. The Raj Hospital which was maintained hitherto from Provincial Funds at an annual expenditure of Rs. 2,640 and the Female Hospital for which alone provision has been made in the current year's budget are to be amalgamated and treated as one (*vide* G.O., 5th October 1882, No. 1401, Mis., Financial Department, communicated in Board's Proceedings, dated 24th idem, No. 8,197, Mis., and hence the increase. The scale of establishment sanctioned by Government in the order above quoted has been adopted. As recommended by the Surgeon-General and the Hospital Committee, Tanjore, due provision has been made under all the other items of charges in order to place this large institution on an efficient footing—*vide* paragraph 12 *supra*.

35. *Chattram Dispensaries.*—There are sixteen Dispensaries in the circle maintained from the proceeds of the endowed chattrams and for these a sum of Rs. 19,638 is now provided for against Rs. 20,114 in the current year's budget, thus exhibiting a net decrease of Rs. 476. This decrease is the result of a gross decrease of Rs. 1,764 under "Medicines" and "Diet of Patients," &c., counterbalanced by an increase of Rs. 580 under "Medical Subordinates" and of Rs. 708 under "Furniture and Sundries."

Increase under "Medical Subordinates."—Provision is made in the next year's budget at the increased rate of salary recently fixed for the Medical Subordinates, while in the current year's budget this increased rate is provided for only in the case of certain Dispensaries—*vide* Board's Proceedings, No. 8,289 (Mis.), dated 30th October 1882.

Increase under "Furniture and Sundries."—This is mainly due to provision being made for payment of travelling allowance and honorarium to the District Surgeon for the inspection of these Dispensaries, on account of which no provision is made in the current year's budget.

36. *His Royal Highness the Prince of Wales' Medical School.*—As the building is approaching completion, the Local Fund Board hope to start this institution during the next year; but the details of the establishment are not yet settled in correspondence with the Surgeon-General. It appears, however, that satisfactory arrangements

can be made to form a teaching staff within the amount of interest on the invested funds; and the charges for the establishment, &c., are, therefore, entered in Statement IV-A at Rs. 4,000 in the lump. Details will be reported in time to be entered in the printed budget. Provision is made for eleven students, Rs. 1,320.

37. *Vaccination.*—The current year's allotment remains unaltered. It suffices to provide batta at one rupee per diem to Deputy Inspector. From a recent reference* it appears that this rate will continue (*vide* G.O., 3rd September 1881, No. 1633, Financial Department).

38. *Sanitary Establishment—Cleansing Tanks and Wells.*—The provision made under this head is, as detailed in Statement No. IV-B, Rs. 10,870 against Rs. 21,410 in the current year's budget. There being no funds available under General Funds, the provision for sanitary, &c., expenditure, has to be reduced to 50 per cent. of the current year's provision. The bulk of the reduction falls on the scavenging establishments in villages. These establishments have to work almost without supervision, and are of very questionable benefit. At the utmost they only remove dry rubbish in the streets, and that not constantly or completely, leaving the backyards and house enclosures, whence danger arises, quite neglected. They are too weak to produce any real effect on the sanitary condition of the villages, and, when forced to retrench, the Local Fund Board think they cannot select an item which can better stand reduction. For sanitary works, such as the digging of tanks, sinking of wells, &c., Rs. 2,870 have been provided for in the lump to be allotted in detail in the course of the year.

39. *Chattrams.*—Rs. 1,47,690 is provided for the upkeep of chattrams against Rs. 1,80,880 in the current year's budget, thus showing a net decrease of Rs. 33,190 as detailed below:—

	1882-83.	1883-84.	Increase.	Decrease.
	RS.	RS.	RS.	RS.
1. Establishment	29,300	29,390	90	...
2. Contingencies	32,230	32,950	720	...
3. Feeding Travellers	74,350	74,350	...	...
4. Purchase of Government Securities ...	45,000	11,000	...	34,000
Total ...	1,80,880	1,47,690	810	34,000
Net ...	...	...	...	33,190

(1). *Establishment.*—Increase Rs. 90. An additional cook on Rs. 4 a month has been provided for the Kalliyamahall Chattram at Tiruvādi as sanctioned in Board's Proceedings, No. 4485, dated 7th August 1882, and the salary of the chattram clerk in the Tanjore Taluk has been increased by Rs. 3 (*vide* Board's Proceedings, No. 2624, dated 12th May 1882); hence the increase.

(2). *Contingencies.*—Increase of Rs. 720 is mainly due to provision being made in the budget for the payment of the monthly allowance of Rs. 50 † to a Kalliyamahall Lady (M. Subba Boyi Ammal) who, for some time past, has not been claiming the allowance.

† Sanctioned in G.O., dated 16th October 1875, No. 2048, Financial Department.

1. Vennār Chattram	Rs. 3,000
2. Sakwarambalpuram Chattram ...	2,500
3. Ramachendra Meta do. ...	2,500
4. Mohanambapuram do. ...	3,000
Total ...	11,000

Rs. 11,000 is provided for the purchase of Government Securities in favor of the marginally-noted chattrams ‡.

40. *Contribution to Provincial Funds.*—The charges of the General Fund exceed the ordinary income necessitating considerable adjustment in usual allotment;

and as the Local Fund Board will have next year a Medical School of their own in which subordinates for the care of their dispensaries will be trained, they consider that they should be exempted from the contribution to the Medical College at Madras. No provision is, therefore, made on this account. The usual provision is made for the vaccine supervising agency. The attention of the Board of Revenue is called to the fact that it is just 50 per cent. of the district charges.

41. The total charges proposed under Grant III is Rs. 2,08,100.

42. *Grant IV, Miscellaneous.*—A sum of Rs. 8,990 is provided for against Rs. 8,760 in the current year's budget. The only item that calls for any remark is the "Printing Charges," provision for which has been increased by Rs. 530 over the estimate for the current year with reference to the figures of the regular estimate.

43. The proposed expenditure under several grants is Rs. 4,61,100 as detailed below:—

Grant	I	...	...	...	...	...	...	...	...	Rs.
Do.	II	...	...	...	...	...	...	...	...	2,20,580
Do.	III	...	...	...	...	...	...	...	...	23,430
Do.	IV	...	...	...	...	...	...	...	...	2,08,100
										8,990
Total ...										4,61,100

44. For want of funds the general reserve has to be reduced to Rs. 2,510, and the General Fund will close without any balance.

45. The road map of the circle will be separately submitted to the Board of Revenue.

READ—the following letter from Deputy Surgeon-General M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated Cuddalore, 20th December 1882, No. 1257:—

I have the honor to report, for the information of the Board of Revenue, that a provision of only Rs. 10,870 has been made by the Local Fund Board, Tanjore, for the sanitary requirements of the circle for 1883-84 against Rs. 21,410 for the current year 1882-83. This is an enormous curtailment of the sanitary grant, very much to be deprecated. I do not see why, when there are no funds under "General Funds," sanitation should be made to suffer while the main source of income available for sanitary purposes is one-third of the land-cess, and in the instance under review there appears to be no falling off under this head. The income expected to be realised under the land-cess is, in fact, more than that for 1882-83.

2. The chief bulk of the reduction falls in the scavengering establishments in villages. It is proposed to employ conservancy establishments in only 14 towns and villages during the ensuing, against 36 in the current, year. I cannot agree with the President as to the reasons he assigns for making conservancy of towns and villages the victim of the retrenchment. In his covering letter to the Revenue Board he remarks—

"These establishments (conservancy) have to work almost without supervision, and are of very questionable benefit. At the utmost they only remove dry rubbish in the streets, and that not constantly or completely, leaving the backyards and house enclosures, whence danger arises, quite neglected. They are too weak to produce any real effect on the sanitary condition of the villages, and, when forced to retrench, the Local Fund Board think they cannot select an item which can better stand reduction."

3. This only shows how little conservancy is cared for in the district and what little attention is paid to it. As has been remarked by the Army Sanitary Commission, the fundamental sanitary measure required for all Indian towns is simply cleansing, and then constantly keeping clean; conservancy then, by which I mean the maintenance of an adequate scavengering establishment with efficient supervision for the removal of all street sweepings, contents of latrines, and rubbish heaps, &c., which form the foci

of sickness and consequent death, is of very great importance in the sanitary welfare of a district. The distribution of the allotment is as follows:—

	Rs.
Improvement of Water-supply	3,370
Scavengering Establishments	7,310
Sanitary arrangements during Fairs and Festivals	190
Total ...	10,870

4. I have again, as on two former similar occasions, to point out the absence of any provision for improvement of village sites.

5. The Vaccination grant is the same as that for the current year, viz., Rs. 3,900. It may be accepted, the establishment employed being adequate.

READ—the following letter from Surgeon A. J. STURMER, Secretary to the Surgeon-General with the Government of Madras, to the Secretary to the Board of Revenue, dated Madras, 21st December 1882, No. 6636:—

I have the honor, by desire of the Surgeon-General, to report to your Board that the sum set apart in Grant III of the 1883-84 Local Fund Budget Estimate of the Tanjore Circle for the maintenance of the dispensaries is adequate and calls for no remarks save in the item of "Medical Subordinate."

2. An allotment of Rs. 420 is made for the pay and allowance of each of the Medical Subordinates attached to the Minpessal and Ammapet Dispensaries. It should be increased to Rs. 780, being the salary of the First-class Hospital Assistants now in charge of the institutions in question.

3. The pay, &c., of the Second-class Hospital Assistant attached to the Pápanásam Dispensary should be increased from Rs. 420 to Rs. 540.

4. The current year's grant, viz., Rs. 600, is repeated for the salary of two Hospital Assistants (reserve) on Rs. 25 each per mensem for filling up temporary vacancies in the district.

5. No provision is made for contribution towards the expenses of the Medical College for reasons assigned in paragraph 40 of the President's explanatory letter to your Board.

ENCLOSURE No. 1.—Regular Estimate for 1882-83, Demand, Collection, and Balance of Land-cess, &c.

ENCLOSURE No. 2.—List of fixed Establishments.

RESOLUTION—dated 21st March 1883, No. 833.

The Local Fund Budget of the Tanjore Circle for 1883-84 is herewith submitted for the orders of Government.

2. *Regular Estimate for 1882-83—Receipts.*—The opening balance of the regular estimate agrees with the balance advised by the Accountant-General, and is distributed among the minor funds as shown below:—

	Rs.
Road Fund	1,97,541
General Fund	54,440
Endowment Fund	1,82,925
Total ...	4,34,906

Compared with the estimate, the balance shows an increase of Rs. 1,03,646 caused by the non-utilization of the allotments sanctioned for works in 1881-82. The matter has been noticed in paragraph 4 of Board's Proceedings, dated 25th October 1882, No. 2583. The receipts do not show any material variation from the budget figures. It is observed that the demand, collection, and balance statement of land-cess appended to the regular estimate is incomplete, in that it does not distinguish the amount appertaining to the Railway Guarantee Fund from the ordinary cess collections. Eighty-nine per cent. of the total land-cess demand, including current and arrears, is expected to be realized. The total assets are—

	RS.
Road Fund	3,62,249
Endowment Fund	3,50,925
General Fund	1,03,678
Total ...	8,16,852

3. *Expenditure.*—Under Communications Rs. 76,845 are provided for New Works and Rs. 1,03,707 for Repairs against Rs. 68,210 and Rs. 94,030 in the sanctioned budget. The figures will be altered respectively to Rs. 62,799 and Rs. 1,23,465 with reference to the latest allotments and transfers sanctioned by the Board and Government. The President notes that the balance (Rs. 2,700) of the allotment for Item No. 18 in Part II of the budget has to be placed at the disposal of the Public Works Department, as the repair of the road has been transferred to that agency. The Accountant-General is accordingly requested to make the transfer. The estimated outlay on Buildings and Works of a miscellaneous character are within the total allotments sanctioned in the budget and subsequently by the Board. Under Grant II, Rs. 750 are provided for payment to Provincial Funds on account of the Deputy Inspector of Schools sanctioned in G.O., dated 15th August 1882, No. 951. The allotment of Rs. 3,440 for the Tanjore Medical School is surrendered, as the school building is still under construction. The provision for Vaccine Inspecting Agency will be struck out, as it will not be required in the current year. The other items do not call for remark. The Regular Estimate, as revised by the Board, is as follows:—

Items.	Road Fund.	Endowment Fund.	General Fund.	Total.
	RS.	RS.	RS.	RS.
Grant I	2,61,782	51,134	17,636	3,30,552
Do. II	...	6,060	19,982	26,042
Do. III	...	2,08,211	40,472	2,48,683
Do. IV	3,120	...	6,414	9,534
Total ...	2,64,902	2,65,405	84,504	6,14,811
Receipts ...	3,62,249	3,50,925	1,03,678	8,16,852
Balance ...	97,347	85,520	19,174	2,02,041

These balances will be taken to the Budget of 1883-84.

4. *Budget Estimate, 1883-84—Statement I-A, Receipts.*—Nothing is entered on account of contribution from the Pound Fund and the Canal and Ferry Fund, because all the surplus pound collections will be utilized in repairing the pounds and in providing them with necessary appliances; and in regard to the Canal and Ferry Fund, the whole of the available amount has been transferred to the Negapatam Circle, where it is stated most of the works proposed for execution are situated. There is a large falling off in the receipts from Fisheries, as the Board, in their Proceedings, dated 14th March 1882, Miscellaneous No. 2242, were of opinion that the leasing of open river fisheries as a monopoly without legal provision should be discontinued. The amount entered is for arrears collection and for unexpired leases. Under Land-cess Rs. 1,72,000,

or 92 per cent. of the total demand, is expected to be realized against Rs. 1,67,000 in the current year. Tolls receipts (Rs. 17,260) are estimated to be less by Rs. 1,570 than those of the current year. No income is expected from school-fees, as it is proposed to let the Masters take them; but it does not appear why a different course is adopted in chattram schools. Under "Receipts from Endowments, &c.," credit is taken for a sum of Rs. 2,640 hitherto paid by Government for the upkeep of the Raj Hospital, and since ordered to be given to the Local Fund Board towards the cost of the Rajah-Mirasidar Hospital. The chattram receipts are expected to be Rs. 1,60,600 against Rs. 1,59,780 in the current year, the small increase being due to the interest on the additional investments in Government Securities made from savings. Nothing is entered under "7, Miscellaneous" on account of private subscriptions, but from the remark column of Statement II-A, Part I, it would appear that the villagers concerned have promised to contribute Rs. 4,000, half the cost of constructing a bridge over the Virasholanar on the cross road to join Road No. 48 from Madhiyarjunam to Veppattur, and Rs. 3,000 for the bridge over the Cauvery on road from Madhiyarjunam to Veppattur. The President is requested to state why these are omitted in Statement I-A. Owing to the inadequacy of the General Fund to meet its requirements, the Circle Board have transferred to it the receipts from Fisheries. The Board recommend the Circle Board's action for the approval of Government. The total receipts amount to Rs. 5,70,630 as shown below:—

	RS.
Road Fund	2,43,410
Endowment Fund	2,57,700
General Fund	69,520
Total ...	5,70,630

5. *Statement B, Expenditure—Grant I, Public Works.*—Rs. 37,910 are provided for "New Works, Communications," against Rs. 68,210 in the current years budget. Statement II-A, Part I, contains 18 works costing more than Rs. 1,000, of which 17 are brought forward from the current year's budget. One is a sanctioned work, and estimates are promised for the rest. Out of Rs. 6,780 entered under "Civil Buildings," Rs. 3,720 are for constructing a dispensary at Rajamadam. The tank works entered under this head will be transferred to "Miscellaneous Public Improvements." Rs. 81,220 are assigned for road repairs against Rs. 94,030 in the current year's budget. It is observed that the mileage allowance of the metalled road from Kumbakonam to Adirampatnam has been reduced from Rs. 800 to Rs. 400, and the maintenance grants of some other roads have also been lowered. Rs. 12,320 are allotted for the repair of buildings and Rs. 7,000 for the maintenance of avenues. With reference to G.O., Financial Department, dated 26th October 1882, No. 1582, Miscellaneous, the cost of the revised Local Fund Engineering establishment is fixed at Rs. 20,460, or Rs. 1,460 more than that entered in the current year's budget. Rs. 41,000, out of the collections of the Railway Guarantee Fund, are entered under Grant I for investment in Government Promissory Notes. The proportion debitable to the Road Fund of the cost of the Engineering establishment and of general management is respectively Rs. 16,640 and Rs. 3,960, and the charges will be so altered in the statement appertaining to that fund. The total Road Fund expenditure amounts to Rs. 1,94,230, leaving a balance of Rs. 49,180, of which that appertaining to the Railway Guarantee Fund is Rs. 42,400.

6. *Grant II—Education.*—As in the Regular Estimate, Rs. 1,500 are provided for payment to Provincial Funds to meet the cost of the Additional Deputy Inspector of Schools. The current year's provision for Educational Inspection is repeated. The slight increase under "Training Schools," Local Fund Schools, and Chattram Schools, of Rs. 120, Rs. 60, and Rs. 280, respectively, is fully explained by the President. The Director's remarks on this portion of the budget are awaited.

7. *Grant III—Medical and Sanitary, &c.*—The provision for the salaries of the Medical Subordinates attached to dispensaries will be altered to Rs. 9,840 as suggested by the Surgeon-General, who considers that the assignment for Hospitals and Dispensaries is in other respects adequate. The allotment included under Dispensary con-

tingencies for travelling allowance and honorarium to be paid to the Zillah Surgeon for inspecting the dispensaries will be struck out, as the latter has been disallowed and the former will be met from the provision of half per cent. of the receipts entered under Vaccine Inspecting Agency (G.O., Public Department, dated 22nd February 1883, No. 391). Detailed proposals for opening the Medical School at Tanjore are awaited. For Vaccination, the current year's figure is repeated, but the grant for Sanitation is reduced from Rs. 21,400 to Rs. 10,870. The Sanitary Commissioner animadverted on such large curtailment of funds, but the Board observe that the amount still provided is 16 per cent. of the General Fund assets, which is more than the 25 per cent. minimum of the amount available for sanitary purposes prescribed by Government. The allotment for Chattrams shows a decrease of Rs. 33,190, the reason being that a sum of only Rs. 11,000 is proposed to be invested out of the savings as against Rs. 45,000 in the current year. With reference to Board's Proceedings, dated 21st February 1883, No. 1573, Miscellaneous, a sum of Rs. 50 will be entered in Statement IV-A to meet the cost of the establishment attached to the Chattram at Lower Anicut, hitherto included in Statement IV-B and shown against Bandipettah near Naduthittu Vinayagan Teru. It appears that the chattram was built out of savings of the anicut estimate, and is very useful to travellers. Owing to the straitened condition of the General Fund, and to the fact of their opening a Medical School of their own, the Circle Board claim exemption from payment of contribution on account of excess charge of the Medical College at Madras. Government having ordered that the contribution should be continued till the local institution is sufficiently advanced to provide for local needs, a sum of Rs. 1,840 will be entered for the purpose. The President draws attention to the fact of the cost of "Vaccine Inspecting Agency" being 50 per cent. upon the charges for vaccination, but the sum entered under that heading includes the cost of the sanitary and other inspection referred to in G.O., No. 391, dated 22nd February 1883.

8. *Grant IV—Miscellaneous.*—The contribution for the Controlling Establishment will be raised to Rs. 4,000 with reference to Board's Proceedings, dated 17th June 1882, No. 1565. The General Reserve, calculated according to the rules, should be Rs. 5,030, but only Rs. 2,850 are available.

9. The annexed is an abstract of the budget as modified by the Board of Revenue:—

Endowment Fund		1,82,925	85,520	54,670
General Fund		54,440	19,170	..
Total		7,55,552	8,16,850	5,77,630

2. *Regular Estimate for 1882-83.*—The Land-cess collections according to the regular estimate are fair, representing 89 per cent. of the total demand, but the arrears which extend as far back as 1877-78 should be speedily adjusted. The source from which a sum of Rs. 748 shown under "7, Miscellaneous, (g) Miscellaneous," was expected should have been stated. In other respects, the regular estimate does not call for notice.

3. *Budget Estimate for 1883-84.*—The forecast of Land-cess collections for 1883-84 is satisfactory, the estimate amounting to 92 per cent. of the total demand. According to the Municipal Budgets of Tanjore, Mannargudi, and Kumbakonam, the Local Fund share of the Municipal revenue from Tolls amounts to Rs. 17,600, whereas the Circle Board have taken credit only for Rs. 17,260. The Tanjore Municipality has allotted Rs. 1,500 in the current year's budget as a Hospital contribution, but the Circle Board have taken credit only for Rs. 1,200. These discrepancies should have been explained. Under "Miscellaneous" the estimated receipts will be raised by Rs. 7,000, with reference to Board's Proceedings, 20th June 1883, No. 1787.

The proposed transfer of Fishery receipts to the General Fund is approved. With regard to this source of revenue the Government observe that the Board of Revenue have ordered the leasing of open river fisheries to be discontinued. The Board will submit copy of their Proceedings, dated 14th March 1882, No. 2242, Miscellaneous, as well as of the correspondence leading to the order.

4. Under Grant I, "New Works—Communications," eighteen works costing more than Rs. 1,000 each are proposed for execution. Of these all but one are taken from the previous year's budget. One is a sanctioned work, and estimates are promised for the rest. The rule that no work shall be commenced before the estimate has been sanctioned should be carefully borne in mind. It is proposed to invest Rs. 41,000 during the year on account of the Railway Guarantee Fund.

5. The assignment for educational purposes is approved, and the Government concur with the Board in the opinion that expenditure on account of H. R. H. the Prince of Wales' Medical School should be shown under Grant III, and not under Grant II. In order to avoid for the future the misapprehension which led the President to remark that the cost of Vaccine Inspecting agency "is just 50 per cent. of the district charges" for vaccination, the Board will be requested to adopt in future the term Sanitary Inspection. The former phrase is a palpable misnomer.

6. The remaining items of expenditure call for no remark.

7. With these remarks, the Right Honorable the Governor in Council passes the Budget Estimates of the Tanjore Local Fund Circle for 1883-84.

(True Extract.)

Acting Under Secy. to Govt.

To the Board of Revenue, with enclosures.
