GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following papers :—

Proceedings of the Board of Revenue, dated 6th March 1883, No. 643.

Abstract.—Submitting, for orders of Government, the Local Fund Budget of the Tinnevelly Circle for 1883-84.

Proceedings of the Board of Revenue, dated 6th June 1883, No. 1614.

Abstract.—Submitting to Government letters from President regarding estimated receipts from, and charges on account of, tolls in the Tinnevelly Circle for 1883-84.

Order—dated 6th August 1883, No. 1671, Financial.

The estimated receipts and charges of the Tinnevelly Local Fund Circle for 1883-84 are compared below with the regular estimates for 1882-83 and the actuals for 1881-82 :—

2. *Regular Estimate for* 1882-83.—The opening balance according to the regular estimate exceeds that of the sanctioned budget by Rs. 49,849, owing to short expenditure on Communications in 1881-82. Of the arrears under Land-cess, aggregating Rs. 45,370, it was expected that all but Rs. 1,000 would be collected within the year; but the estimate of current collections, amounting barely to 77 per cent. of the year's demand, is not equally satisfactory, and has probably been exceeded. In other respects the regular estimate, as submitted by the Board of Revenue, is approved.

3. *Budget Estimate for* 1883-84.—In the budget for 1883-84 the estimated receipts from Tolls will be raised to Rs. 30,000 with reference to Board's Proceedings, dated 6th June 1883, No. 1614. The transfer of Special Fund and Ferry receipts to the General Fund is approved. Under Grant I, provision is made for eight new roads, of which two are sanctioned works. As regards Item No. 3 a revised estimate has since been submitted and sanctioned—*vide* G.O., 20th April 1883, Mis. No. 813; while for the remaining works estimates are promised. The estimated cost of Item 4 is shown as Rs. 5,000 in Statement II-B, whereas the President gives it as Rs. 4,000 in paragraph 12 of his covering letter. The provision for road repairs is almost the same as that for 1882-83. With reference to paragraph 3 of the Board's Proceedings quoted above, the allotments for establishment, &c., under Tolls and Ferries,

and for contributions to Municipalities will be raised to Rs. 7,170 and Rs. 9,450, respectively. The Road Fund reserve and balance also require alteration with reference to the increased receipts estimated under Tolls.

4. The assignment for educational purposes falls considerably below the regular estimate in consequence of the Circle Board's proposal to pay a reduced rate of results grant during the year. The allotment will be allowed to stand pending the receipt of the usual letter from the Director of Public Instruction. Under Grant III the contributions for the Medical College and Sanitary Inspection will be raised to Rs. 1,150 in each case.

5. With these remarks the Right Honorable the Governor in Council passes the Budget Estimates of the Tinnevelly Local Fund Circle for 1883-84.

BOARD OF REVENUE, 6TH MARCH 1883, No. 643.

PROCEEDINGS OF THE BOARD OF REVENUE.

READ—the following letter from J. B. PENNINGTON, Esq., President, Local Fund Boards, Tinnevelly, to the Secretary to the Board of Revenue, dated 7th October 1882, No. 143:—

I have the honor to forward herewith the Local Fund Budget of the Tinnevelly Circle for 1883-84, together with regular estimate for the current year 1882-83, as well as the statements called for in the Board's Proceedings, No. 2095, dated 21st August last.

REGULAR ESTIMATE.

2. The receipts are estimated at Rs. 3,29,758 and the expenditure at Rs. 3,21,903, leaving a balance of Rs. 7,855 to be carried over as opening balance for the year 1883-84. As explained in my letter, No. 126, dated 2nd September 1882, Rs. 16,000 must be transferred to the General from the Road Fund to meet the increased expenditure on account of results grants. Almost all the arrears of last year (Rs. 11,160) have been paid during the last five months, and no certificates have as yet been issued for the current year. It being doubtful if the entire sum of Rs. 36,000 estimated in the above letter for results grants of the current year would be spent before the close of the year, only Rs. 28,000 has been provided. In fact, this arrangement was absolutely necessary in order to balance the accounts of this year, as there would be a deficit of about Rs. 4,000 in the General Fund if the full amount (Rs. 36,000) were provided.

3. The whole amount of the Road Fund Reserve, and almost all the General Fund Reserve provided in the current year's budget, having already been allotted, fresh sums of Rs. 8,000 and 2,000 are provided as reserves of the Road and General Funds, respectively, to meet the expenditure that may be necessary during the remaining seven months of the year.

BUDGET OF 1883-84.

4. *Receipts.*—The receipts are estimated at Rs. 2,19,440, against Rs. 2,82,520 in 1882-83. The decrease is due to the absorption of all available funds during the current year for roads, and also to meet the extraordinary demands on account of education.

5. *Fish-rent.*—Rs. 10,000 is provided with reference to the actuals of 1881-82 and to the demand of Fasli 1291.

6. *Land-cess.*—The cess on land is fixed at Rs. 1,75,000, or 5,000 less than in the current year. This has been fixed with reference to the demand of Fasli 1291, and to the probable collection of arrears as shown in the following abstract:—

	Demand.	Collections.
	Rs.	Rs.
Arrears	40,370	39,000
Current	1,70,000	1,36,000
Total ...	2,10,370	1,75,000

7. *Tolls.*—It has been proposed in this office letter, No. 123, dated 2nd September 1882, to establish Local Fund Tolls instead of the Municipal Tolls of Tinnevelly and Palamcottah and to pay fixed sums to the Municipalities, so that all the traffic to the Railway Station as well as that entering either of the towns may be taxed equally. Now the tolls of the two towns are leased out at Rs. 5,600 and 5,350, respectively. Assuming the number of carts escaping to be about the same as those which pay, the receipts from the proposed Local Fund Tolls, *minus* the cost of establishment, is estimated at Rs. 18,000. Deducting Rs. 9,150, payable to the two Municipalities as agreed upon, the net income to be expected by the Local Fund Board comes to Rs. 8,850; adding to this Rs. 1,000 expected from the Local Fund Tolls on the Sátúr Bridge, and Rs. 2,200, being the one-third share of tolls payable by the Tuticorin Municipality, the total income will be Rs. 12,050. I am unable to give any details of receipts and charges of the different toll-gates until the scheme is actually tried.

8. *Endowments.*—The receipts from endowments of dispensaries and of chattrams are the same as in the current year, viz., Rs. 730 and 2,770, respectively.

9. *Markets.*—The income from this item is calculated at Rs. 1,500, with reference to the actuals of last year and to the probable collection of fees in the markets newly opened this year.

10. The receipts from other items have been fixed with reference to the actuals. The items comprised in each case of "Miscellaneous" and "Public Works Receipts" are detailed in the remarks on the regular estimate of 1882-83.

11. *Expenditure.*—The expenditure under Road, General and Endowment Funds, including the Road Fund Reserve, is estimated at Rs. 2,15,270, as shown below :—

	RS.
Grant I	1,44,195
,, II	29,165
,, III	35,860
,, IV	6,050

12. *Grant I, Public Works.*—For Communications, the sum of Rs. 1,02,120 is provided—Rs. 40,000 for New Works and 62,120 for Repairs. The new works selected are detailed in Statement II A, Part I.

Items Nos. 1 *and* 3 are sanctioned works, and provision is made for their completion.

For No. 2, an estimate has already been submitted for sanction with my letter, No. 128, dated 2nd September last.

Item No. 4 is situated in the Sivagiri Zemindari. For making this road, which is essential for the convenience of the people in order to connect the town with its water-supply from a tank at the foot of the hills, the Zemindar offered to contribute half the cost and has already executed a portion of the earth-work. The probable cost is estimated at Rs. 4,000, and half of it (Rs. 2,000) is therefore provided.

Items Nos. 5 *and* 6.—It is proposed to complete Road No. IV as far as Tiruchendúr. In the portion entered as Item No. 5, the road has to be completely made, and it will be rather expensive; while in the other portion (No. 6), the present old road only requires some improvement to make it fairly passable.

Item No. 7.—This is a Railway feeder connecting the Tataparai Railway Station with the heart of the Srívaikuntham Taluk, the importance of which is much insisted upon by the Railway authorities and is obvious enough. Unfortunately, it would be very expensive to make a pucka road, and all we can do at present is to make the jungle streams fairly passable. It will join Road No. III at Vagaikulam.

Item No. 8.—This is a village road which, branching from Road No. II near Kotur Chattram and passing through Melapatam and Tirumalaikolundapuram, joins Road No. I D.

13. Estimates for Items Nos. 4 to 8 will be submitted as soon as they are ready.

14. The roads in the circle have now been surveyed, and their correct lengths ascertained. The Repair Budget, Part II, and its appendix are prepared accordingly. In a few cases, the rates of maintenance have been altered with reference to the

circumstances of each as ascertained by experience. Two bits of village roads and six cross-country roads, Nos. 98 to 105, have been newly included in the budget.

15. *Civil Buildings.*—No buildings can be undertaken, as the assets of the General Funds are inadequate, even for the upkeep of the existing avenues and maintaining hospitals and other sanitary outlay, as well as for educational requirements.

16. *Miscellaneous Public Improvements.*—As usual, Rs. 6,000 is provided for the up-keep of avenues.

17. Of the grant for repairs of communications, Rs. 2,987 appertain to roads on the banks of irrigation works, and Rs. 45 is provided at $1\frac{1}{2}$ per cent. on the above for tools and plant, with reference to the Board's Proceedings, No. 1809, dated 18th July 1882.

18. The cost of the Local Fund Engineering Establishment is calculated at Rs. 19,300, including Rs. 1,000 for contingencies, against Rs. 18,640 in the current year's budget. The increase is due to the increase in the Engineer's salary from 550 to 600 and to the addition of the pay of an Assistant Accountant employed in his office.

19. *Tools and Plant.*—One per cent. on the outlay proposed to be carried out by the Local Fund Engineer is provided.

20. *Grant II.*—The cost of education is estimated at Rs. 29,165, which is equal to one-sixth of the land-cess collected. Rs. 1,750 has been provided for inspection as detailed in the margin, against Rs. 1,300 in the current year, the increase being due to provision having been made for two Inspecting Schoolmasters as well as for the half contribution towards the cost of the Additional Deputy Inspector of Schools and his staff, instead of for a Sub-Inspector and one Inspecting Schoolmaster in the current year. The remainder, or Rs. 27,415, has been assigned for Result Grants with reference to the recent resolution of the Sub-Committee and of the Local Fund Board (*vide* my letter, No. 126, dated 2nd September last). The Mahomedan School at Sankaranainárkoil having been abolished, no provision is made for a Salary Grant on that account.

	RS.
Two Inspecting Schoolmasters at Rs. 65 a-month	780
Travelling allowance to do.	220
Half contribution to the pay of Additional Deputy Inspector and his staff.	750
Total ...	1,750

21. *Grant III—Dispensaries.*—The cost of maintaining the endowed and unendowed dispensaries is estimated at Rs. 6,835, or Rs. 1,635 over the current year's grant. The increase is due to provision having been made for Apothecaries instead of Hospital Assistants, and for the Idaiyangudi Dispensary, which has been brought under the direct control of the Local Fund Board. The particulars of the allotment for the various dispensaries are given below :—

—	Endowed Dispensaries.					Unendowed.		Total.

Total ..	867	895	1,132	1,120	845	1,005	851	6,835

22. Charge allowances are provided for the Civil Apothecaries at Sankaranainárkoil and Srívaikuntham, as well as for the Hospital Assistant attached to Idaiyangudi. Rs. 875 is provided for Miscellaneous and Contingencies, &c., against Rs. 380 in the current year, which is owing to the cost of medicines purchased locally being shown under this item and not against the allotment for "Medicines and Surgical Apparatus," in which the cost of such articles and medicines as are supplied from the Medical Stores only are entered.

23. *Vaccination.*—Rs. 4,810 is allotted, as provided in the current year. The particulars of this sum are given in the following table :—

Particulars of the Staff.	Amount.
	RS.
One First-class Deputy Inspector of Vaccination	840
Three First-class Vaccinators at Rs. 18 each	650
Three Do. do. at Rs. 15 each	540
Ten Second-class Vaccinators at Rs. 10 each	1,200
Twelve Probationers at Rs. 7 each	1,010
One Peon at Rs. 6	70
Batta to mothers of vaccinated children	60
Travelling allowance to Deputy Inspector	180
Extra pay to Vaccinators	100
Contingencies	160
Total ...	4,810

24. *Sanitary Establishment.*—Rs. 11,475 is allotted, against Rs. 17,000 in the current year. The decrease is chiefly due to the reduction of Rs. 6,000 to meet the extraordinary demand for education. The details of Rs. 11,475 are given in Statement IV-B. The present allotment for village sanitation comes to 17 per cent. on the General Fund assets of the year.

25. *Markets.*—The sum of Rs. 1,140—Rs. 140 for establishment and 1,000 for contingencies—has been provided. The Local Fund Board has called for estimates for putting fences round the market places, and for erecting shed, &c., and to meet the cost of such improvements the above sum is provided.

26. *Chattrams.*—The expenditure is estimated at Rs. 3,500, or Rs. 30 in excess of the current year's allotment. The increase is due to the appointment of a sweeper in the chattram at Vaippar.

27. An appropriation of Rs. 3,150 is made from the General to the Endowment Fund, as the receipts of the latter are less than the expenditure.

28. *Bungalows.*—Rs. 180 is provided as in the current year.

29. *Contributions.*—Rs. 6,630 is allotted against Rs. 8,090 in the current year. The contribution to the Idaiyangudi Dispensary has been entirely omitted, while that to the Palamcottah Hospital is reduced from Rs. 660 to 300, with reference to the actual net charge of the institution debitable to the Municipal Funds; whilst the contribution to Nazareth and Megnanapuram Dispensaries have been raised respectively from 500 to 700 and 100 to 200 rupees. Hence the net decrease of Rs. 1,460.

30. *Grant IV.*—Rs. 6,050, or Rs. 50 less than the current year's alltment, is assigned. The decrease is due to provision having been made for the two-third share of the salary of a single auditor.

31. The assets of the General Fund being less than the expenditure, owing chiefly to the increased allotment for education, Rs. 3,000 had to be transferred from the Road Fund to meet the deficit. Hence there is no general reserve and the balances are quite nominal, viz., Rs. 3,385 and 785 under Road and General Funds, respectively.

32. The road map received from the Board's Office is herewith returned with the necessary corrections.

READ—the following letter from Deputy Surgeon-General M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated Madras, 30th November 1882, No. 1166 :—

I have the honor to report, for the information of the Board of Revenue, that the Local Fund Board of Tinnevelly have made a provision of only Rs. 11,475 for the sanitary requirements of the circle for 1883-84 against Rs. 17,250 for the current year. This gives a percentage of 19·6 on available income, and is 9·1 per cent. less than in 1882-83. The Local Board propose to distribute the allotment as follows :—

	RS.
Improvement of village sites	6,000
Scavengering establishments	4,350
Sanitary arrangements during fairs and festivals	1,125
Total ...	11,475

2. Forty-nine towns and villages will have conservancy establishments employed in them. The President remarks that the great reduction of nearly Rs. 6,000 in the sanitary allotment was made to meet the "extraordinary demand for education." Here is an instance, as observed in my letter, No. 1009, dated 13th November, where sanitation is made to suffer to the advantage of another object; and this "extraordinary demand for education" is to be satisfied chiefly at the expense of "improvement of water-supply" and "village sites"—two of the most important objects of sanitation. I must take exception to such curtailment of the sanitary grant.

3. The Vaccination grant is the same as that for the current year, and may be accepted. The establishment employed appears to be ample.

READ—the following letter from Surgeon A. J. STURMER, Secretary to the Surgeon-General with the Government of Madras, to the Secretary to the Board of Revenue, dated Madras, 7th December 1882, No. 6391 :—

I have the honor, by desire of the Surgeon-General, to report to your Board that the allotment made in Grant III of the 1883-84 Local Fund Budget Estimate of the Tinnevelly Circle for the maintenance of the seven dispensaries, including the

hospital at Idaiyangudi, which is said to have been brought under the direct control of the Local Fund Board, is adequate and calls for no remarks save in the item of "Medical Subordinate."

2. The three-fourths of the salary of the Civil Apothecary in charge of the Virudupati Dispensary should be increased from Rs. 450 to Rs. 620, as he will be entitled to charge allowance of Rs. 25 per mensem from July next.

3. A sum of Rs. 420 is provided for the pay of the 2nd-class Hospital Assistant attached to the Idaiyangudi Dispensary. It should be raised to Rs. 540, as the subordinate in question is entitled to charge allowance of Rs. 10 sanctioned in G.O., No. 191, dated 29th March 1882, Public Department.

	Rs.
Pay	35
Charge allowance	10
	$45 \times 12 = 540$

4. Rs. 1,040 are entered as contribution towards the expenses of the Medical College.

RESOLUTION—dated 6th March 1883, No. 643.

The Local Fund Budget of the Tinnevelly Circle for 1883-84 is submitted for the orders of Government.

REGULAR ESTIMATE FOR 1882-83.

2. *Statement I-A, Receipts.*—The opening balance adopted by the President accords with the closing balance of 1881-82, advised by the Accountant-General. It is distributed among the minor funds as hereunder:—

	Rs.
Road Fund	1,13,919
Endowment Fund	1,070
General Fund	8,460
Total ...	1,23,449

The large increase under the Road Fund compared with the estimate is due to short expenditure on communications in 1881-82, owing to scarcity of water and want of sanctioned estimates as explained in the report for that year (Board's Proceedings, dated 8th November 1882, No. 2717). The income from the *Cess on land* is for no very satisfactory reason estimated at Rs. 1,75,000, that is, 81 per cent. of the total demand (arrears and current), against 83 per cent. anticipated in the budget. *Tolls* are expected to bring in Rs. 6,000, against Rs. 5,000 in the sanctioned budget, owing to larger collections by the Municipalities which contribute to Local Funds a share of their receipts under this head. The variations in the other items of receipt are not important, and are explained in the Remark column of the regular estimate. By G.O., dated 18th November 1882, Mis. No. 1710, the receipts from what were hitherto known as "Special Funds" were ordered to be transferred to the General Fund. The amount of such receipts being only Rs. 11,700, the President's entry of Rs. 16,000 will accordingly be altered. The total assets are—

	Rs.
Road Fund	2,38,039
Endowment Fund	6,040
General Fund	85,680
Total ..	3,29,759

3. *Statement I-B, Expenditure.*—The outlay on "New Works—Communications" is given as Rs. 71,590, against the budget estimate of Rs. 40,190, the increase having been allotted by the Board mostly for the incomplete and uncommenced works of

1881-82. Under "Civil Buildings," the provision for the chattram at Maniyáchi was transferred to Results Grants by Board's Proceedings, dated 13th October 1882, No. 2497. The assignments for repairs under "Communications," "Civil Buildings" and "Miscellaneous Public Improvements," are all within the amounts sanctioned by the Board. The President's proposal to add to the Road Fund Reserve is opposed to the instructions issued in Board's Proceedings, dated 21st August 1882, No. 2095, and the amount entered against this head will accordingly be struck out. For the adjustment of famine expenditure, the budget figure, Rs. 52,330, is repeated, but as only Rs. 37,411 are due from this circle (Board's Proceedings, dated 20th November 1882, No. 2842), the difference will be transferred to the balance. Under Grant II, the assignment for Results Grant has been raised from Rs. 20,000 to Rs. 40,000 for the reasons explained in Board's Proceedings, dated 13th October 1882, No. 2497. Under Grant III, the provision for "Vaccine Inspecting Agency" will be struck out, as the scheme of Assistant Surgeons will not be brought into operation in the current year. The reserve provided under the General Fund will be struck out, as only a small balance is left. The variations in the other items of expenditure are explained by the President and do not call for special notice. The following is an abstract of the regular estimate of charges as revised by the Board:—

BUDGET ESTIMATE FOR 1883-84.

4. *Statement I-A, Receipts.*—As in the regular estimate, the collections under *Land-cess* are put down at Rs. 1,75,000, which is 83 per cent. of the total demand. Under the new scheme of tolls administration sanctioned in G.O., dated 18th January 1883, Mis. No. 99, the Circle Board expect to double their present income from this source. Hence Rs. 12,000 are entered under this head. Rs. 1,500 are expected from *Market-rents*, which should be entered under "6, *Receipts from Endowments, &c.*" The President is requested to explain why no balance is brought forward in favor of markets in Statement No. IV. According to the Report for 1881-82, the balance at the close of the year was Rs. 2,122. Adding the current year's receipts (Rs. 1,500)

and deducting the expenditure of Rs. 320, the next year's opening balance should be Rs. 3,302. The General Fund assets being insufficient to meet its requirements, the Circle Board have transferred to it Rs. 3,000 from the Road Fund. Even with this appropriation, there is no reserve or balance. The Board have, therefore, subject to the approval of Government, credited the General Fund with the receipts from *Pound Fund*, *Ferries* and *Fisheries* as in the current year. The assets under the several minor funds are then as follows:—

	Rs.
Road Fund	1,62,900
Endowment Fund	5,000
General Fund	77,550
Total ...	2,45,450

5. *Statement I-B, Expenditure—Grant I, Public Works.*—Under "New Works—Communications," Rs. 40,000 are provided for eight works (Statement II-A, Part I). Of these, Items 1 and 3 are sanctioned works, and are taken from this year's budget. The estimate for the first work sanctioned in G.O., dated 8th November 1881, No. 2763-W, amounts to Rs. 17,400. Deducting the computed outlay up to 31st March 1883, the amount remaining to be spent on the work is Rs. 7,400, whereas the President has provided an allotment of Rs. 12,850, the estimate for the work being shown as Rs. 22,850 in Column 4 of Statement II-A. The correct amounts will be entered, and the President will apply for additional allotments, if it is in contemplation to submit a supplemental estimate for the work. The estimated cost of the 3rd item is also incorrectly shown as Rs. 21,500, instead of Rs. 26,700 sanctioned in G.O., dated 9th August 1881, No. 1964-W. The estimate for the second item was returned for revision with Board's Proceedings, dated 3rd October 1882, Miscellaneous No. 7618, and estimates for the other works in the list are promised. The allotment for Road repairs is Rs. 62,120, hardly varying from the amount of the current year, and Rs. 6,000 are assigned for the maintenance of avenues. The cost of the Local Fund Engineering Establishment is put down at Rs. 18,300, against Rs. 18,640 in the current year's budget; and Rs. 1,000 are provided for Public Works contingencies. The Road Fund Reserve at 10 per cent. of the receipts is Rs. 12,970, and that amount will be substituted for the President's figure. Rs. 200, payable to the Karakurichi Mittadar for quarrying on his land for gravel and metal are entered under the head of "Contributions." The share of the cost of general management chargeable to the Road Fund should be Rs. 4,020. The total expenditure under the Road Fund is Rs. 1,33,800, leaving a balance of Rs. 29,100.

6. *Grant II, Education.*—Government having, in G.O., Financial Department, dated 29th May 1882, No. 476, Miscellaneous, sanctioned a third Deputy Inspector from Provincial Funds for the Tinnevelly Circle on the understanding that half the cost is borne by this Circle Board, Rs. 750 are provided for the purpose. The amount will be shown against "Contribution to Provincial Funds." Rs. 1,000 are allotted for paying the two Inspecting Schoolmasters in the circle; and Rs. 27,420 are assigned for payment of "Results Grants," against Rs. 20,000 in the current year's budget and Rs. 40,000 in the regular estimate. It is expected that the amount provided will suffice to pay the reduced rate of grants which the Local Fund Board propose to give next year. The Government have been already addressed on this subject (*vide* Board's Proceedings, No. 406, dated 13th February 1883).

7. *Grant III, Medical and Sanitary.*—Rs. 6,835 are provided for "Hospitals and Dispensaries" against Rs. 5,200 in the current year, the increase being due to the Mission Dispensary at Idayangudi having been transferred to the direct management of the Local Fund Board under G.O., Financial Department, dated 27th September 1882, No. 1378, Miscellaneous, and to the substitution of Civil Apothecaries to the charge of some of the dispensaries in lieu of Hospital Assistants. The amount will be further raised to Rs. 7,120 as suggested by the Surgeon-General. The receipts of the endowed dispensaries being only Rs. 730 while the charges amount to Rs. 5,030,

the difference will be transferred from the General to the Endowment Fund, and the transactions of the institutions will close with *nil* balances. For Vaccination, the current year's figure is repeated. The allotment for "Sanitation," though much less than the amount assigned for the purpose in the current year's budget, is 15 per cent. of the General Fund assets and 20 per cent. of the General Fund share of the land-cess collections. Though the Sanitary Commissioner thinks the allotment insufficient, yet, considering the state of the General Fund, and the other claims upon it, it is impossible to increase the grant, which is a very fair one in the circumstances. The contribution to the "Medical College" and provision for "Vaccine Inspecting Agency" will be altered to Rs. 1,060 each.

8. *Grant IV, Miscellaneous.*—The entries under this grant do not call for remark.

The General Reserve should be Rs. 7,690, but only Rs. 6,370 are available, and no balance is left.

9. The following is an abstract of the budget as modified by the Board:—

2. *Regular Estimate for* 1882-83.—The opening balance according to the regular estimate exceeds that of the sanctioned budget by Rs. 49,849, owing to short expenditure on Communications in 1881-82. Of the arrears under Land-cess, aggregating Rs. 45,370, it was expected that all but Rs. 1,000 would be collected within the year; but the estimate of current collections, amounting barely to 77 per cent. of the year's demand, is not equally satisfactory, and has probably been exceeded. In other respects the regular estimate, as submitted by the Board of Revenue, is approved.

3. *Budget Estimate for* 1883-84.—In the budget for 1883-84 the estimated receipts from Tolls will be raised to Rs. 30,000 with reference to Board's Proceedings, dated 6th June 1883, No. 1614. The transfer of Special Fund and Ferry receipts to the General Fund is approved. Under Grant I, provision is made for eight new roads, of which two are sanctioned works. As regards Item No. 3 a revised estimate has since been submitted and sanctioned—*vide* G.O., 20th April 1883, Mis. No. 813; while for the remaining works estimates are promised. The estimated cost of Item 4 is shown as Rs. 5,000 in Statement II-B, whereas the President gives it as Rs. 4,000 in paragraph 12 of his covering letter. The provision for road repairs is almost the same as that for 1882-83. With reference to paragraph 3 of the Board's Proceedings quoted above, the allotments for establishment, &c., under Tolls and Ferries,

and for contributions to Municipalities will be raised to Rs. 7,170 and Rs. 9,450, respectively. The Road Fund reserve and balance also require alteration with reference to the increased receipts estimated under Tolls.

4. The assignment for educational purposes falls considerably below the regular estimate in consequence of the Circle Board's proposal to pay a reduced rate of results grant during the year. The allotment will be allowed to stand pending the receipt of the usual letter from the Director of Public Instruction. Under Grant III the contributions for the Medical College and Sanitary Inspection will be raised to Rs. 1,150 in each case.

5. With these remarks the Right Honorable the Governor in Council passes the Budget Estimates of the Tinnevelly Local Fund Circle for 1883-84.
