READ—the following letter from C. VINCENT, Esq., Officiating Consulting Architect to Government, to the Chief Engineer for Irrigation, dated Chepauk, 3rd August 1883, No. 179:—

In G.O., No. 1552 W., of June 4th, Government was good enough, on your recommendation, to sanction a charge allowance to me pending the completion of the Pálár Anicut Estimates. Writing on May 14th, I said I hoped to complete the work within one month, but its completion has, I am sorry to say, taken somewhat longer than I anticipated, and the Examiner requests that the sanction of Government may be obtained to enable him to pass the allowance after June 14th. I have the honor to request, therefore, that you will be good enough to move Government to sanction the allowance until the completion of the work. The whole of the plans and estimates are absolutely finished, and I have sent the necessary figures to Mr. Wilson to enable him to prepare the forecast statements.

No. 55 E.W.

Forwarded to the Chief Engineer, Public Works Department, with a recommendation that Mr. Vincent may be allowed to draw the charge allowance until the completion estimates of the Pálár Anicut System have been submitted.

READ—the following letter from C. VINCENT, Esq., Officiating Consulting Architect
to the Government of Madras, to the Chief Engineer for Irrigation, dated
Chepauk, 14th May 1883, No. 174:—

I have the honor to bring to your notice that I am informed by the Examiner
that, under Exception (3), Section 36, of the Acting Allowance Code, I am entitled
to draw an extra allowance of Rs. 100 a-month for holding charge of the D. Project
Division, in addition to my duties as Officiating Consulting Architect, provided
Government be pleased to sanction the same.

2. I should be greatly obliged, therefore, if you would recommend the sanction
to Government. The charge of the D. Project Division in addition to my other duties
may fairly be described as temporary, as the submission of the Pálár estimates, which
will close my work in that division, will not be delayed, I hope, beyond a month from
the present date. I am now awaiting Mr. Wilson's financial statements.

No. 36 E.W.

Forwarded to the Chief Engineer, Public Works Department, with a recommen-
dation that the requisite sanction may be obtained to allow Mr. Vincent to draw the
charge allowance claimed.
