3. The number of cases pending at the end of last month according to the return for that month differs from the figures entered in the present statement. The difference occurs in the statements from the Sub, Head Assistant, and Temporary Deputy Collectors.

The Sub-Collector explains that certain cases being paid in March but retained in that month's statement are now struck off, that some erroneously entered in Statement II for that month have been now transferred to Statement I, and that some erroneously omitted from Statement II for March are now brought to account.

The Head Assistant Collector's explanation is, that one case which is now brought to account was omitted in previous statements, and that, on remeasuring lands, certain alterations have become necessary.

The Temporary Deputy Collector's explanation as to the discrepancies in his figures is awaited.

4. Of the 739 cases shown as pending at the end of the month, bills, &c., have been sent from this office for 532 cases as shown below :—

Sub-Collector ..	180
Head Assistant Collector ..	205
General Deputy Collector ..	7
Temporary Deputy Collector ..	140
Total ...	532

Of the rest (207):—

Total ...	207

ENCLOSURES Nos. 1 to 4.—Four sets of Compensation Statements with Collector's Memorandum, &c.

Resolution—dated 9th June 1883, No. 1665.

Only seven cases are stated to have been disposed of during the month, and the number of cases pending in the Sub-Collector's, Head Assistant Collector's, General Deputy Collector's and Temporary Deputy Collector's Divisions is given as 211, 266, 7 and 255, respectively; but of these, compensation has been settled and bills, &c., have been sent in 180, 205, 7 and 140 cases, respectively, and steps are being taken for the speedy settlement of the remaining claims. The Public Works and the Local Fund Departments, to whom bills have been sent, should be requested to supply the necessary funds without delay.

2. *Sub-Collector's Division.*—The transfer of the fifty acres of land applied for by the Public Works Department in the years 1882 and 1883 should be expedited.

3. In cases Nos. 2, 89 to 109, 205 and 207, the lands are stated to have been taken up from February to April 1883. The circumstances under which this was done before actual payment of compensation, contrary to the stringent instructions issued in Standing Order, No. 12-1, should be explained.

4. In several cases in which cheques have been received, it is stated that the parties are absent and that the Sub-Collector intends to proceed to the spot and make the payments in person. These cases may be treated as disposed of and removed from the arrear list if notice has been served on the parties to receive payment—*vide* paragraph 7 of G.O., dated 27th September 1882, No. 1032, communicated with Board's Proceedings, 1st November 1882, No. 2634.

5. *Head Assistant Collector's Division.*—Only one case is stated to have been disposed of in the Bezvada Taluk. The four cases included in No. 41, which are said to be barred by the law of limitation, should also have been shown as disposed of in Column 6 of the statement.

6. *Temporary Deputy Collector's Division.*—The twenty-seven cases in which the claims are said to be barred by the law of limitation should have been shown as disposed of in Column 6 of the statement.

7. There is no agreement between the figures in the abstract given at the end of the statement and those contained in the statement itself.
