GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

No. 211.

READ—the following papers:—

G.O., dated 8th December 1882, No. 498, Marine.

Read—the following letter from J. H. TAYLOR, Esq., Lieut., R.N.R., Master Attendant, Madras, to the Chief Secretary to Government, dated Madras, 30th October 1882, No. 9388:—

Administrative Department.

I have the honor to submit the accompanying letter, No. 837, dated 23rd October 1882, from the Executive Engineer, Coimbatore Division, together with two estimates for closing the old mouth of the Mangalore Harbour, amounting to Rs. 10,560 and Rs. 7,270 respectively. That officer recommends that the larger estimate be sanctioned, and, considering the difficulties to be overcome, I concur with him in the hope that this large outlay will produce the desired result. I have therefore to solicit that the Government will be pleased to grant the necessary sanction to the same, the amount being allotted from the Port Fund.

ENCLOSURE.

From J. P. DAVIDSON, Esq., Executive Engineer, Coimbatore Division, to the Master Attendant, Madras, dated Coimbatore, 23rd October 1882, No. 837.

With reference to G.O., No. 2257 W., of 2nd ultimo, I have the honor to forward, for your approval and countersignature, maximum and minimum estimates, amounting to Rs. 10,560 and Rs. 7,270, respectively, for closing old Harbour mouth at Mangalore.

2 Estimates with Specifications.
1 Survey.

2. Two estimates have been prepared, as it is doubtful whether the minimum estimate will be sufficient for the purpose. There are so many changes taking place due to varying currents and to sea and river action, &c., that an approximately reliable estimate cannot be framed.

3. I would recommend the sanction of the larger of the two estimates. Work will be carried out as economically as possible, and in all probability there will be a heavy saving; this would, however, be, I think, preferable to an excess, which might result if the smaller of the two estimates be taken.

Order—dated 8th December 1882, No. 498, Marine.

The larger of the two estimates will be sanctioned.

2. It is hoped the work will be a success.
