READ—the following G.O., dated 16th May 1882, No. 782, Judicial:—

Read—the following letter from Surgeon-General with the Government of Madras,
dated 11th May 1882, No. O-92:—

In forwarding, for the information of His Excellency the Governor in Council, the monthly report of the official visitors of the Lunatic Asylum, Madras, I have the honor to remark that the Superintendent of the Asylum recently brought to my notice the need of light sheds over the bathing platforms in the male and female divisions of the Asylum, and I would suggest that the Superintendent of Works, Presidency, may be directed to prepare plans and estimates for the same.

ENCLOSURE.

Extract of the Monthly Report of the Official Visitors of the Lunatic Asylum, Madras.

Paragraph 9. The Superintendent brought to our notice that the bathing place for males (European, East Indian and Native) required a light shed over it and low 4-foot wall round it as a protection from the sun and for decency. He also showed us that there was insufficient accommodation for female bathers, most of whom bathe in the open. We recommend that a light shed with low wall 4 feet high be provided at the male and the female bathing wells.

Order—dated 16th May 1882, No. 782, Judicial.

The Surgeon-General's letter, together with paragraph 9 of the report, will be communicated to the Chief Engineer, Madras, for the issue of the necessary instructions.
