READ—the following letter from Colonel J. BEATTY, R.E. Superintending Engineer, Fourth Circle, to the Chief Engineer, Public Works Department, dated Camp Tirupatūr, 18th August 1883, No. 338:—

As directed in G.O., No. 1566 W., dated 23rd June 1881, I have the honor to submit, herewith, for sanction, an abstract estimate, amounting to Rs. 4,210, for constructing a Registrar's Office at Chittoor, North Arcot District.

1 Site Plan.	2 Abstract Estimates.
1 Sketch.	1 Specification.

2. The plan and estimate have been prepared in accordance with the standard design, and with a terraced roof* which is suitable to the climate; with the exception of the basement and foundation,—the former has been raised to 3 feet above ground level, instead of 2 feet as shown in the standard design, so as to be similar to that of the Collector's Cutcherry, and the latter has been designed to suit the nature of the soil.

3. The building in question is to be built on the site selected in the compound of the Collector's Cutcherry near the existing stable, which is to be removed and rebuilt at the north side of the compound wall. The positions of these buildings have been shown on the enclosed site plan which was prepared in communication with the Collector and approved by him.

4. Provision for the above stable (Rs. 80) and also for four sun-shades (Rs. 30) to the windows of the office-room of the Registrar's Office has been made in the estimate.

5. The plans and estimates have also been approved and countersigned by the Inspector-General of Registration.

ORDER—dated 30th August 1883, No. 2423 W., Public Works.

The plan and estimate, amounting to Rs. 4,210, for constructing a Registrar's Office at Chittoor, in the North Arcot Division, are sanctioned for execution when funds are available.

2. This sanction has been registered as Provincial No. 103 W. of 1883-84 and classified as Civil Buildings, Original Work.

NOTE OF REMARKS.

1. The accompanying plan and abstract estimate provide for the construction of a Registrar's office at Chittoor. Amount of the estimate is Rs. 4,210.
2. The main points of difference between the estimate now submitted and the standard are the following:—The substitution of rough stone for brick in the foundation; an increase of 1 ft. of height in basement, and the provision of 4 sun-shades.
3. Plan and estimate have been countersigned by the Supt. Engr. of Registration.
