2. *Regular Estimate for 1882-83.*—The large increase of Rs. 32,268 in the opening balance as compared with the sanctioned budget is ascribed to short expenditure on Communications in 1881-82, as explained in the Board's Proceedings, 1st November 1882, No. 2636. Notwithstanding an advance of Rs. 20,000 in the estimated collections under Land-cess, the arrears at the close of the year were expected to amount to 15.7 per cent. of the aggregate demand. These arrears extend over five years and should be brought to speedy adjustment. In other respects the regular estimate, as reviewed by the Board of Revenue, is approved.

3. *Budget Estimate for 1883-84.*—The estimated receipts for 1883-84, excluding the opening balance, amount to Rs. 2,09,690. Under Land-cess the estimate amounts to 86 per cent. of the total demand. Owing to paucity of funds under the General Fund, the Board of Revenue propose, as in the previous year, to transfer from the Road to the General Fund the revenue derived from Fishery rents, Pound Fund, and Grass rents, aggregating Rs. 4,120. The proposal is sanctioned. The Provincial grant for schools shown in Statement I is Rs. 1,060, whereas that shown in Statement III is Rs. 820. The entries in both statements should be identical.

4. Under Public Works no provision is made for "New Works—Communications;" but, on the other hand, the allotment for the upkeep of existing roads is considerably increased. As regards the large Road Fund balance remaining unallotted, it is gathered from paragraph 4 of the President's letter embodied in Board's Proceedings, 12th April 1883, No. 1021, that the President has already submitted proposals, which have not yet reached Government, for utilizing a portion of it, and has promised to make further proposals in the course of the year. Calculated at one-and-half per cent. on the outlay on Public Works, the total provision for "Tools and Plant" and the share debitable to the Road Fund should be Rs. 2,000 and 1,780, respectively, and not Rs. 3,160 and 2,940 as shown in Statements I and II. So also the cost of Engineering Establishment chargeable to the Road Fund should be Rs. 15,150 and not Rs. 15,970. Under Education it is proposed to establish a girls' school at Chittoor, to entertain additional masters in certain schools, and to employ sweepers at all schools. These proposals meet with the approval of the Director of Public Instruction and are sanctioned. The Director suggests that the assignment for results grants, which at present stands reduced to Rs. 6,000 on the ground of want of funds, should be raised at least to Rs. 7,500. Having in view the actuals of 1881-82, the Government regard the suggestion as worthy of consideration, and trust that the Circle Board will be able to provide the necessary funds either from savings under Education or from some other source.

5. Owing to the paucity of funds already alluded to, the Circle Board are unable to provide the full reserve under the General Fund, which in consequence closes with a *nil* balance. The Board of Revenue will consider whether, in the present state of the law, any means can be adopted to place this fund on a more satisfactory footing. The remaining items call for no remark.

6. With these remarks the Right Honorable the Governor in Council passes the Budget Estimates of the Chittoor Local Fund Circle for 1883-84.

RESOLUTION—dated 9th August 1883, No. 2302.

The Local Fund Budget of the Chittoor Circle for 1883-84 is herewith circulated to all officers concerned.

2. *Paragraph 2 of the Government Order.*—With reference to the remarks in this paragraph, it is observed that Rs. 2,11,730 were actually collected against Rs. 2,00,000 anticipated in the Regular Estimate. Out of the balance of Rs. 16,947 outstanding at the close of the year, it is satisfactory to note that Rs. 12,416 have been realized up to the end of June last.

3. *Paragraph 3 of the Government Order.*—The discrepancy noticed in the concluding portion of this paragraph was due to the omission to include in Statement III the Provincial grant of Rs. 240, referred to in paragraph 5 of the Board's Proceedings, dated 5th January 1883, No. 12. The necessary corrections have been made.

4. *Paragraph 4 of the Government Order.*—In regard to the utilization of the Road Fund Balance, copies of the Board's Proceedings, dated 17th April 1883, No. 2643, Routine, and 16th July 1883, No. 4549, Routine, will be submitted for the information of Government. No further proposals of any importance have been received.

5. *Paragraph 5 of the Government Order.*—In the present state of the law, there are no means by which the General Fund can be supplemented. The Board are therefore unable to suggest any present means for improving the position of this fund.

6. With reference to Board's Proceedings, dated 12th April 1883, No. 1028, the income from Pound Fund will be altered to Rs. 380.
