GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General Account

READ—the following paper —

Letter from the Government of India, dated 16th July 1883, No 983 G

ORDER—dated 3rd September 1883, No 2463 W, Public Works

The contributions on account of Establishment sanctioned by the Government of India in the letter above recorded render necessary a revision of the figures taken to credit under the head of "Contributions" in Part III of the Provincial Budget of 1883-84, page 43

2 The following statement will therefore be published in supersession of that already included in the Provincial Budget —

Particulars of Charge	Estimate for 1883-84		
	Per Mensem	Per Annum.	Total
	Rs	Rs	Rs
Total estimated Public Works Establishment as per details in the Provincial Budget for 1883-84			22,67,356

10 per cent on Direct Revenue, Rs 34,420	"	3,442	15,05,916
Balance from Provincial			6,81,440

3 The balance to be provided from Provincial Funds is thus shown to be Rs 6,81,440. A sum of Rs. 9,50,734 has, however, been allotted The balance Rs. 2,69,294, is now withdrawn and credited to the Provincial Reserve

4 The requisite alterations will be carried through the Irrigation Budget. As some doubt exists as to whether the percentage charge on indirect revenue should be calculated on the total irrigation revenue or on the revenue exclusive of collection charges, further inquiry will be made by the Chief Engineer for Irrigation and the result reported The difference to Provincial Funds will amount to Rs 27,173.

5 From a statement rendered by the Examiner, Public Works Accounts, it would further appear that the approximate audits on account of Establishment for the year may be taken at Rs 19,80,000, instead of Rs 21,87,356 as estimated for, leaving a further balance of Rs. 2,07,356 available for re-appropriation, which, with the sum of Rs 2,69,294 withdrawn in paragraph 3, amounts to Rs 4,76,650 The total amount to be withdrawn from Provincial Establishment and credited to the Reserve will for the present be fixed at Rs 4,50,000 *

* Inclusive of sums withdrawn in separate Proceedings

The detailed distribution of this amount to "Works" will be shown in separate Proceedings

6 The further questions noticed in the letter from the Government of India will be separately disposed of

A copy of these Proceedings will be forwarded for the information of the Government of India

Establishment

Transfer of funds from — to the Provincial Reserve, consequent on the contributions on account of Establishment sanctioned by the Government of India and on the estimated savings for the year under the same head

Feb 5/11

No.

These papers have been put up in compliance with the several calls made for information as to the probable bearing on the grant for Establishment under "Provincial".

In the "Final Issue" of the Provincial Budget the following figures are entered under "Establishment"

Total Cost	Rs 21,87,358
Less Contributions from various Sources —	12,36,622
Balance from Provincial —	9,50,736

These figures have since undergone various modifications the final result of which, as affecting the allotment to be provided from Provincial Funds for

Establishment Charges, is what it is used, required to ascertain when this is Reviewed it will be possible to make a transfer of these funds from "Establishment" to "Works".

In the papers sent up I can find nothing to indicate that Congress has been taken of the sanction accorded by Govt in their letter No 983 G. dt 16 July 83.

The G.C.I. in their letter dated 16th July 1880, para 5, have accorded sanction to the premium charge for establishment, on account of Civil Revenue, on Provincial Public Works, from time to time sanctioned by the Civil Government, being accounted from 2.80 to 6 on per cent, and have also sanctioned the per centage being charged on the civil Civil revenue derived from the old works for which Capital and Revenue Accounts are kept.

2— The budgets having been prepared, with the Establishment debits being calculated at 2.80 per cent, on the civil Revenue derived

from the heads mentioned in the British Government, plus the share of extended Revenue, cess and re-gini receipts, and the accompanying statement shows the Contributions to the Provincial establishment at the principal heads are calculated

2. The contributions amounts to Rs — 1505.916 and if this is deducted from the total estimated charges for establishment, viz. Rs 21.87.356, the balance viz Rs 681.440 remains to be debited to Provincial. but as the provinces in the Provincial Budget for 1883-84 is Rs 9.50.224. Rs 269.294 may can be written back from

Establishment to Irrigation.

29/5/84

4. The Revenue in the Office Note No 427 dated 9th August 1883 gives the approximate amount for establishment for the year at Rs 19.80.000 but as the estimate given there should be Rs 21.87.356. there would thus be a saving of Rs 207.000 on the estimate. If to this be added the relief to Provincial shown in para 2 of this note, viz Rs 269.000, the total amount that can be written back would be Rs 476.000.

5. The Establishment charges in the Irrigation budget, aggregate Rs — 1055.782 ~~1323.873~~, but the charges as now calculated amount to Rs

Rs 1328 873, a Rs 268 091
ni xens of the previous.
To omit this charge there
is a sum of Rs 283 161
that has not been dis-
tributed; while until
loan the small sum
of Rs 4920 is in sum
provided for — . . .

6. In concluding this
note, I beg most respect-
fully to add, that this
is the first occasion
I have been asked
for the information
given above.

the per Centage charge for

a reduction of the Grants
under Productive Public

exclusive of the Collection Charges. It is not stated in their letter No 983 Rd of 6-7-83 that their former order has been cancelled both the Collection charges were not deducted from the revenue figures adopted in their letter for calculating the charge for Establishment. Should the former be considered as still in force the relief to Provincial funds will be reduced Rs 27,173 the difference between the 6 per Cent on the total irrigation revenue & the 6 per Cent on the revenue exclusive of Collection Charges at 7.2 per Cent.

After the receipt of the Budget Estimates the Govt of India have sanctioned additional allotments under Productive Public Works Revenue accounts for the Cauvery Delta and the Penner Anicut systems. These allotments increase the Contributions to Provincial funds on account of Establishment by Rs 4490.

27-8-83.

W.

Mr. Denhell has now prepared the accompanying memo & Statement regarding Establishment & surplus funds & I have gone through the figures with him.—

The contributions have been based on recent orders as regards "Reduction Public Works". In the budget the deduction for same was Rs 2,64,675. It is now Rs 536 765, so that in the budget there is a saving of Rs 269,274.

But further Examiners note of yesterday's input shows the approximate credits for year as Rs 19,80,000, and this should be substituted for the Rs 21,87,356 of budget Deducting this and deducting total contributions we have (instead of Rs 21,87,356 — 15,05,716).

Rs 19,80,000 — 15,05,416 = Rs 4,75,084 as Debit to Provincial.

Proceedings of the Madras Government

Under date the 3rd Septr 1883

Read the following:—

Letter from the Govt of India No 983 Gd dated 24th July 1883

The contributions on account of Establishment sanctioned by the Govt of India in the letter above recorded render necessary a revision of the figures taken to credit under the head of "Contributions" in Part III of the Summary Budget of 1883/84 - page 43.

2. The following statement

will therefore be published in supersession of that already included in the Provincial Budget.—

10 per cent on direct revenue Rs 34,420		3,442	15,05,916
Balance from Provincial			6,61,446

3. The balance to be provided from Provincial funds as shown below

Rs 6,81,440. A sum of Rupees 9,50,734 has however been allotted. The balance, Rs 2,69,294, is now withdrawn and credited to the Provincial Revenue.

4. The requisite alterations will be carried through the Irrigation Budget. As some doubt exists as to whether the percentage charge on indirect revenue should be calculated on the total irrigation (or on the revenue) revenue & Expenditure of collection charges, further enquiry will be made by the Chief Engineer for Irrigation and the result reported. The difference to Provincial funds will amount to Rs 27,173.

5. From a statement rendered by the Examiner P.W.Accts it would further appear that the appropriate audits on account of Establishment for the year may be taken at Rs 19,80,000 instead of Rs 21,87,356 as estimated for leaving a further balance of Rs 2,07,356 available for reappropriation which, with the sum of Rs 2,69,294, withdrawn in paragraph 3, amounts to Rs 4,76,650. The total amount to be withdrawn from Provincial Establt and credited to the Revenue will for the present be fixed at Rs 4,50,000.

* including charges on the drawn in separate Proceedings.

detailed distribution of
this amount to "Works"
will be shewn in separate
Proceedings.

6. The further questions
noticed in the letter from
the Govt of India will
be separately disposed of.

A copy of these Proceedings
will be forwarded for the
information of the Govt
of India.

(H.E. No. 2644 W of 3rd Sept 17)

Copy of the above for-
-warded to the Govt of
India.
