Read—the following letter from Colonel T. E TENNANT, Inspector-General of Jails, to the Acting Chief Secretary to Government, dated Ootacamund, 20th August 1883, No 223 —

In Public Works Proceedings, 12th December 1882, No 3277 W, an estimate, amounting to Rs 1,500, prepared by the Public Works Department, was sanctioned for the construction of quarters for the Hospital Assistant at Cannanore

2 The work has been completed, according to the plan, under the directions of the Jail Superintendent with prison labor, and a saving of about Rs 800 in the estimate has been effected

3. I have the honor to request I may be permitted to expend this balance on the construction of another set of quarters on a similar plan for the second Hospital Assistant attached to the said jail, as this officer ought likewise to be housed near the jail

4 I abstained from recommending the construction of two sets of quarters for the medical subordinates as I was under the impression that a large outlay would be required But as I find the amount originally sanctioned will not be exceeded, and that I can build quarters for the second Hospital Assistant from the money already sanctioned, I solicit the permission of Government

READ — the following letter from Colonel T. E. TENNANT, Inspector-General of Jails,
to the Chief Engineer, Public Works Department, dated Cannanore, 1st
December 1882, No 326 —

With reference to G.O., No 1114, W, dated 4th May 1882, I have now the
pleasure to submit, for the approval and sanction of Government, the accompanying plan
and estimate amounting to Rs 1500 for providing accommodation for the Hospital
Assistant attached to the Cannanore Central Jail.

2 I would suggest the pillars of the verandah be constructed with laterite
instead of wood, as being better suited to the climate of the West Coast. The whole of
the wood work should be treated.

3 The work can be carried out departmentally with a small number of
labourers of the Government. The Jail. I have reduced the estimate for
Rs 1,500 to Rs 1,000 and it is probable that a still further saving may be effected
by employing prison labour. Funds are available for this year from the Central
Labor Fund. Early sanction is required in order that the work may be completed
before the close of the current financial year.
