BOARD OF REVENUE, 18TH DECEMBER 1882, No. 3148.

PROCEEDINGS OF THE BOARD OF REVENUE.

READ—the following letter from H. F. CLOGSTOUN, Esq., Accountant-General to the Government of Madras, to the Secretary to the Board of Revenue, dated Fort St. George, 4th December 1882, No. 4442:—

With reference to Proceedings of the Board of Revenue, No. 2819, dated the 17th November 1882, I have the honor to state that the Collector of Bellary should submit a bill for the value of the scales and weights in his possession required by the Salt Commissioner, and this officer should adjust the amount of the bill to the debit of 10, Salt and credit of Famine Recoveries, in his accounts with this office. No cash payment need be made in this case.

RESOLUTION—dated 18th December 1882, No. 3148.

Submitted to Government in continuation of Board's Proceedings, dated 17th November 1882, No. 2819.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Civil Works.

No. 199.

READ—the following papers:—

From the Superintending Engineer, Fifth Circle, dated 31st March 1882, No. 1554.

G.O., dated 8th June 1882, No. 1792, Revenue.

Read—the following Proceedings of the Board of Revenue, dated 31st May 1882, Mis. No. 3906.

G.O., dated 25th April 1882, No. 1335, Revenue.

Resolution—dated 31st May 1882, Mis. No. 3906.

The Board think that the entire work may be completed, so as to avoid the inconveniences of building by instalments. The surplus of the Pound Fund can meet the charge. Official memorandum from Government, dated 25th November 1881, No. 428, Revenue (in Board's Proceedings, dated 12th December 1881, No. 10545, Miscellaneous), and paragraph 5 of Board's Proceedings, dated 21st November 1881, No. 2893 (in G.O., dated 18th January 1882, No. 62, Revenue).

(True Extract.)

(Signed)

C. D. MACLEANE,
Acting Sub-Secretary.

To the Secretary to Government, Revenue Department.

Order—dated 8th June 1882, Mis. No. 1792, Revenue.

Transferred to the Public Works Department, the Government in this department concur in the views expressed by the Board of Revenue and desire that early steps may be taken for the completion of the building.

(Signed) E. F. WEBSTER.
Ag. Secretary to Government.

No. 199-A.

From Lieutenant-Colonel W. H. BURTON, R.E., Officiating Superintending Engineer, Fifth Circle, to the Chief Engineer, Public Works Department, dated Chepauk, 2nd June 1882, No. 771.

With reference to G.O., No. 1831 W., dated 26th July 1881, I have the honor

- | | |
|---|--|
| 1 Original Plan of the lower-storey with revised section. | to forward plans and revised estimate with comparative statement amounting to Rs. 53,341, for the construction of Agricultural College at Saidápet including two upper-rooms for the office of the Superintendent. |
| 1 Plan of upper-storey. | |
| 1 Detail and Abstract Estimate. | |
| 1 Report. | |
| 1 Specification with a tracing of the iron girder. | |
| 1 Comparative Statement. | 2. In returning the plan and estimate countersigned, the Superintendent remarks that "the estimate does not |
| 1 Detached Abstract Estimate. | provide for the erection of the tower which formed a part of the original sanctioned design, and that G.O., No. 1831 W., dated 26th July 1881, calls for estimates for the completion of the whole building." His remark is not understood, as it is clear to me by G.O., No. 1831 W., of 26th July 1881, that only two upper-rooms are intended to be provided. |

3. The total amount of the revised estimate, viz., Rs. 53,341, is made up as follows:—

	RS.
Amount of estimate sanctioned in G.O., No. 1180 W., dated 10th May 1881	32,190
Public Works supervision and Tools and Plant	8,850
Cost of out-houses sanctioned in G.O., No. 1917 W., dated 8th August 1881	1,141
Cost of two upper-rooms	12,040
Additional outlay consequent on the use of iron girders for the lecture hall instead of wooden beams	1,084
Excess on certain items	1,125
	56,430
Deduct savings on other items.	3,089
Amount of Estimate	53,341

4. The existing roof of the lecture hall which has proved defective, owing to the small bearing given to the joists over the iron girders, will be taken down and rebuilt with new joists of greater scantling and length, placed as proposed in inspection note No. 764, dated 15th April 1882. It has been arranged to have this work carried out by the contractor for the construction of the upper-rooms free of extra cost, hence no provision has been made in the estimate for this item.

No. 252 E.

MEMORANDUM.

Referred, in continuation of this office memorandum No. 879 C., dated 19th April 1882, to the Revenue Department, for decision whether the estimate may be sanctioned as it stands, or whether, with advertence to G.O., Revenue, No. 268, dated 7th March 1882, the completion of the entire upper-storey is desired.

2. The total of the present estimate is Rs. 42,023, exclusive of charges on account of establishment and tools and plant. Of this sum Rs. 31,928 was expended to the end of the last official year, leaving Rs. 10,095 as outlay to be incurred during the current year. Including charges on account of establishment at 23 per cent. (Rs. 2,322) and tools and plant at 1½ per cent. (Rs. 151) the total amount to be provided from the Cattle Pound Fund would be Rs. 12,568. If it be decided that

the whole upper-storey shall be completed, the additional cost, as already reported by the Superintending Engineer, would be approximately Rs. 14,000, to which would be added the usual percentages account of establishment and tools and plant.
