Civil Works.

Read—the following papers :—

G.O., dated 27th July 1883, No. 3105, Revenue.

Read—Endorsement of the Public Works Department, dated 20th July 1883, No. 236 E., referring, with remark, letter from the Examiner of Public Works Accounts making certain inquiry regarding Rs. 500 sanctioned in G.O., No. 1807 W., dated 26th June 1883.

Order—dated 27th July 1883, No. 3105, Revenue.

The sum sanctioned does not form an addition to the Public Works Provincial Grant. For the reason that the Deputy Conservator had, prior to grant of sanction, advanced money to his Overseer, and because the repairs were urgently needed for the protection of the bark, orders were passed in this department, notwithstanding the fact that the cost of repairs was, under the orders of the Government of India read in G.O., 13th February 1882, No. 397 W., debitable to the Provincial Public Works Budget.

2. The charge may, however, conveniently be met from the Public Works Reserve, and Minor Departments *pro tanto* be relieved if the Public Works Department can arrange to accept it.

To the Public Works Department.

From Colonel J. BEATTY, R.E., Superintending Engineer, Fourth Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 5th September 1883, No. 372.

With reference to your memorandum, No. 271 E., of 8th August, I have the honor to state that the probable expenditure during the current official year on the Chinchona buildings at Naduvatam will be about Rs. 15,000. This amount being the balance of the estimate for the buildings, no allotment will in all probability be required in the next year.

2. As regards the omission of this work in the budget, the Executive Engineer states that as the entire balance of the estimate for the buildings, as it then stood, was applied for previous to the submission of the budget, it was considered unnecessary to include the work in the budget.

Order—dated 14th September 1883, No. 2570 W., Public Works.

An allotment of Rs. 15,000 for completion of the new Chinchona buildings has been made in separate orders.

2. The Superintending Engineer will adjust the outlay on repairs to the old drying shed in the manner suggested in the orders of the Revenue Department above recorded.
