2. *Regular Estimate for* 1882-83.—The opening balance according to the regular estimate exceeds that of the sanctioned budget by Rs. 49,849, owing to short expenditure on Communications in 1881-82. Of the arrears under Land-cess, aggregating Rs. 45,370, it was expected that all but Rs. 1,000 would be collected within the year; but the estimate of current collections, amounting barely to 77 per cent. of the year's demand, is not equally satisfactory, and has probably been exceeded. In other respects the regular estimate, as submitted by the Board of Revenue, is approved.

3. *Budget Estimate for* 1883-84.—In the budget for 1883-84 the estimated receipts from Tolls will be raised to Rs. 30,000 with reference to Board's Proceedings, dated 6th June 1883, No. 1614. The transfer of Special Fund and Ferry receipts to the General Fund is approved. Under Grant I, provision is made for eight new roads, of which two are sanctioned works. As regards Item No. 3 a revised estimate has since been submitted and sanctioned—*vide* G.O., 20th April 1883, Mis. No. 813; while for the remaining works estimates are promised. The estimated cost of Item 4 is shown as Rs. 5,000 in Statement II-B, whereas the President gives it as Rs. 4,000 in paragraph 12 of his covering letter. The provision for road repairs is almost the same as that for 1882-83. With reference to paragraph 3 of the Board's Proceedings quoted above, the allotments for establishment, &c., under Tolls and Ferries, and for contributions to Municipalities will be raised to Rs. 7,170 and Rs. 9,450, respectively. The Road Fund reserve and balance also require alteration with reference to the increased receipts estimated under Tolls.

4. The assignment for educational purposes falls considerably below the regular estimate in consequence of the Circle Board's proposal to pay a reduced rate of results grant during the year. The allotment will be allowed to stand pending the receipt of the usual letter from the Director of Public Instruction. Under Grant III the contributions for the Medical College and Sanitary Inspection will be raised to Rs. 1,150 in each case.

5. With these remarks the Right Honorable the Governor in Council passes the Budget Estimates of the Tinnevelly Local Fund Circle for 1883-84.

RESOLUTION—dated 30th August 1883, No. 2563.

The Local Fund Budget Estimate of the Tinnevelly Circle for 1883-84 is herewith circulated to all officers concerned.

2. *Paragraph* 2 *of the Government Order.*—The actual Land-cess collections in 1882-83 were, according to the circle report for the year, 97 per cent. under Arrears and 79 per cent. under Current.

3. *Paragraph* 3 *of the Government Order.*—Estimates for Items 2 and 3 under New Works, amounting respectively to Rs. 16,560 and 21,500, have been sanctioned in G.Os., dated 18th May and 23rd June 1883, Nos. 1441-W and 1767-W, Public Works Department, and those for Items 5 and 6, costing less than Rs. 5,000 each, have been sanctioned in Board's Proceedings, dated 16th July 1883, No. 4544, R.S. Item 4 will be struck out with reference to paragraph 2 of Board's Proceedings, dated G.O., dated 20th April 1883, No. 813, Miscellaneous, referred to by Government, is not traceable in this office.

The charge on account of the Toll establishment is Rs. 6,336 according to the President's proposal contained in Board's Proceedings, dated 25th July 1883, No. 2127. Adding Rs. 250, the expenditure on Ferries, Rs. 6,590 will be entered in the budget instead of Rs. 7,170 mentioned by Government. In accordance with the instructions contained in G.O., dated 3rd January 1877, No. 28, the Municipal share of the tolls will not be shown on the expenditure side of the budget, the net collections only, excluding the contributions, being exhibited on the receipt side. The President should, however, specify in his annual reports and budget covering letters, the gross collections and the amounts paid or due to the Municipalities.

4. *Paragraph* 4 *of the Government Order.*—The remarks of the Director of Public Instruction on the allotment for education have been submitted to Government with the Board's Proceedings, dated 31st July 1883, No. 2190. The toll receipts being reduced as explained above, the contribution to the Medical College and for Sanitary Inspection amounts to Rs. 1,100 each.

2. *Regular Estimate for* 1882-83.—The opening balance according to the regular estimate exceeds that of the sanctioned budget by Rs. 49,849, owing to short expenditure on Communications in 1881-82. Of the arrears under Land-cess, aggregating Rs. 45,370, it was expected that all but Rs. 1,000 would be collected within the year; but the estimate of current collections, amounting barely to 77 per cent. of the year's demand, is not equally satisfactory, and has probably been exceeded. In other respects the regular estimate, as submitted by the Board of Revenue, is approved.

3. *Budget Estimate for* 1883-84.—In the budget for 1883-84 the estimated receipts from Tolls will be raised to Rs. 30,000 with reference to Board's Proceedings, dated 6th June 1883, No. 1614. The transfer of Special Fund and Ferry receipts to the General Fund is approved. Under Grant I, provision is made for eight new roads, of which two are sanctioned works. As regards Item No. 3 a revised estimate has since been submitted and sanctioned—*vide* G.O., 20th April 1883, Mis. No. 813; while for the remaining works estimates are promised. The estimated cost of Item 4 is shown as Rs. 5,000 in Statement II-B, whereas the President gives it as Rs. 4,000 in paragraph 12 of his covering letter. The provision for road repairs is almost the same as that for 1882-83. With reference to paragraph 3 of the Board's Proceedings quoted above, the allotments for establishment, &c., under Tolls and Ferries, and for contributions to Municipalities will be raised to Rs. 7,170 and Rs. 9,450, respectively. The Road Fund reserve and balance also require alteration with reference to the increased receipts estimated under Tolls.

4. The assignment for educational purposes falls considerably below the regular estimate in consequence of the Circle Board's proposal to pay a reduced rate of results grant during the year. The allotment will be allowed to stand pending the receipt of the usual letter from the Director of Public Instruction. Under Grant III the contributions for the Medical College and Sanitary Inspection will be raised to Rs. 1,150 in each case.

5. With these remarks the Right Honorable the Governor in Council passes the Budget Estimates of the Tinnevelly Local Fund Circle for 1883-84.

RESOLUTION—dated 30th August 1883, No. 2563.

The Local Fund Budget Estimate of the Tinnevelly Circle for 1883-84 is herewith circulated to all officers concerned.

2. *Paragraph* 2 *of the Government Order.*—The actual Land-cess collections in 1882-83 were, according to the circle report for the year, 97 per cent. under Arrears and 79 per cent. under Current.

3. *Paragraph* 3 *of the Government Order.*—Estimates for Items 2 and 3 under New Works, amounting respectively to Rs. 16,560 and 21,500, have been sanctioned in G.Os., dated 18th May and 23rd June 1883, Nos. 1441-W and 1767-W, Public Works Department, and those for Items 5 and 6, costing less than Rs. 5,000 each, have been sanctioned in Board's Proceedings, dated 16th July 1883, No. 4544, R.S. Item 4 will be struck out with reference to paragraph 2 of Board's Proceedings, dated G.O., dated 20th April 1883, No. 813, Miscellaneous, referred to by Government, is not traceable in this office.

The charge on account of the Toll establishment is Rs. 6,336 according to the President's proposal contained in Board's Proceedings, dated 25th July 1883, No. 2127. Adding Rs. 250, the expenditure on Ferries, Rs. 6,590 will be entered in the budget instead of Rs. 7,170 mentioned by Government. In accordance with the instructions contained in G.O., dated 3rd January 1877, No. 28, the Municipal share of the tolls will not be shown on the expenditure side of the budget, the net collections only, excluding the contributions, being exhibited on the receipt side. The President should, however, specify in his annual reports and budget covering letters, the gross collections and the amounts paid or due to the Municipalities.

4. *Paragraph* 4 *of the Government Order.*—The remarks of the Director of Public Instruction on the allotment for education have been submitted to Government with the Board's Proceedings, dated 31st July 1883, No. 2190. The toll receipts being reduced as explained above, the contribution to the Medical College and for Sanitary Inspection amounts to Rs. 1,100 each.

2. *Regular Estimate for* 1882-83.—The opening balance according to the regular estimate exceeds that of the sanctioned budget by Rs. 49,849, owing to short expenditure on Communications in 1881-82. Of the arrears under Land-cess, aggregating Rs. 45,370, it was expected that all but Rs. 1,000 would be collected within the year; but the estimate of current collections, amounting barely to 77 per cent. of the year's demand, is not equally satisfactory, and has probably been exceeded. In other respects the regular estimate, as submitted by the Board of Revenue, is approved.

3. *Budget Estimate for* 1883-84.—In the budget for 1883-84 the estimated receipts from Tolls will be raised to Rs. 30,000 with reference to Board's Proceedings, dated 6th June 1883, No. 1614. The transfer of Special Fund and Ferry receipts to the General Fund is approved. Under Grant I, provision is made for eight new roads, of which two are sanctioned works. As regards Item No. 3 a revised estimate has since been submitted and sanctioned—*vide* G.O., 20th April 1883, Mis. No. 813; while for the remaining works estimates are promised. The estimated cost of Item 4 is shown as Rs. 5,000 in Statement II-B, whereas the President gives it as Rs. 4,000 in paragraph 12 of his covering letter. The provision for road repairs is almost the same as that for 1882-83. With reference to paragraph 3 of the Board's Proceedings quoted above, the allotments for establishment, &c., under Tolls and Ferries,

and for contributions to Municipalities will be raised to Rs. 7,170 and Rs. 9,450, respectively. The Road Fund reserve and balance also require alteration with reference to the increased receipts estimated under Tolls.

4. The assignment for educational purposes falls considerably below the regular estimate in consequence of the Circle Board's proposal to pay a reduced rate of results grant during the year. The allotment will be allowed to stand pending the receipt of the usual letter from the Director of Public Instruction. Under Grant III the contributions for the Medical College and Sanitary Inspection will be raised to Rs. 1,150 in each case.

5. With these remarks the Right Honorable the Governor in Council passes the Budget Estimates of the Tinnevelly Local Fund Circle for 1883-84.

RESOLUTION—dated 30th August 1883, No. 2563.

The Local Fund Budget Estimate of the Tinnevelly Circle for 1883-84 is herewith circulated to all officers concerned.

2. *Paragraph* 2 *of the Government Order.*—The actual Land-cess collections in 1882-83 were, according to the circle report for the year, 97 per cent. under Arrears and 79 per cent. under Current.

3. *Paragraph* 3 *of the Government Order.*—Estimates for Items 2 and 3 under New Works, amounting respectively to Rs. 16,560 and 21,500, have been sanctioned in G.Os., dated 18th May and 23rd June 1883, Nos. 1441-W and 1767-W, Public Works Department, and those for Items 5 and 6, costing less than Rs. 5,000 each, have been sanctioned in Board's Proceedings, dated 16th July 1883, No. 4544, R.S. Item 4 will be struck out with reference to paragraph 2 of Board's Proceedings, dated G.O., dated 20th April 1883, No. 813, Miscellaneous, referred to by Government, is not traceable in this office.

The charge on account of the Toll establishment is Rs. 6,336 according to the President's proposal contained in Board's Proceedings, dated 25th July 1883, No. 2127. Adding Rs. 250, the expenditure on Ferries, Rs. 6,590 will be entered in the budget instead of Rs. 7,170 mentioned by Government. In accordance with the instructions contained in G.O., dated 3rd January 1877, No. 28, the Municipal share of the tolls will not be shown on the expenditure side of the budget, the net collections only, excluding the contributions, being exhibited on the receipt side. The President should, however, specify in his annual reports and budget covering letters, the gross collections and the amounts paid or due to the Municipalities.

4. *Paragraph* 4 *of the Government Order.*—The remarks of the Director of Public Instruction on the allotment for education have been submitted to Government with the Board's Proceedings, dated 31st July 1883, No. 2190. The toll receipts being reduced as explained above, the contribution to the Medical College and for Sanitary Inspection amounts to Rs. 1,100 each.
