General.
Account.

READ—the following letter from Lieutenant W. L. C. BADDELEY, R.E., General Superintendent, Public Works Stores, &c., to the Deputy Chief Engineer, Public Works Department, dated Madras, 25th May 1883, No. 269 S. :—

With reference to the list of exceptions forwarded for report with G.O., No. 1456 W., dated 17th May 1883, I have the honor to state that the exception taken to the number of levelling staves as due on former indents is correct, but as the established proportion is given in the indent at 200, and as there are no staves in store, I beg that the Secretary of State may be asked to sanction the supply of 200 levelling staves. I make this request as I find it impossible to meet current demands promptly, and many orders for levels are delayed because I have no staves to supply with the instruments.

ORDER—dated 4th June 1883, No. 1546 W., Public Works.
Ordered that the Secretary of State be addressed.
