Official Memorandum.

Dated the 29th June 1883.

Memorandum from the Public Works Dept: d/ 25th June 1883, No. 180 E.

The attention of the P.W. Dept: is drawn to the remarks contained in Memoranda ×Nos. 1211 A d/ 26th and 1224 d/ 28th instant.

× letters regarding grant for [illegible] Road

2. It is observed that the saving of Rs 1,40,000 made out in the memorandum under reply has been calculated by comparison with the regular estimate of 1882-83. Such a comparison is unusual and, in the opinion of this Department, objectionable, the regular estimate being submitted so late in the

The only useful comparison is with the "Regular" Estimate. The "Budget" Estimate is liable to great fluctuation to the extent of several lakhs of Rupees.

the year that the Financial Department are compelled to adopt it as representing the nearest approach to actuals that can be calculated at the time. The correct comparison is with the Budget grant. Moreover, the Memorandum under reply does not take into account the excess expenditure under "Irrigation and Navigation".+ allowing for this, the total saving on the Public Works Provincial grant can hardly be expected to exceed the sum of Rs 50,000 anticipated in the first of the Memoranda quoted in para 1. It should be remembered that although for obvious reasons no saving on the Regular Estimates can be actually taken into account in framing the Budget Estimates for the succeeding year, yet it is always anticipated that some saving will be effected on the grant for Public Works and the sum of Rs 50,000, which the savings of 1882-83 are now expected to amount to, is by no means abnormally large.

+This comes into the Irrigation Budget and not in the Provincial P.W. Budget.

3. The Budget Estimates of 1883-84 were passed at a time when it was still uncertain to what extent the Supreme Government would be willing to assist this Government in carrying out the administrative improvements then and now under contemplation, but the concessions since made fall so far short of the reasonable expectations of this Government that it has been found necessary in reviewing the financial position to impress on all Heads of Departments the necessity of enforcing the utmost economy in the expenditure under their control.

Chief Secretary.

CHIEF SECRETARIAT. MADRAS.

Official Memorandum.

Dated the 28th June 1883.

Endorsement from the Public Works Dept. d/ 25th June 1883, No. 179 E.

Retransferred to the Public Works Dept. whose attention is drawn to the remarks contained in Memo: No. 1211 A d/ the 26th instant, from which it will be seen that the savings under 'Public Works' in 1882-83 do not seem likely to prove as large as is here assumed. From the Examiner's figures it would seem that these savings cannot be expected to amount to much more than Rs 50,000

50,000, whereas from copy of a telegram from the P. W. Dept: to the Government of India d/ 3rd March 1883 the Financial Dept: were led to expect a saving of six lakhs from the Provincial allotment under 'Other Public Works'; and although no account was taken of any such savings in the Provincial regular estimates, yet it was confidently expected that there would be considerable savings under this head, which would help in a great measure towards carrying out the improvements in Provincial administration contemplated by Government. Heads of Departments besides were, moreover, specially called upon more than once to restrict expenditure under their control as far as possible on this account. It will not be practicable therefore, at any rate at present, to allot the funds required in this Department unless indeed the Public Works saving should prove very considerably larger than is now anticipated.

Chief Secretary.

Rs 6,18,000 are being postponed in the P. W. Dept owing to there being no funds available to meet them. The Rs 1,40,000 now applied for will in some measure enable the most pressing of these requirements to be met.

3. In addition to the Rs 20,000 required for the Church at Wellington, the following works may be quoted as being of an emergent nature:-

Ootacamund to Naduvatam Road - already applied for	Rs 50,000
Buildings at the new Station of Anantapur - - -	" 50,000
Potinghy Ghat - to admit of full employment of the Staff - addl allotment	" 68,000

Memorandum.

In continuation of Endorsement No. 179 E d/ 25th June 1883, it is pointed out that a net saving of Rs 1,40,000/ on the P.W. Provincial grant for 1882/83 may be expected. It is remitted for consideration in the Financial Dept whether the P.W. grant for the current year should not now be increased by this sum. It is believed that the saving in question was not calculated on by the Financial Dept in framing the final revised Estimate on which the P.W. grant for the current official year was fixed.

The final result of the whole matter seems to be that the Financial Dept. are not prepared to increase the P.W. Provincial allotment. Funds to meet special urgent demands will have to be found by reduction of existing Budget allotments?
