PROCEEDINGS OF THE BOARD OF REVENUE.

READ—the following letter from J. E. PAUL, Esq., Executive Engineer, Western Division, Godávari, to the Collector of Godávari, dated Camp Chettipett, 1st August 1883, No. 130 :—

With reference to your letter, No. 419, of 14th June 1883, I have the honor to state that the lands in Penumarru and Illapakurru villages mentioned in your letter were taken possession of before compensation was paid, but in this case such action was necessary in order to protect property, and is permitted by Department of Public Works Code, paragraph 1538.

2. The banks of Chinchivadachal were severely damaged and breached in many places during the high Godávari fresh in July 1882, and for the repairs of this bank, which was necessary, as it acts as a flood bank to the river, certain ryots objected to give any earth from their fields.

3. On this the Sub-divisional Officer ordered the subordinate in charge of the work to carry out the work, but in cases where the ryots objected to give up the land required every endeavor should be first made to persuade them. Although they were informed that compensation would undoubtedly be paid according to the Revenue authorities' decision, a few ryots seem to have refused.

4. There is no waste land near the channel, so it was impossible to obtain earth elsewhere, and if the banks had not been repaired 3,000 acres of rice would have been lost.

Endorsement by W. A. HAPPELL, Esq., dated Cocanada, 9th Augugt 1883, No. 484.

Submitted to the Board of Revenue with reference to their Proceedings, dated the 29th March last, No. 879 (Press Series), paragraph 2. The above explains the case in the Narsápur Taluk. Regarding the two cases in the Cocanada Division, the officer in charge of the Eastern Division says that the lands referred to were occupied by the Delta Superintendent with the consent of their owners, and that strict orders have been issued to the Delta Superintendent not to take up *any* land in future before payment of compensation. Copy of his letter on the subject is enclosed.

ENCLOSURE No. 1.

From the Executive Engineer, to the Collector of Godávari, dated Dowlaishweram, 18th July 1883, No. 436.

With reference to your No. 418, dated 14th June 1883, I have the honor to enclose an extract from letter, No. 78, dated 10th instant, from the Delta Superintendent (Bank Canal), V. Venkataswami (with one enclosure), from which you will observe that the lands referred to therein have been occupied with the consent of their owners.

2. I have this day issued strict orders to the Delta Superintendent not to take up any land for the future before payment of compensation.

RESOLUTION—dated 22nd August 1883, No. 2471.

Submitted for the information of Government with reference to paragraph 1 of G.O., dated 30th April 1883, No. 536.

(True Copies and Extract.)

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue, dated 29th March 1883, No. 879 :—

Read—the following letter from W. A. HAPPELL, Esq., Acting Collector of the Godávari District, to the Secretary to the Board of Revenue, dated Cocanada, 21st February 1883, No. 88 :—

I have the honor to report on the disposal of applications for lands and of claims for compensation for the half-year ending 31st December 1882. The usual statements, Nos. 1 and 2, with two abstracts, are enclosed.

2. It will be observed from Statement No. I that A. 151 C. 97½ were remaining to be transferred to the Department of Public Works at the beginning of the half-year, and that A. 249 C. 80½ were applied for during the half-year. Of the total extent of A. 401 C. 78, A. 202 C. 86½ were made over to that department. The reasons for the pending cases are given in the column of remarks.

3. In Statement No. 2 submitted for the last half-year, A. 1,164. C. 43 were by mistake shown as the extent of land for which compensation remained unpaid at the end of the period. The mistake was partly owing to the double entry of A. 1 C. 97, once under Gumparru in the Narsápur Taluk and again under Nidadavole Estate in the Tanuku Taluk, Gumparru being a village of that estate, and partly to the wrong total of A. 156 C. 18 for A. 156 C. 12. The mistake is now rectified and the correct figure of A. 1,162 C. 40 entered.

4. Statement No. 2 shows A. 1,162 C. 40 as the extent of land for which compensation remained unpaid at the beginning of the half-year and A. 136 C. 74 as the extent applied for during the half-year. Of the total A. 1,299 C. 14 compensation for A. 225 C. 63 was paid in the half-year. The particulars of the remaining A. 1,073 C. 51 are shown in the appendix to Abstract No. 2.

5. The information called for by the Board in their Proceedings, No. 1842, dated 4th December 1880, regarding the pending case of A. 846 C. 30 of the Nidadavole Estate was submitted to the Board on the 10th instant.

6. The question regarding the cases of subsequent Inams shown in the statement was disposed of in Board's Proceedings, dated 5th July 1882, No. 1715. The necessary statements have been called for from the Tahsildars, and the cases will be disposed of soon.

7. Compensation Statements for A. 113 C. 17 are due from the Tahsildars and Divisional Officers, and orders will be issued to them to submit them within this half-year.

ENCLOSURES Nos. 1 to 4.—Statements.

Resolution—dated 29th March 1883, No. 879.

Submitted for the information of Government.

2. *Statement No. I.*—In one case in the Narsápur Taluk, and two cases in the Cocanada Division, lands appear to have been taken possession of, during the

half-year, by the Officers of the Department of Public Works, before settlement of compensation and contrary to instructions of the Collector. The Collector is requested to obtain from the Department of Public Works Officers an explanation of the circumstances under which they adopted this course, which has been repeatedly condemned, and forward it for the information of the Board.

3. *Statement No. II.*—Including lands taken up during the half-year, there were altogether 884 cases of claims for compensation. Of these only 315 were settled during the half-year, leaving a balance of 569 cases. The abstract statements furnished by the Collector show that in 311 of these 569 cases the parties had not appeared to receive the compensation money due to them. If notices to appear and receive the money have been duly served on the claimants, the cases may be struck off the register as disposed of.

Paragraph 2 of Board's Proceedings, dated 10th August 1882, No. 1992.

The Collector's report regarding the lands in the Nidadavole Estate for which compensation is due, referred to in paragraph 5, will be separately disposed of. The Collector will take steps to dispose of the 51 cases of subsequent Inams and the 119 cases in which information has been called for from the taluks, with the least practicable delay.

(A true Copy and Extract.)

(Signed) E. GIBSON,
Acting Secretary.

To the Secretary to Government, Revenue Department, with four Statements in original.
„ Collector of Godávari.

ORDER—dated 30th April 1883, No. 536, Revenue.

Miscellaneous.

The information which the Board have called for in paragraph 2, will be awaited.

2. The order which requires the official year to be quoted is not observed in the present returns, and should be duly attended to in future.

3. With reference to paragraph 3 of the Board's Proceedings, the Government consider that the notice prescribed in paragraph 8 of the Board's Standing Order No. 12, should be published in three successive issues of the District Gazette.
