Sir,

With reference to my letter No. 863, 29-8-83, I have the honor to state that when accepting the appointment of Temporary Assistant Engineer, 1st Grade on the Guntur Railway Survey offered me in P. W. C. dated 16th August/83 No. 2311, I was under the impression that I would be qualifying for the pension of an Assistant Engineer 1st Grade.

As I am now given to understand that such is not likely to be the case I will be obliged by your informing me whether the offer carries with it the higher pension. If it does not,

I

I beg that my acceptance of the post be cancelled; for, under the circumstances of the case, I consider the inducements held out to me to accept the appointment insufficient.

Sir,

I have the honor to forward a letter from Mr. Baker enquiring whether in case of his being made temporary assistant Engineer he would, while holding that appointment, be qualifying for the pension of an Assistant Engineer 1st Grade. Should it not be so he wishes to cancel his acceptance of the appointment recently offered as the inducement held out will not compensate for the disadvantage of serving in a district reported very unhealthy. Mr. Baker has already suffered a good deal from fever.

† No. 902 7-9-83

It appears to me clear from the

the Govt. Order No. 2311W 16-8-83 and Section 71 of the Civil Pension Code that Mr. Baker's temporary service would count for pension and that the amount of the pension would be calculated on his average pay for the 5 years preceding his retirement. From some enquiries he has made however he is led to fear that he would receive pension only as a Sub-Engineer. B/Re sent to obtg 4-9-83.
