GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Account.

No. 236.

READ—the following papers :—

From Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, Fifth Circle, to the Chief Engineer, Public Works Department, dated Chepauk, 11th January 1883, No. 3512.

With reference to G.O., No. 2425 W., dated 20th October 1880, paragraphs 2 and 5, I have the honor to report that a sum of Rs. 524-14-11 has been realized by the sale of materials in the Buckingham Canal Division against the original valuation of Rs. 2,682-1-9. The rest of the materials, valued at Rs. 913-2-5, have not yet been disposed of; these two sums make up the amount of Rs. 3,595-4-2 shown in paragraph 2 of the Government Order.

2. Sanction was given in G.O., No. 2682 W., of the 23rd November 1880, to the sale of materials valued at Rs. 2,061-12-4. These materials have been sold and have realized Rs. 314-5-7.

3. By the same Order (No. 2682) materials valued at Rs. 9,375-0-10 were to be retained for use on works. Materials to the value of Rs. 2,939-9-3 have been used on works; but the Executive Engineer has estimated the value of the remaining materials at Rs. 4,385-14-0 as compared with their supposed value, Rs. 6,435-7-7.

4. The Executive Engineer has brought the materials on his stock account, viz. :—

- (1) those bearing the value of Rs. 913-2-5 (paragraph 1 above), but now estimated by him at Rs. 385-1-0, and in my opinion not likely to be turned to account at that price; and
- (2) those estimated at Rs. 4,385-14-0 (paragraph 3 above). I have objected to this debit to stock upon paragraph 3 of G.O., No. 2425 W., of the 20th October 1880; and also because there is no stock reserve allotted to the division.

The Examiner then asks that the sanction of Government may be obtained for a write-back of the value of the materials brought on to the stock account; and observes that lists of the materials at each work should be kept, adding "the sooner the materials are disposed of the better."

5. I consider that the remaining materials of the nominal value of Rs. 913-2-5, consisting partly of gravel and low-priced bricks, should have been also disposed of before now, and that the earliest opportunity should be taken of clearing them away.

I have to ask that sanction may be given to the write-back to works of materials of the estimated value of Rs. 4,385-14-0, although the stock account should not have been opened in the matter at all.

No. 236-A.

Office Note from the Examiner, Public Works Accounts, dated 20th January 1883, No. 867 D.

No. 237.

ORDER—dated 25th January 1888, No. 278 W., Public Works.

The proposed write-back to works of materials of the estimated value of Rs. 4,385-14-0 is approved.

2. The materials valued at Rs. 913-2-5 should be disposed of without further delay.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

23rd November 1880, No. 2,682 W.

General
Account.

Read the following paper :—

No. 88. From Captain A. AWDRY, R.E., Superintendent of Works, Buckingham Canal, to the Chief Engineer, Public Works Department, dated Chepauk, 8th November 1880, No. 2,058.

With reference to paragraph 3 of G.O., No. 2,425 W., of the 20th October 1880, I have the honor to forward herewith a revised list of the materials which I had originally proposed to retain as stock for future use on the Buckingham Canal.

2. In this revised list I have proposed to sell off everything except (1) laterite stones, which improve by keeping, and will be useful for the flood gates and basin work on the canal; (2) the teakwood doors and windows, &c., prepared for the buildings on the canal, which are safely stored away at Rámapatnam and Dugarápatnam; and (3) the material which can be used for the works in actual progress at Rámapatnam and Kottapatam and on the locks at the Adyar.

No. 89. ORDER THEREON, 23rd November 1880, No. 2,682 W.

THE materials shown in column 3, valued at Rs. 2,061-12-4, may be sold as proposed; those appearing in column 4, valued at Rs. 9,375-0-10, being retained for use on works in the division.

Supp Engrs Office 5 Circle
R. S. P. 11/11/1880

Respectfully

11/11/1880

From Col. H. L. Prudergast, P. W.
Superintending Engineer
5 Circle.

To

The Chief Engineer
D. P. W.

Sir

With reference to G. O. No. 2682
dated 20th October 1880 paras
2 & 5, I have the honor to report
that a sum of Rupees 524-14-11,
has been realized by the sale of
materials in the Buckingham
Canal Division, against the
original valuation of Rs. 2682-19.
The rest of the materials valued
at Rs. 913-2-5 have not yet
been disposed of; these two sums
make up the amount of Rs. 3595-4-2
shown in para 2 of the G. O.

2

2. Sanction was given
in G. O. No. 2682 of the
23rd November 1880 to the sale
of materials valued at Rs. 204-2-4.
These materials have been sold
and have realized Rs. 314-5-7.

3. By the same order (No. 2682)
materials valued at Rs. 9,375-0-10
were to be retained for use on works.
Materials to the value of Rs. 27,399-3
have been used on works, but
the Executive Engineer has esti-
mated the value of the remain-
ing materials at Rs. 4,385-14-0.
as compared with their supposed
value Rs. 6,435-7-7.

2939-9-3
6435-7-7
9375-0-10

4. The Executive Engi-
neer has brought the materials
on his Stock Account, viz
I those bearing the value of
Rs.

Rs. 913-2-5 (para 1 above) but
now estimated by him at Rs.
385-1-0, and, in my
opinion, not likely to be turned
to account at that price, and
II those estimated at Rs. 4,385-14-0
(para 3 above). I have objected
to this debit to Stock, upon para 2
of G. O. No. 2425 of the 20th Octo-
ber 1880, and also because there
is no Stock Reserve allotted to
the Division.

The Examiner thus asks that
the sanction of Government
may be obtained for a write-
back of the value of the mate-
rials brought on to the Stock
Account: and observes that
lists of the materials at each
work should be kept, adding
the

Govt. of (1882) Madras.
