No. 238.

READ—the following letter from Colonel J. BEATTY, R.E., Superintending Engineer, Fourth Circle, to the Chief Engineer, Public Works Department, dated Calicut, 18th January 1883, No. 25:—

- 1 Plan.
- 2 Estimates.
- 1 Abstract.
- 1 Report.
- 1 Specification.

Vellore, called for in G.O., No. 2047, of 19th August 1881.

2. The plan has been prepared in communication with the Inspector-General of Jails, and has been countersigned

by him in token of approval. But Colonel Tennant has desired that all door and window frames in the outer walls of the building may be furnished with two pairs of shutters, one pair fitted with glass and the other with venetians. He also proposes a somewhat larger porch in front of the house than the Executive Engineer had provided, some alterations of doors and windows which have been marked in red ink on the plan, and the substitution of glazed swinging ventilators for glazed fanlights. These alterations will not materially affect the cost.

3. The estimate has been prepared as for any building to be erected on contract by free labor, but it is intended to employ jail labor as far as practicable. The rate provided for wood-work and doors and windows is that which would have been required to get the work done of *Pegu teak* by contract, but I have arranged with the Inspector-General of Jails to get the whole of the wood-work prepared by convict labor of *Anaimalai teak* at the Coimbatore Jail. Large savings will thus be effected on all times except superintendence, but the probable amount of these savings cannot yet be calculated, as it is not known to what extent free skilled labor will be needed. It is understood that there are very few bricklayers, stone-cutters, and carpenters in the Vellore Jail.

4. If the plan be sanctioned, I shall be obliged by your authorizing me, by telegram, to commence operations, as a sum of Rs. 10,000 was entered for this work in the Convict Labor Fund Budget of 1882-83, which I presume is still available, and I calculate that 5,000 rupees can at once be spent on the purchase of timber.

No. 239.

ORDER—dated 25th January 1883, No. 279 W., Public Works.

The estimate, amounting to Rs. 26,080, for constructing a residence for the Superintendent of the Central Jail at Vellore, is sanctioned for execution when funds are available.

2. The work has not been provided for in the current year's Convict Labor Budget, nor in the budget for 1883-84.

3. This sanction has been registered as Provincial No. 212 W. of 1882-83 and classified as Civil Buildings, Original Works.

There is no provision made for this work in the Provincial
Budget or Civil Lab & Land Budget of this year or even
in 1882-83. Probably the Superintendent of Jails has provided
in his Budget Estimate. If so the Public Dept should
authorize the Acct. Genl to place the necessary funds at the
disposal of the Dept together with the charge on account
of Station & Travelling & Board.

Sir,

I have the honor to submit herewith the plan and Estimate for a residence for the Superintendent of the Central Jail at Vellore; called for in G. O. No. 2047 of 19th August, 1881.

2. The plan has been prepared in communication with the Inspector General of Jails; and has been countersigned by him in token of approval. But Colonel Tennant has desired that all door and window frames in the outer walls of the building may be furnished with two pairs of shutters, one pair fitted with glass and the other with venetians.
