8TH OCTOBER 1883, No. 2829 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers:—

Proceedings of the Board of Revenue, dated 14th September 1883, No. 2760.

Read—the following letter from L. R. BURROWS, Esq., Acting Collector of Cuddapah, to the Secretary to the Board of Revenue, dated 6th September 1883, No. 482:—

I have the honor to enclose a copy of letter, No. 340, dated 13th August 1883, from the Head Assistant Collector. I strongly endorse his view that the erection of a building for a taluk cutcherry at Pulivendla is very urgently required. This matter has already been brought to the notice of Government, as will be seen from the Board's Proceedings, No. 165, dated 2nd February 1881.

2. I therefore request that the Board will be pleased to move Government for provision of necessary funds in the Public Works Department budget of 1884-85, now in course of preparation.

ENCLOSURE.

From W. C. HOLMES, Esq., Acting Head Assistant Collector, to the Acting Collector of Cuddapah, dated 13th August 1883, No. 340.

I see by G.O., No. 1439, dated 17th June 1880 (Judicial), that the question of constructing a new taluk cutcherry at Pulivendla was referred to the Public Works Department, and that orders were to be issued on the subject at once. No steps, however, have been taken towards the construction of the cutcherry yet, and I beg to suggest that Government be moved to make provision for this building in the Public Works budget for 1884-85.

2. The necessity for a new cutcherry at Pulivendla has been long recognized. The thatched shed which is now used is unsuitable in every way. It is not nearly spacious enough. It is badly lighted, and is liable to be burnt. The condition of the subsidiary jail close to the cutcherry is very unsatisfactory. There is no compound for the prisoners to work in, and as there are only two cells, the sentenced and under-trial prisoners of each sex, whether adult or juvenile, have to be kept together. A house for keeping the records is hired close to the cutcherry, but the roof leaks, although it was repaired only last year. The tahsildar applies to have further repairs done this year; but it is doubtful whether the walls, which are old, can support a proper brick and chunam roof. I also hear that the registration department is going to erect an office for itself. It is always well, I think, to have the registration office near, if not in, the taluk cutcherry; but the new site for the latter has not yet been decided on, so that, unless something is done at once, there is a danger that the two new offices may be built in different parts of the town.

Resolution—dated 14th September 1883, No. 2760.

Submitted for the orders of Government.

2. The urgent necessity for the construction of this building has been previously brought to notice. The estimate for the work was sanctioned in G.O., Public Works
