2. *Regular Estimate for* 1882-83.—The regular estimate as revised by the Board is approved, but the Government note with regret the short expenditure on Public Works both in 1881-82 and 1882-83, caused in the first year by the want of a separate Engineering Establishment, and in the second year by the non-appointment of a separate Engineer for the Circle until the month of November, a delay which the President attributes to the late receipt of the sanctioned budget. In future such delays will be obviated by the orders passed in G.O., 19th April 1883, No. 778.

3. *Budget Estimate for* 1883-84.—In the Budget for 1883-84, Land-cess is estimated at the same figure as in the regular estimate, viz., Rs. 1,76,000, representing 95 per cent. of the total demand, a very satisfactory rate of collection. With regard to "Avenues," omitting the abnormal receipts in 1880-81 due to special* causes, the average income for the remaining four years noted in the margin of paragraph 4 of the Board's Proceedings amounts in round numbers to Rs. 2,370. The estimate will accordingly be raised to this amount.

* Paragraph 3, Board's Proceedings, dated 3rd October 1882, No. 2584.

4. Under Grant I, a provision of Rs. 85,420 is made for twenty-four new roads. Statement II-A shows that most of these are unsanctioned works. The attention of the President will be drawn to the instructions of Government in paragraph 3 of their

Order, dated 16th August 1882, No. 954. Item No. 28, the estimate for which exceeds Rs. 5,000, appears to have been sanctioned by the Board of Revenue. The Government desire to know why the estimate for the work was not submitted to them for sanction. The share of the cost of general management debitable to the Road Fund would appear to be Rs. 4,920 and not Rs. 4,900 as stated by the Board of Revenue. It is proposed to invest Rs. 44,000 during the current year on account of the Railway Guarantee Fund.

5. The Educational provision is fully discussed by the Board of Revenue. Subject to their remarks and to such modifications as may hereafter be found to be necessary, the assignments made in the budget will be allowed to stand.

6. The Board's remarks on Grant III are approved. The road map of the circle has not been submitted.

7. With these remarks, the Right Honorable the Governor in Council passes the Budget Estimates of the Negapatam Local Fund Circle for 1883-84.

RESOLUTION—dated 12th September 1883, No. 2732.

The Local Fund Budget of the Negapatam Circle for 1883-84 is herewith circulated to all officers concerned.

2. *Paragraph* 2 *of the Government Order.*—The President is informed that in G.O., Financial Department, dated 19th April 1883, No. 778, Government approved of the instructions contained in the Board's Proceedings, dated 30th March 1883, No. 886.

3. *Paragraph* 4 *of the Government Order.*—Item No. 28 referred to by Government is the construction of a dispensary at Kodavasal. The Proceedings quoted in the remark column of Statement II-A, Part I, against this work did not sanction the estimate, but merely formed a part of the correspondence bearing on it. The estimate was thrice submitted to Government and thrice returned by the Chief Engineer for revision.

4. *Paragraph* 6 *of the Government Order.*—The President's attention is called to the omission to forward the circle map.
