2. *Regular Estimate for 1882-83.*—The President's opening balance for 1882-83 not agreeing with the closing balance of 1881-82 as advised by the Accountant-General, the Board have adopted the latter officer's figure. The regular estimate of Land-cess collections is very unsatisfactory, over 41 per cent. of the arrears, which extend over a period of eight years, and about 39 per cent. of the current demand being expected to remain unrealized at the close of the year. The Government are unable to understand why this circle, more than any other in the Presidency, should be so backward in the matter of collection, and they look to the President to effect an improvement in this respect. Under "7, Miscellaneous," a sum of Rs. 458 shown in Column 2 of the regular estimate is omitted in Column 5, and in the same column "Receipts from Travellers' Bungalows" are erroneously set down as Rs. 492 instead of Rs. 592, the total of Columns 2 and 4. Allowing for these errors, the total assets should in round numbers be Rs. 4,19,260 and not Rs. 4,18,700. In the absence of explanation as to the nature of the Miscellaneous receipts, the whole of the excess, Rs. 558, is credited to the General Fund in the abstract at the head of these Proceedings. Under Charges it is stated that more than half the allotment for new choultries

will remain unutilized at the end of the year, but no reason is assigned. As the Board's revision of the regular estimate took place on the 30th March 1883, there was apparently no need to enter Rs. 3,620 under Road Fund Reserve. The provision will accordingly be struck out. In other respects the remarks passed by the Board on the regular estimate are approved.

3. *Budget Estimate for 1883-84.*—The forecast of Land-cess collections for the current year is again extremely low, but will be allowed to stand for the present. The President will report later on in the year to what extent it can be raised. The fact that no income is estimated under "Interest on Arrears of Cess," notwithstanding the large arrears outstanding, should be explained.

4. Under Grant I the allotments, as revised by the Board in their Proceedings, dated 25th May 1883, No. 1445, are approved, and, under the circumstances therein stated, the proposal to postpone the adjustment of the famine debt for another year is sanctioned, as is also the proposed increase in the pay of the Local Fund Engineer. The provision for Tools and Plant should be Rs. 2,440 and not Rs. 2,630. With regard to the remaining grants, the Government have nothing to add to the remarks already passed by the Board of Revenue.

5. The following discrepancies appear in the accounts and should be explained:—

	Statement I-A.	Statement I-B.	Statement III.	Statement IV-A.
	RS.	RS.	RS.	RS.
Provincial Grant for Schools ..	1,700	..	698	..
" School Fees "	2,700	..	2,732	..
GRANT III—Bungalows—				
Establishment	..	870	..	828
Contingencies	..	100	..	147

6. With these remarks the Right Honorable the Governor in Council passes the Budget Estimates of the Nellore Local Fund Circle for 1883-84.

RESOLUTION—dated 7th September 1883, No. 2661.

The Local Fund Budget of the Nellore Circle for 1883-84 is herewith circulated to all officers concerned.

2. *Paragraph 2 of the Government Order.*—The President's attention is drawn to the remarks of Government regarding the backward state of the Land-cess collections.

3. *Paragraph 3 of the Government Order.*—The President will, in due course, submit through the Board the report called for in this paragraph.

4. *Paragraph 5 of the Government Order.*—In regard to the discrepancies noticed in this paragraph, it is observed that the President has explained in paragraph 39 of his letter printed in Board's Proceedings, dated 30th March 1883, No. 904, that of the sum of Rs. 1,700 entered under Provincial Grants for Schools, Rs. 698, or Rs. 700 in round numbers, were expected on account of the Upper Fourth Classes in the Náyudu-

pet, Venkatagiri and Kandukúr Schools, and that Rs. 1,000 were anticipated on account of Local Fund pupils passing the fourth standard if boys, and all standards if girls, in other schools. As the particular schools in which the latter amount would be earned was probably not known, the amount was omitted in Statement III. It will now be entered in lump in that statement. In regard to school fees, it is noted that the difference has arisen by entering round figures in the General Statement of Receipts (I-A). Rs. 100, entered as Bungalow Contingencies in Statement I-B, will be altered to Rs. 140, the establishment charges being reduced by Rs. 40, which is the provision in Statement IV-A on account of furniture required for the Udayagiri Bungalow.

5. The allotment of Rs. 180 originally provided for the pay of the Writer attached to the District Medical and Sanitary Officer will be restored in the budget with reference to Board's Proceedings, dated 24th July 1883, No. 2114, and the provision for Sanitation will be altered as indicated in paragraph 2 of Board's Proceedings, dated 11th August 1883, No. 2346.

2. *Regular Estimate for 1882-83.*—The President's opening balance for 1882-83 not agreeing with the closing balance of 1881-82 as advised by the Accountant-General, the Board have adopted the latter officer's figure. The regular estimate of Land-cess collections is very unsatisfactory, over 41 per cent. of the arrears, which extend over a period of eight years, and about 39 per cent. of the current demand being expected to remain unrealized at the close of the year. The Government are unable to understand why this circle, more than any other in the Presidency, should be so backward in the matter of collection, and they look to the President to effect an improvement in this respect. Under "7, Miscellaneous," a sum of Rs. 458 shown in Column 2 of the regular estimate is omitted in Column 5, and in the same column "Receipts from Travellers' Bungalows" are erroneously set down as Rs. 492 instead of Rs. 592, the total of Columns 2 and 4. Allowing for these errors, the total assets should in round numbers be Rs. 4,19,260 and not Rs. 4,18,700. In the absence of explanation as to the nature of the Miscellaneous receipts, the whole of the excess, Rs. 558, is credited to the General Fund in the abstract at the head of these Proceedings. Under Charges it is stated that more than half the allotment for new choultries

will remain unutilized at the end of the year, but no reason is assigned. As the Board's revision of the regular estimate took place on the 30th March 1883, there was apparently no need to enter Rs. 3,620 under Road Fund Reserve. The provision will accordingly be struck out. In other respects the remarks passed by the Board on the regular estimate are approved.

3. *Budget Estimate for 1883-84.*—The forecast of Land-cess collections for the current year is again extremely low, but will be allowed to stand for the present. The President will report later on in the year to what extent it can be raised. The fact that no income is estimated under "Interest on Arrears of Cess," notwithstanding the large arrears outstanding, should be explained.

4. Under Grant I the allotments, as revised by the Board in their Proceedings, dated 25th May 1883, No. 1445, are approved, and, under the circumstances therein stated, the proposal to postpone the adjustment of the famine debt for another year is sanctioned, as is also the proposed increase in the pay of the Local Fund Engineer. The provision for Tools and Plant should be Rs. 2,440 and not Rs. 2,630. With regard to the remaining grants, the Government have nothing to add to the remarks already passed by the Board of Revenue.

5. The following discrepancies appear in the accounts and should be explained:—

RESOLUTION—dated 7th September 1883, No. 2661.

The Local Fund Budget of the Nellore Circle for 1883-84 is herewith circulated to all officers concerned.

2. *Paragraph 2 of the Government Order.*—The President's attention is drawn to the remarks of Government regarding the backward state of the Land-cess collections.

3. *Paragraph 3 of the Government Order.*—The President will, in due course, submit through the Board the report called for in this paragraph.

4. *Paragraph 5 of the Government Order.*—In regard to the discrepancies noticed in this paragraph, it is observed that the President has explained in paragraph 39 of his letter printed in Board's Proceedings, dated 30th March 1883, No. 904, that of the sum of Rs. 1,700 entered under Provincial Grants for Schools, Rs. 698, or Rs. 700 in round numbers, were expected on account of the Upper Fourth Classes in the Náyudu-

pet, Venkatagiri and Kandukur Schools, and that Rs. 1,000 were anticipated on account of Local Fund pupils passing the fourth standard if boys, and all standards if girls, in other schools. As the particular schools in which the latter amount would be earned was probably not known, the amount was omitted in Statement III. It will now be entered in lump in that statement. In regard to school fees, it is noted that the difference has arisen by entering round figures in the General Statement of Receipts (I-A). Rs. 100, entered as Bungalow Contingencies in Statement I-B, will be altered to Rs. 140, the establishment charges being reduced by Rs. 40, which is the provision in Statement IV-A on account of furniture required for the Udayagiri Bungalow.

5. The allotment of Rs. 180 originally provided for the pay of the Writer attached to the District Medical and Sanitary Officer will be restored in the budget with reference to Board's Proceedings, dated 24th July 1883, No. 2114, and the provision for Sanitation will be altered as indicated in paragraph 2 of Board's Proceedings, dated 11th August 1883, No. 2346.
