2. *Regular Estimate for* 1882-83.—The Land-cess collections, according to the regular estimate, amount only to 81 per cent. of the total demand, a low estimate which has probably been exceeded. The attention of the Director of Public Instruction will be drawn to the discontinuance by the Circle Board of the practice of charging fees in schools where English is taught, a measure which the Government concur with Board of Revenue in regarding as one "by no means in the right direction."

3. *Budget Estimate for* 1883-84.—For 1883-84 the Land-cess estimate amounts to 83 per cent. of the aggregate demand. There is no apparent reason why over 18 per cent. of the current demand should be expected to remain uncollected at the close of the year, and endeavours should be made to show better results when the regular estimate is submitted. As compared with the charges under the same head the receipts anticipated from Public bungalow are extremely small.

4. Under Grant I, Communications, allotments, amounting to Rs. 60,000, are provided for thirteen new works, in addition to an assignment of Rs. 6,000 for village roads. A sum of Rs. 5,370 is entered under "(*c*) Contingencies," representing 41 per cent. on the cost of Local Fund Engineering Establishment. This would appear to be an excessive estimate, only Rs. 2,856 having been actually expended under this head in 1881-82, and Rs. 897 during the first four months of 1882-83. The Board of Revenue will consider whether the allotment cannot safely be reduced to Rs. 3,000. The proposed increase in the salaries of the Local Fund Engineer's Head Accountant and Draughtsman is sanctioned, as also the entertainment of an additional Accountant.

5. As regards Grants II and III, the Government have nothing to add to the observations of the Board of Revenue.

6. With these remarks, the Right Honorable the Governor in Council passes the Budget Estimates of the Ellore Local Fund Circle for 1883-84.

RESOLUTION—dated 17th September 1883, No. 2793.

The Local Fund Budget Estimate of the Ellore Circle for 1883-84 is herewith circulated to all officers concerned.

2. *Paragraph* 2 *of the Government Order.*—From the Demand, Collection and Balance Statement for March last, it is observed that Rs. 1,30,702 were actually collected in 1882-83, against Rs. 1,35,000 entered in the regular estimate. The President will clearly explain in his report, which has not yet been received, the cause of the short collections.

3. *Paragraph* 4 *of the Government Order.*—With reference to the remarks regarding the provision of Rs. 5,370 for Public Works Contingencies, the Board observe that the amount includes the travelling allowance payable to the Engineering Establishment. The President is requested to report the amount required for travelling allowance and that required for contingencies, so that the former may be included in the charge for establishment, and the latter shown separately.

4. The President is requested to submit an early reply to the several points noticed in Board's Proceedings, dated 30th March 1883, No. 905, reviewing the budget.

2. *Regular Estimate for* 1882-83.—The Land-cess collections, according to the regular estimate, amount only to 81 per cent. of the total demand, a low estimate which has probably been exceeded. The attention of the Director of Public Instruction will be drawn to the discontinuance by the Circle Board of the practice of charging fees in schools where English is taught, a measure which the Government concur with Board of Revenue in regarding as one "by no means in the right direction."

3. *Budget Estimate for* 1883-84.—For 1883-84 the Land-cess estimate amounts to 83 per cent. of the aggregate demand. There is no apparent reason why over 18 per cent. of the current demand should be expected to remain uncollected at the close of the year, and endeavours should be made to show better results when the regular estimate is submitted. As compared with the charges under the same head the receipts anticipated from Public bungalow are extremely small.

4. Under Grant I, Communications, allotments, amounting to Rs. 60,000, are provided for thirteen new works, in addition to an assignment of Rs. 6,000 for village roads. A sum of Rs. 5,370 is entered under "(*c*) Contingencies," representing 41 per cent. on the cost of Local Fund Engineering Establishment. This would appear to be an excessive estimate, only Rs. 2,856 having been actually expended under this head in 1881-82, and Rs. 897 during the first four months of 1882-83. The Board of Revenue will consider whether the allotment cannot safely be reduced to Rs. 3,000. The proposed increase in the salaries of the Local Fund Engineer's Head Accountant and Draughtsman is sanctioned, as also the entertainment of an additional Accountant.

5. As regards Grants II and III, the Government have nothing to add to the observations of the Board of Revenue.

6. With these remarks, the Right Honorable the Governor in Council passes the Budget Estimates of the Ellore Local Fund Circle for 1883-84.

RESOLUTION—dated 17th September 1883, No. 2793.

The Local Fund Budget Estimate of the Ellore Circle for 1883-84 is herewith circulated to all officers concerned.

2. *Paragraph* 2 *of the Government Order.*—From the Demand, Collection and Balance Statement for March last, it is observed that Rs. 1,30,702 were actually collected in 1882-83, against Rs. 1,35,000 entered in the regular estimate. The President will clearly explain in his report, which has not yet been received, the cause of the short collections.

3. *Paragraph* 4 *of the Government Order.*—With reference to the remarks regarding the provision of Rs. 5,370 for Public Works Contingencies, the Board observe that the amount includes the travelling allowance payable to the Engineering Establishment. The President is requested to report the amount required for travelling allowance and that required for contingencies, so that the former may be included in the charge for establishment, and the latter shown separately.

4. The President is requested to submit an early reply to the several points noticed in Board's Proceedings, dated 30th March 1883, No. 905, reviewing the budget.

2. *Regular Estimate for* 1882-83.—The Land-cess collections, according to the regular estimate, amount only to 81 per cent. of the total demand, a low estimate which has probably been exceeded. The attention of the Director of Public Instruction will be drawn to the discontinuance by the Circle Board of the practice of charging fees in schools where English is taught, a measure which the Government concur with Board of Revenue in regarding as one "by no means in the right direction."

3. *Budget Estimate for* 1883-84.—For 1883-84 the Land-cess estimate amounts to 83 per cent. of the aggregate demand. There is no apparent reason why over 18 per cent. of the current demand should be expected to remain uncollected at the close of the year, and endeavours should be made to show better results when the regular estimate is submitted. As compared with the charges under the same head the receipts anticipated from Public bungalow are extremely small.

4. Under Grant I, Communications, allotments, amounting to Rs 60,000, are provided for thirteen new works, in addition to an assignment of Rs. 6,000 for village roads. A sum of Rs. 5,370 is entered under "(*c*) Contingencies," representing 41 per cent. on the cost of Local Fund Engineering Establishment. This would appear to be an excessive estimate, only Rs. 2,856 having been actually expended under this head in 1881-82, and Rs. 897 during the first four months of 1882-83. The Board of Revenue will consider whether the allotment cannot safely be reduced to Rs. 3,000. The proposed increase in the salaries of the Local Fund Engineer's Head Accountant and Draughtsman is sanctioned, as also the entertainment of an additional Accountant.

5. As regards Grants II and III, the Government have nothing to add to the observations of the Board of Revenue.

6. With these remarks, the Right Honorable the Governor in Council passes the Budget Estimates of the Ellore Local Fund Circle for 1883-84.

RESOLUTION—dated 17th September 1883, No. 2793.

The Local Fund Budget Estimate of the Ellore Circle for 1883-84 is herewith circulated to all officers concerned.

2. *Paragraph* 2 *of the Government Order.*—From the Demand, Collection and Balance Statement for March last, it is observed that Rs. 1,30,702 were actually collected in 1882-83, against Rs. 1,35,000 entered in the regular estimate. The President will clearly explain in his report, which has not yet been received, the cause of the short collections.

3. *Paragraph* 4 *of the Government Order.*—With reference to the remarks regarding the provision of Rs. 5,370 for Public Works Contingencies, the Board observe that the amount includes the travelling allowance payable to the Engineering Establishment. The President is requested to report the amount required for travelling allowance and that required for contingencies, so that the former may be included in the charge for establishment, and the latter shown separately.

4. The President is requested to submit an early reply to the several points noticed in Board's Proceedings, dated 30th March 1883, No. 905, reviewing the budget.
