Account.

Read—the following letter from Lieutenant-Colonel A. FILGATE, R.E., Deputy Secretary to the Government of India, Public Works Department (Account—General), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 5th October 1883, No. 282 A.G.:—

I am directed to acknowledge the receipt of your letter, No. 2327 W., Public Works, dated 18th August 1883, inquiring, with reference to this office circular No. XI of 1883, whether estimates of the probable requirements of stores for the Public Works Department, Madras, should be forwarded to the Government of India, or, like indents, transmitted direct to the Secretary of State.

"Separate returns in Form K are required from the several Branches and State Railways to reach the Government of India on the 1st August; for Form L, a combined return is required from each Province and State Railway; this should reach the Government of India not later than the 31st August."

2. In reply, I am to state that these estimates should be submitted to the Government of India, as directed in the extract marginally quoted from paragraph 2 of the circular referred to.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General Account.

READ—the following letter from Lieutenant W. L. C. BADDELEY, R.E., General Superintendent, Public Works Stores, to the Deputy Chief Engineer, Public Works Department, dated Madras, 9th August 1883, No. 658 S. :—

I have the honor to forward, for submission to Government, estimate of the probable quantity and value of stores required from England for the use of the Public Works Department during the official year 1884-85, prepared in the form prescribed by the Government of India Resolution, No. 185, dated 10th January 1883, communicated with G.O., No. 2060 W., dated 27th July 1883.

2. I have provided in the estimate for a number of scientific instruments, as nearly all those in stock are second hand, have been in use for several years, and often repaired.

3. Of the 24 levelling instruments sent to England in June 1882 for repair, 16 were condemned by the Director-General of Stores, London, *vide* G.O., 9th January 1883, No. 59, Public Works.

4. Under the head of Machinery I have provided for two 8-H.P. portable engines, as there is not a reliable engine in stock; also for four foot lathes, as almost all the lathes in the Mathematical Instrument shop are worn out from long and constant use.

ORDER—dated 18th August 1883, No. 2326 W., Public Works.

Ordered to be forwarded to the Secretary of State through the Government of India.

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,

PUBLIC WORKS DEPARTMENT.

SIR,

In forwarding, for transmission to the India Office, the accompanying estimate of the probable quantity and value of stores required from England for the use of the Madras Public Works Department during the official year 1884-85, I am directed to inquire whether, with reference to Circular No. XI, Public Works, dated 21st June 1883, it is intended that these estimates should be forwarded through the Government of India. This Government presume that, as in the case of indents, the annual estimates may be transmitted direct to the Secretary of State, but the wording of the circular in question leaves the point open to doubt.

I have the honor to be,
Sir,
Your most obedient servant,
