SIR,

Enclosures.

I have the honor to request that the following individual

Draftsman 2nd Class

Etheraja Movr. Draftsman attached to the Project Division may be permitted to draw the pay of 1st Class Draftsman in anticipation of his passing the Examination, which will be held next May - as he has the qualifications of a first Class Drafts=man and has worked most satisfac=torily, since he was temporarily ap=pointed in February 1883.

2. The Budget grant for 1883/84

provides for two 1st Class Draftsmen but until there is a large amount of Drawing work to be done, one man will be able to cope with the work on hand.
