2. *Regular Estimate for* 1882-83.—The Demand, Collection, and Balance Statement of Land-cess submitted with the regular estimate should show the period over which the arrears extend. As regards the unsatisfactory state of the Land-cess collections, the Government trust that the steps reported to have been taken by the President will effect a marked improvement.

3. *Budget Estimate for* 1883-84.—In the estimate of receipts for 1883-84, the item "Fees in Schools" will be reduced to Rs. 1,750 with reference to paragraph 3 of the Board's Proceedings, dated 30th March 1883, No. 898. The Land-cess estimate is, as observed by the Board, "exceedingly low," and might well have been raised to at least 75 per cent. of the total demand. In the absence of any reason to the contrary, the Board are authorized to raise it accordingly.

4. Under Grant I, no provision is made for new works, but proposals for utilizing the large road fund balance are promised. The provision for Engineering establishment will be raised by Rs. 270,* with reference to G.O., dated 20th June 1883, No. 1233, Miscellaneous. The enhanced allotment for education is satisfactory. As regards the contribution to the Adóni Municipality on account of the

hospital, it is observed that Rs. 600 are provided, whereas only Rs. 550 are taken credit for in the Adóni Municipal budget for 1883-84. The other items of expenditure call for no remark.

Reviewing the budget estimates of the Bellary Local Fund Circle for 1883-84.

PROCEEDINGS OF THE BOARD OF REVENUE.

I have the honor to submit the Budget Estimates of the Bellary Circle for 1883-84.

2. The subjoined figures represent the estimates for the ensuing year, as compared with the estimates for the current year, and the actuals for 1881-82 :—

3. The figures given by the Accountant-General have been adopted as the opening balance of the current year. The total balance does not materially differ from that given in the revised budget :—

	As per Accountant-General's Figures.	As per Revised Budget Estimate.
	RS.	RS.
Road Fund Balance	99,875	93,900
General Fund do.	27,501	33,460
Endowment Fund do.	195	...
Total ...	1,27,571	1,27,360

4. The current year's estimate of receipts is expected to be almost entirely realized, the difference being very inconsiderable, viz., Rs. 2,145 :—

	RS.
Receipts as per revised budget	1,48,390
Do. as per regular estimate	1,46,245
Difference ...	2,145

5. The fluctuations which have chiefly led to this difference are as follow :—

—	As per Revised Budget.	As per Regular Estimate.	Difference.
	RS.	RS.	RS.
(*a*) Land-cess	1,30,000	1,15,000	— 15,000
(*b*) Tolls	5,710	16,100	10,390
(*c*) Ferry Rents	5,800	6,600	800
(*d*) Market Fees	2,000	1,400	— 600
(*e*) Sale of other property	120	1,700	1,580
Total ...	1,43,630	1,40,800	— 2,830

(*a*) This is due to the unsatisfactory nature of the past season, which affected the kists of April and May 1882.

(*b*) The Local Fund share of the tolls realized by the Bellary Municipality during 1881-82 was Rs. 8,174, a portion of which—viz., Rs. 419—was paid within that year, and the balance—Rs. 7,755—in 1882-83, as explained in paragraph 8 (*f*) of the Vice President's letter, No. 158, dated the 6th September 1882, embodied in mine of the same date, bearing No. 3071. Tolls have since 1881-82 been levied by the Bellary Municipality at the full rates prescribed in the schedule instead of at half-rates as formerly. These two facts contribute to the increase under Tolls.

(*c*) The Sovinhally Ferry, referred to in G.O., No. 2147, dated the 14th November 1879, communicated with Board's Proceedings, No. 11036, dated the 28th idem, was sold in this district for Rs. 563 for 1880-81. On the representation of the President of the Dharwar Circle Board that the farm would yield more if sold in that district, the subsequent sales were arranged to be held there, and the result was that the ferry was sold for Rs. 2,000 for 1881-82 and Rs. 1,400 for 1882-83. Arrangements have, in communication with the President of the Board, been made for the equal distribution and adjustment of the income between the two circles in the accounts of the current year.

(*d*) The market-fee system was introduced partly in May and partly in July 1882.

(*e*) The dilapidated chattram at Hospet was sold during the year for Rs. 1,575.

6. The variations under the remaining items are explained in Enclosure No. 2. The assets of the year amount to Rs. 2,73,816 :—

	RS.
Road Fund	1,92,800
General Fund	79,430
Endowment Fund	1,590

7. Availing themselves of the concession accorded in paragraph 4 of the Board's Proceedings, No. 1219, dated the 3rd May 1882, the Circle Board have resolved to utilize the income from "Surplus Pound Fund," "Fisheries" and "Ferry Rents" for General Fund purposes, to meet the educational and sanitary requirements of the circle.

(*e*) Ferry Rents	6,600	6,000	— 600
(*f*) Market Rents	1,400	2,000	600
(*g*) Fees in Travellers' Bungalows...	660	300	— 360
(*h*) Sale of other property	1,700	150	— 1,580

(*a*) Rs. 1,30,000 have been inserted in the hope that the later part of 1883-84 prove a really good season for agriculture—an expectation which at present appears likely to be realized.

(*b*) The reasons given in paragraph 5(*b*) *supra* account for the difference.

(*c*) & (*d*) In anticipation of the sanction of Government applied for in my letter, No. 242, dated the 9th instant, regarding certain changes in the Local Fund Schools at Hospet and Narraindeverkerra, the contribution from Provincial Funds promised by the Director of Public Instruction and the enhanced rates of fees proposed to be levied in those schools have been duly provided for.

(*e*) The adjustment of the receipts of the Sovinhally Ferry of 1881-82 in the accounts of 1882-83, as described in paragraph 5(*c*) above, causes the difference.

(*f*) The market-fee system sanctioned in Board's Proceedings, No. 7519, dated 6th August 1881, was introduced partly in May and partly in July 1882, whereas the provision for 1883-84 includes the receipts of a whole year.

(*g*) The receipts were exceptionally large during the current year, in consequence of the Travellers' Bungalows situated in the Bellary Division of the Marmagoa State Railway line having been largely used by the members of that railway. The line is now approaching completion in the neighbourhood of these bungalows, and the receipts of 1883-84 may be expected to fall off to a great extent.

(*h*) The sale of the old chattram at Hospet, adverted to in paragraph 5(*e*) above, contributes to the difference.

12. For the reasons given in paragraph 7 above, the income from the sources mentioned therein will be utilized for General Fund purposes during the ensuing year also.

13. The total assets for 1883-84 amount to Rs. 1,76,080 :—

	Rs.
Road Fund	1,08,390
General Fund	65,600
Endowment Fund	2,090
Total ...	1,76,080

14. *Grant I, New Works.*—No new works are entered as in paragraph 6 of their Proceedings, No. 2095, dated the 21st of August last; the Board have directed that proposals for new establishments, plans and estimates for works requiring special orders should not be brought forward in the budget. As projects are matured, plans and estimates prepared and funds found available, the necessary sanction will be applied for.

15. *Repairs.*—The total allotment for repairs of roads amount to Rs. 75,630, exclusive of Rs. 5,600, which it is proposed to utilize for the undermentioned miscellaneous improvements :—

	Rs.
Maintenance of avenues	5,000
Repairs of dispensaries	100
„ of Travellers' Bungalows	400
„ of School buildings	100

16. *Engineering Establishment.*—The cost of this establishment is Rs. 18,200, or 22½ per cent. of the allotment on works as at present entered in the budget. The proposals which will be submitted subsequent to the despatch of this budget and the savings, stoppages, &c., from pay and allowances of subordinates, will, it is expected, further reduce the net cost of the establishment below the standard prescribed by the Government of India, *viz.*, 23 per cent.

17. *Grant II, Education.*—The Educational allotment is Rs. 18,780, as detailed below :—

	Rs.
(*a*) Contribution to Provincial Fund on account of a Provincial Deputy Inspector in lieu of the existing Additional Deputy Inspector paid directly from Local Funds; *vide* my letter, No. 3626, dated the 24th October 1882	1,500
(*a*) Three Inspecting Schoolmasters in lieu of only two Inspecting Schoolmasters as at present; *vide* my letter, No. 3612, dated 19th October 1882	1,440
Bellary Training School	1,980
(*b*) Local Fund Schools	6,770
(*c*) Results Grants	6,000
(*d*) Miscellaneous	1,090
Total ...	18,780

(*a*) The undermentioned officers constitute the Inspecting Staff of the circle :—
Two Provincial Deputy Inspectors—one in charge of the Bellary Division, and the other Hospet Division.
Three Inspecting Schoolmasters—two for Bellary Division, and one for Hospett Range.

(*b*) The changes proposed in my letter quoted in paragraph 11(*d*) above contribute to the increased expenditure under this item.

(*c*) Rs. 6,000 have been provided for Results Grants, to meet the growing requirements of the circle.

(*d*) As the District Depôt will shortly be closed and books have to be sent for from Madras, Rs. 1,000 are entered as the value of books to be purchased, and Rs. 90 as commission for their sale.

18. *Grant III, Hospitals and Dispensaries.*—There are at present six dispensaries in the circle—two Municipal Dispensaries (Bellary and Adóni) aided from Local Funds, and four Local Fund Dispensaries (Alúr, Hospet, Harpanahalli and Kúdligi) maintained purely from Local Funds. Ráyadrug and Kampli will now be added to the list, proposals for the establishment of Third-class Dispensaries there having already been submitted to the Board for special sanction in my letter, No. 243, of the 9th instant.

19. The total estimated outlay under Hospitals and Dispensaries amounts to Rs. 12,650, as shown below :—

	Rs.
Local Fund Dispensaries	9,300
Medical Pupils—three attending the collegiate course in the College at Madras and three the pre-collegiate course at Bellary under the supervision of the Civil Surgeon	500
Maintenance of Lunatics	300
Contribution to the Municipal Dispensary, Bellary	1,200
Do. to the Municipal Dispensary, Adóni	600
Do. to the Medical College, Madras	750
Total ...	12,650

20. The contribution heretofore made to Kalyándrúg Dispensary, in the Anantapur Circle, presumably for the benefit of the residents of the Ráyadrug Taluk, it is proposed to discontinue, as this Circle Board have applied for sanction to open a dispensary of their own at Ráyadrug.

21. *Sanitation.*—Rs. 4,000 have been provided for improvement of water-supply, and Rs. 1,000 for village-site improvement. The total outlay under this head amounts to Rs. 9,400, as particularized below :—

	Rs.
Sanitary establishment	2,900
Fairs and festivals	1,000
Unforeseen charges	500
Improvement of water-supply	4,000
Village-site improvement	1,000
Total ...	9,400

22. *Grant IV.*—The provision made under this head requires no special notice, except that one additional clerk on Rs. 15 a-month has been added to the list of the Circle Board's office establishment: *vide* my letter, No. 3609, of the 19th October 1882.

23. The year is estimated to close with a surplus balance of Rs. 1,730 under Road Fund, Rs. 1,650 under General Fund, and Rs. 690 under Endowment Fund.

READ—the following letter from H. P. GORDON, Esq., Collector and President, Local Fund Board, Bellary, to the Secretary to the Board of Revenue, dated 8th December 1882, No. 332 :—

ABSTRACT.—Forwarding papers, &c., connected with the budget estimate of the Bellary Circle for 1883-84.

READ—the following letter from Surgeon A. J. STURMER, Secretary to the Surgeon-General with the Government of Madras, to the Secretary to the Board of Revenue, dated Madras,——January 1883, No. 346 :—

I have the honor, by desire of the Surgeon-General, to report to your Board that the sum set apart in Grant III of the 1883-84 Local Fund Budget Estimate of the Bellary Circle for the maintenance of the six dispensaries, including the two* institutions sanctioned in G.O., No. 2062 of 30th December 1882, Financial Department, is adequate.

* Ráyadrug and Kampli.

2. Medical subordinates of the Civil Apothecary grade will be posted to the two hospitals referred to in July next.

3. A sum of Rs. 750 is entered as contribution towards the expenses of the Medical College.

READ—the following letter from Deputy Surgeon-General M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated Madras, 26th January 1883, No. 79 :—

I have the honor to report, for the information of the Board of Revenue, that the sanitary allotment of the Bellary Circle for 1883-84 shows improvement. The Local Board propose to set apart Rs. 9,400, or 21·6 per cent. of available income, for the following sanitary requirements, which appears to be well distributed. Fourteen towns and villages will have scavengering establishments of varying strength employed in them :—

	Rs.
Conservancy	2,870
Improvement of water-supply	4,000
Do. of village-sites	1,000
Fairs and festivals	1,000
Unforeseen sanitary charges	500
Contingencies	30
Total ...	9,400

2. The vaccination grant amounts to Rs. 7,800. No details of establishment have been given. I am unable, therefore, to determine how this money is to be disposed of, and if the establishment to be maintained is in accordance with rules.

RESOLUTION—dated 16th February 1883, No. 448.

The Local Fund Budget Estimate of the Bellary Circle for 1883-84 is herewith submitted for the orders of Government.

REGULAR ESTIMATE FOR 1882-83.

2. *Receipts.*—The opening balance of this circle is, as stated in paragraph 3 of Board's Proceedings, dated 11th August 1882, No. 2007, made up of the whole of the balance in favor of the late Bellary Circle and five-ninths of that of the Gooty Circle. The total balance adopted by the President agrees with that advised by the Accountant-General, but there is a slight difference in its apportionment. The Accountant-General's figures, which are as follows, will be adopted :—

	Rs.
Road Fund	1,00,098
General do.	27,278
Endowment do.	195
Total ..	1,27,571

The yield from *Land-cess* is put down at Rs. 1,15,000, against Rs. 1,30,000 in the budget. The decrease is stated to be due to the kists of April and May not having been fully realized owing to the unfavorable character of the past season. It is most unsatisfactory that not even half the total demand (current and arrears) should be collected. The Collector will give his careful attention to the matter, and adopt every measure to secure the realization of at least the amount entered in the budget. The expected receipts from *Tolls* are almost treble the amount entered in the budget. The increase is attributed to the balance, due from the Bellary Municipality, of the Local Fund share of the tolls collected by it in 1881-82, only a small fraction of the amount payable having been transferred within that year, as also to the levy by that body of tolls at the maximum rates instead of at half-rates as formerly. Rs. 220 are contributed by the Adóni and Bellary Municipalities towards the cost of the Normal School at Bellary, and Rs. 20 by the Adóni Municipality alone for vaccination inspection. These amounts were omitted to be taken credit for in the budget through an oversight. *Ferry Rents* are raised by Rs. 800 owing to the enhanced receipts expected from the Dharwar Board on account of the Sovinhally Ferry, as explained in the President's letter recorded in Board's Proceedings, dated 13th January 1883, No. 93. Fees from Public Bungalows are estimated at Rs. 660, or Rs. 400 more than the amount entered in the budget. The frequent occupation of the bungalows on the line of the Marmagoa State Railway by the officers engaged in its construction has led to the increase in the receipts. Rs. 1,575 realized by the sale of the dilapidated chattram at Hospet are included under the head of "Sale of other Property." The number and date of the order sanctioning the sale should be quoted. The variations in the other items are unimportant, and are explained by the President. In paragraph 5 of G.O., dated 10th March 1882, No. 284, it was ordered that the Special Funds should be credited to the General Fund, but this was not done in the revised budget for the newly-formed Bellary Circle, as the General Fund did not then need to be supplemented. The Local Fund Board have, however, now transferred these items of revenue (Pound Fund, Ferry Rents and Fisheries) from the Road to the General Fund, as the latter requires additional funds to meet its necessary charges and as there is a large balance in favor of the Road Fund. The assets of the several Minor Funds are, under this arrangement, as follows :—

	Rs.
Road Fund	1,93,013
Endowment Fund	1,595
General Fund	79,208
Total ...	2,73,816

3. *Expenditure.*—Rs. 20,840, against Rs. 20,430 in the budget, are entered for "New Works—Communications." The amount will be reduced by Rs. 3,030, as the estimate for completing the unmade portion of road from Siruguppa to Adóni, &c., for which an allotment of Rs. 10,000 was provided in the budget, has been reduced to Rs. 6,970 in G.O., No. 19 W., dated 6th January 1883, Public Works Department. For "Civil Buildings," the allotment in the budget is repeated, while for "Miscellaneous Public Improvements," Rs. 210 out of Rs. 530, subsequently sanctioned by the Board, are added. Under "Repairs," the allotment for "Communications" will be raised by Rs. 130, sanctioned subsequent to the submission of the regular estimate. The provision for "Civil Buildings" is within the sanctioned amount, and that for "Miscellaneous Public Improvements" is that entered in the budget. The cost of the "Local Fund Engineering Establishment" is put down at Rs. 1,700 less than in

the budget, as it is expected that the savings in the fixed establishment charges will cover the cost of the temporary establishment sanctioned in G.O., Financial Department, No. 1452, dated 12th October 1882, and for which a provision of Rs. 1,695 was added in the budget. The balance of the Road Fund Reserve is Rs. 9,380, which will be entered in the regular estimate. Rs. 55,780 are provided for payment to Provincial Funds towards the adjustment of famine expenditure, but as the amount due from this circle is only Rs. 18,512, the difference will be transferred to the balance. The share of cost of the Local Fund Engineering Establishment, of Tools and Plant and of General Management, chargeable to the Road Fund, are respectively Rs. 14,400, 2,090 and 2,650. The variations in the other items of expenditure are not important.

4. The annexed abstract shows the charges of the regular estimate as modified by the Board:—

These balances will be carried over to the budget of 1883-84.

BUDGET ESTIMATE FOR 1883-84.

5. *Statement I-A, Revenue and Receipts.*—Rs. 700, against Rs. 420 in the current year's budget, are estimated under *Provincial Grants for Schools*. The increase is due to credit being taken for a larger grant for the Middle Class School at Hospet, and a grant for the first time of Rs. 180 for the one at Narraindeverkerra. It is observed that in Statement III, Rs. 750 are entered on this account, whereas in the General Statement of Receipts only Rs. 700 are put down. The former figure will be adopted in the latter statement also. The receipts from *Pound Fund* are estimated at Rs. 650, but the amount will be raised to Rs. 760, to correspond with the sum entered in the Special Local Funds budget. Rs. 1,30,000, as in the current year, are set down as the collections from *Land-cess*. From the Demand, Collection and Balance Statement of the cess submitted by the President with his letter, dated 8th December 1882, No. 332, it is observed that 42 per cent. of the arrears and 68 per cent. of the current

demand, or 55 per cent. on the whole, is all that is expected to be collected in the ensuing year. The estimate is exceedingly low. There seems no reason why at least 75 per cent. of the entire demand should not be realized. The President is requested to report fully upon the matter. *Tolls* are expected to yield Rs. 2,790 in excess of the current year's budget, owing to the enhancement of the rates. The other items of receipt do not call for remark. The total assets are—

	RS.
Road Fund	1,49,050
Endowment Fund	1,530
General Fund	65,960
Total ...	2,16,540

6. *Statement I-B, Expenditure—Grant I, Public Works.*—No new works are provided for. The President states that proposals will be submitted as projects are matured, plans and estimates prepared and funds are made available. Funds are now available, as the large balance under the Road Fund shows, and proposals for utilizing them should therefore be expedited. Rs. 75,630 are provided for road repairs, against Rs. 73,220 in the current year's budget. The increase is mainly due to the maintenance allowance of the roads from Hollal to Sondoor frontier and from the Mysore frontier to the Dharwar road at Gouripur having been raised from 100 to 200 rupees a-mile. Rs. 600 are provided for the repair of "Civil Buildings," but details for only Rs. 500 are given in Statement II-A, Part II. Rs. 100 will be added for schoolhouses in that statement. The share of cost of the Local Fund Engineering Establishment and of General Management chargeable to the Road Fund should be respectively Rs. 16,950 and Rs. 2,870. The total Road Fund expenditure amounts to Rs. 1,07,000, leaving a balance of Rs. 42,050, the utilization of which has been directed above.

7. *Grant II, Education.*—The total Educational expenditure is estimated at Rs. 18,780, against Rs. 14,830 in this year's budget. Provision is made for the additional Inspecting Schoolmaster sanctioned in G.O., Financial Department, dated 27th November 1882, Mis. No. 1800, and for a contribution of Rs. 1,500 to Provincial Funds for the additional Deputy Inspector who was transferred to the Provincial list, —*vide* G.O., Educational Department, dated 6th December 1882, Mis. No. 393. The latter is included under "Inspection." It will be shown separately as "Contribution to Provincial Funds." The salaries of the additional teachers sanctioned by Government in G.O., Financial Department, dated 29th January 1883, Mis. No. 178, are also provided for. The allotment for "Results Grants" is raised from Rs. 4,000 to Rs. 6,000, to meet the growing requirements of the circle in this direction. The assignments seem to be sufficient, and the Director's views are awaited on the matter.

8. *Grant III, Sanitary and Miscellaneous.*—Medical charges amount to Rs. 13,920, of which the assignment for "Hospitals and Dispensaries" is Rs. 8,950, or Rs. 1,600 in excess of that of the current year. The increase is due chiefly to provision being made for the opening of the two dispensaries at Ráyadrug and Kampli sanctioned in G.O., Financial Department, dated 30th December 1882, No. 2062. The Surgeon-General considers the allotments adequate, and states that subordinates of the Civil Apothecary grade will be posted to the two new dispensaries in July next. Rs. 350, provided for the travelling allowance of the Zillah Surgeon for inspecting Local Fund dispensaries, will be transferred to the head of "Miscellaneous." Rs. 7,800 are provided for "Vaccination," and Rs. 9,400 for "Sanitation," against respectively Rs. 7,460 and Rs. 5,830 in the current year. The assignment for the latter purpose is 14 per cent. of the General Fund assets, and appears to be sufficient. The President will furnish the Sanitary Commissioner with the list of Vaccination Establishment asked for in paragraph 2 of his letter. The increase under Market Contingencies is not explained. The contribution on account of the Madras Medical College and for Vaccine Inspecting Agency should be Rs. 760 each. The Circle Board propose to discontinue the payment to the Anantapur Circle of the contribution of Rs. 500 usually given in aid of the Kalyándrug Dispensary in that circle, as they have arranged to open a dispensary at Ráyadrug and thereby obviate the necessity of the

people of this circle resorting to the Kalyándrúg Dispensary for medical relief. It is observed that the Anantapur Circle has taken credit for this amount, and as the contribution is paid with the mutual consent of the two Circle Boards and the sanction of Government, the Anantapur Local Fund Board should be consulted before the contribution is withdrawn. The President is requested to ascertain the views of that Board. Pending report, the amount will, as usual, be entered in the budget.

9. *Grant IV, Establishment and Miscellaneous.*—The increased provision for the Audit and Circle Board's Establishment is due to the increment of Rs. 5 to the Auditor and to the additional clerk on Rs. 15 sanctioned in G.O., Financial Department, dated 12th October 1882, No. 1452.
