PUBLIC WORKS DEPARTMENT.

READ—the following paper :—

G.O., dated 10th October 1883, Mis. No. 494, Marine.

Read—G.O., dated 25th September 1883, No. 2147, Financial.

G.O., dated 23rd August 1883, No. 431, Marine.

Order—dated 25th September 1883, No. 2147, Financial.

Under rule 5 (*b*) of chapter 31 of the Civil Account Code, the power of this Government to grant a local allowance to an officer paid from Provincial revenues is restricted to cases in which the allowance does not raise his total emoluments above Rs. 250 a-month. In the present case the officer to whom it is proposed to give two local allowances, of Rs. 100 each, already draws a salary exceeding that above named; and it would not be expedient, in the opinion of the Governor in Council, to recommend the present proposals to the consideration of the Government of India.

2. So long as no additional expense results from the execution of port works by the Marine Department, there is no objection to their so relieving the professional department maintained for carrying out public works; but when, as in the present case, this can only be done by imposing on the local Port officer additional duties, necessitating a special increase of Rs. 200 monthly to his pay, it is desirable on financial grounds that the professional staff should be entrusted with the work.

3. It will therefore be remitted for consideration in the Marine Department whether the proceedings read above should not be cancelled and the Master Attendant directed to bear these financial principles in mind when recommending the *departmental* execution of marine works.
