GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General Establishment.

READ—the following papers :—

From J. W. BUNDALL, Esq., Superintending Engineer, Second Circle, to the Chief Engineer for Irrigation, dated Masulipatam, 31st October 1882, No. 1470 K.S.

With reference to your memorandum, No. II 1032 Mis., dated 22nd December 1881, I have the honor to forward herewith, revised statements of the existing and proposed Conservancy and Navigation establishments of the Kistna Delta System in the forms printed with G.O. No. 361 L., dated 14th October 1879.

One statement showing distribution of Irrigation Establishment.

One tabular statement of the Annual and Conservancy Establishment as existing and as proposed.

One statement showing distribution of Navigation Establishment.

One tabular statement of do. as existing and as proposed.

One abstract showing the totals of the Conservancy Establishments.

The establishments sanctioned for the Navigation Locks in G.O. No. 816 L., of 9th December 1881, have been included under "proposed establishment" in the absence of the Government of India to the same has not been received.

2. The proposals regarding erection are—

Irrigation Establishment.

Permanent.

(1.) The grading of the Ardent establishment, for which average salaries alone are entered in the tabular statement herewith and the increase of the salary for the Assistant Ardent Superintendent, both resulting in an increase of Rs. 15.

It will be seen that I have proposed to alter the salaries of the Ardent Superintendent and Assistant Ardent Superintendent from the present fixed stipends Rs. 100 and Rs. 50, respectively, to salaries rising from Rs. 100 to Rs. 120 and from Rs. 30 to Rs. 40. Sanction has already been given to the Ardent Superintendent to draw Rs. 120 from 1st April 1882. I would request sanction to the Assistant Ardent Superintendent, a valuable servant of twenty-nine years' service being permitted to draw the maximum. Future incumbents should get increments of Re. 4 and Re. 2 every alternate year till the maximum is reached.

(2.) The maintainment of one Irrigation Clerk, Fifth Class First Grade, in the Kistna Eastern Division, for whom also an average salary of Rs. 17½ has been entered in the tabular statement. This Clerk is required to keep the Irrigation accounts. It is believed that such Clerks are allowed in the Godavari District.

(3.) The redistribution in the scale of leaves and a reduction of two in the number of individuals as detailed below, resulting in a decrease of Rs. 55 :—

+ 1 Lascar for Kanaiguntu weir in the Eastern Division.
— 3 Tappal lascars in the Western Division.
— 3 Not decrease.

(4.) Only a sum of Rs. 15 has been entered under Travelling Allowance as only one Delta Superintendent is entitled to it, because he was drawing the same before the new rules came into force. This involves a decrease of Rs. 47.

Temporary.

(5.) The abolition of one Temporary Superintendent for six months sanctioned for Nallawada calingrah, and one lascar, second grade, sanctioned for Kenatiguntawair, and the proposal to employ three more lascars, third grade, at Vellatúr, Penumudi, and Kollúr weirs, resulting in an increase on the whole of one rupee. The post of Superintendent at Nallawada surplus sluice is not required, as, since the construction of the Nallawada lock, the Lock Superintendent looks after the surplus sluice also.

Navigation Establishment.

(6.) The redistribution and the increase of one Lock Superintendent (in addition to the one sanctioned for the Nallawada lock) proposed for Pamarru lock, where one will be required, as there is likely to be much work shortly when the completion project is begun.

(7.) The redistribution and an addition of nine lascars as under. This would involve an increase of Rs. 52 :—

\+ 2 more lascars for Vinuki lock.
— 2 lascars at Tidal lock (Eastern Division).
\+ 10 more lascars at one for each of the locks at (1) Pamarru, (2) Tidal Lock (Western Division), (3) Jaggayapeta, (4) Kachipudi, (5) Jutur, (6) Nallavada, (7) Kolluru, (8) Nallawada, (9) Santaravur, and (10) Ellore.
— 1 Lascar at Buckingham Canal.

9 Net increase.

(8.) The employment of a Traffic Superintendent at Ellore on Rs. 12, whose temporary employment was sanctioned in G.O., No. 1639 W., of the 28th June 1882. I have added one lascar, who is required, as the Traffic Superintendent has to remit money to the treasury.

(9.) Also the entertainment of a Boat Clerk, Fifth Class, First Grade, at the Anicut Office, Bezwáda, on an average salary of Rs. 17½.

3. Summing up the above proposals, it will be seen that a sum of Rs. 38½ can be transferred from Water Regulation to Navigation Establishment.

Irrigation.	Rs.	*Navigation.*	Rs.
1. Anicut Establishment	+ 18	6. Lock Superintendents	+ 22
2. Irrigation Clerk	+ 17½	7. Lascars Establishment	+ 52
3. Lascars Establishment	— 32	8. Traffic Superintendent	+ 12
4. Travelling Allowance	— 47	9. Boat Clerk	+ 17½
Net Saving ...	— 73 + 55½ = 43½	Amount required	+ 103½
		Deduct amount that can be transferred from Irrigation ...	— 43½
		Net sum required per mensem.	+ 60
		Per annum	720
		5. Add Temporary Establishment at 1 rupee for six months ...	6
		Total ...	726

4. The number of lascars for each grade has been calculated as ordered in paragraph 6 of the Irrigation Chief Engineer's memorandum, No. 50 K.S., dated 22nd July 1871, printed at page 2 of G.O., No. 36 I., dated 14th January 1878.

5. The above proposals would involve a net increase of Rs. 450 as follows :—

	Rs.
Increase required as per abstract statement herewith	726
Deduct for Nallawada lock at Rs. 23 per mensem already sanctioned by Government	276
Net sum required ...	450

which I request you will be good enough to recommend for the sanction of Government.

No. 69 E.W.

Note by the Acting Chief Engineer for Irrigation.

With the above letter the Superintending Engineer, Second Circle, submits statements of proposed Conservancy and Navigation establishments for the Kistna Delta, which have been prepared after communication with this office.

2. The sanction of the Government of India to the establishment at Nallawada lock is not required, and the establishment should be therefore included under "Present Scale" and the increase of "Proposed Scale" reduced accordingly.

3. The pay of the Anicut Superintendent is Rs. 100, but under G.O., No. 2457 W., dated 6th October 1881, the present Superintendent is permitted to draw Rs. 120. The Superintending Engineer proposes a graded scale of pay for the Superintendent and Assistant Superintendent in future, the former to range from Rs. 100 to Rs. 120 and the latter from Rs. 30 to Rs. 40, and further recommends that the present Assistant Superintendent, who has twenty-nine years' good service, should now receive the maximum pay, future incumbents receiving increments of Rs. 4 and Rs. 2 every alternate year till the maximum is reached. While prepared to recommend the Assistant Superintendent should, in recognition of his services, receive Rs. 40 a month, I think it unadvisable to fix the maximum of the Anicut Superintendent's pay at Rs. 120, the amount that he at present draws. The objection to fixed pay for these appointments is that the class of men we require and get is the same as that from which we draw our Upper Subordinates, and, while the position is a more responsible one than that held by many Upper Subordinates, the Anicut Superintendent finds himself distanced by men of his own standing, and, having reached his maximum pay, has no inducement to further exertion. I am disposed to think the pay of Anicut Superintendent and Assistant should stand at Rs. 100 and Rs. 30 respectively, and the incumbents should be considered eligible for a personal allowance in addition to the pay, if recommended, without fixing any limit to such allowance. This arrangement would render the budget provision liable to fluctuation, but it would enable us to retain the services of men whose experience may be worth paying for and be an incentive to the men to further exertion. I recommend that the pay for next year of these two appointments should be Rs. 120 and Rs. 40 respectively.

4. I support the recommendation of the Superintending Engineer to appoint an Irrigation Clerk, Fifth Class, First Grade, in the Kistna Eastern Division, and his proposals as regards lascars; also that the appointment of Traffic Superintendent at Ellore aqueduct should be permanent instead of temporary.

5. As the Delta Superintendent's travelling allowance is a fixed sum, the duties of a Delta Superintendent requiring him in every instance to travel, the saving on this item seems to be properly shown as a saving on the cost of establishment.

6. The statement of proposed establishment corrected in accordance with the above remarks is forwarded to the Chief Engineer, Public Works Department, for entry in the budget, the cost of Water Regulation and Navigation establishment being a charge against Provincial Funds.

(Signed) J. O. HASTED, Colonel, R.E.,
5th December 1882. Ag. Chief Engineer for Irrigation.

To the Chief Engineer, Public Works Department.

Order—dated 2nd April 1883, No. 1007 W., Public Works.

The Government concur with the Chief Engineer for Irrigation as to the propriety of raising the pay and status of the Anicut and Assistant Anicut Superintendent of the Kistna and would be glad to bring them on the regular Upper Subordinate Establishment of the Department if the scale admitted of this being done. This, however, is not practicable at present. The pay of the posts will be fixed at Rs. 120 and Rs. 40 respectively, subject to revision.

The following revised scale of permanent establishment is sanctioned with effect from the 1st April, the requisite provision having been made in the budget for 1883-84 :—

KISTNA DELTA SYSTEM.

Water Regulation Establishment.

		Rs.	
1	Anicut Superintendent	120	
1	Assistant do.	40	
1	Clerk, Fifth Class, First Grade	17½	
1	Do. do. Second Grade	12½	
3	Delta Superintendents	70	each.
3	Do.	55	"
3	Do.	40	"
18	Lascars	8	"
18	Do.	7	"
26	Do.	6	"
27	Do.	5	"
1	Irrigation Clerk, Fifth Class, First Grade	17½	"

Navigation Establishment.

3	Lock Superintendents	15	each.
7	Do.	12	"
10	Do.	10	"
14	Lascars	8	"
14	Do.	7	"
21	Do.	6	"
22	Do.	5	"
2	Traffic Clerks	...	"
1	Boat Clerk, Fifth Class, First Grade	17½	"

This sanction has been registered as Provincial No. 3 W. of 1883-84 and classified as Establishment, Permanent.

The temporary establishment is sanctioned as follows :—

KISTNA DELTA SYSTEM.

Water Regulation Establishment.

		Rs.
2	Superintendents	10 each.
1	Lascar	8
22	Lascars	6 each.
2	Do.	5 "

and the requisite funds will be allotted from the grant for temporary establishment for 1883-84 on the Superintending Engineer reporting the amount that will be required.

This sanction has been registered as Provincial No. 4 W. of 1883-84 and classified as Establishment, Temporary. It will remain current till the end of the official year 1883-84.

READ—the following papers:—

From G. T. WALCH, Esq., Officiating Superintending Engineer, First Circle, to the Chief Engineer for Irrigation, dated Dowlaishweram, 5th May 1883, No. 418 G.D.

I have the honor to submit, herewith, a statement drawn up in the prescribed form for an increase of establishment, viz., four lascars under River Conservancy, Godávari District.

2. The lascars now applied for are much required to guard the Godávari Left Embankment from Rajahmundry to Purushottapatnam, for which a Superintendent on Rs. 50 has been sanctioned in G.O., No. 461 I., of the 26th July 1881.

3. A similar number of lascars have been sanctioned in G.O., No. 423, of the 20th May 1878 (see also G.O., No. 1105, dated 4th April 1877), for conserving the right embankment of the Godávari from Vizeswaram to Polavaram, and I therefore request you will be good enough to obtain the sanction of Government to the establishment now asked for. The completion of the embankment is now in progress.

Office Note from the Examiner of Public Works Accounts, dated 18th May 1883, No. 185.

No. 38 E.W.

Forwarded to the Chief Engineer, Public Works Department, with a recommendation that the additional establishment required to guard the Godávari Left Embankment from Rajahmundry to Purushottapatnam may be sanctioned.

To the Chief Engineer, Public Works Department.

ORDER.—dated 6th June 1883, No. 1593 W., Public Works.

The entertainment of four additional lascars on Rs. 6 each per mensem, to guard the left bank of the Godávari from Rajahmundry to Purushottapatnam, is sanctioned.

2. The river conservancy establishment of the Godávari District will now be as below:—

2 Superintendents on Rs. 15 each.
3 Lascars on Rs. 6 each.

3. This sanction has been registered as Provincial No. 19 W. of 1883-84 and classified as Establishment.

READ—the following letter from J. W. RUNDALL, Esq., Superintending Engineer, Second Circle, to the Chief Engineer, Public Works Department, dated Masulipatam, 28th May 1883, No. 176 N.L:—

1 Statement.

Referring to paragraph 6 of G.O., No. 261 W., dated 23rd January 1883, I have the honor to forward, herewith, a statement showing the cost of the temporary conservancy establishment required for the Pennér Anicut System, and to request that the necessary funds may be allotted for the current year from the lump sum provision in the budget for Temporary Establishment.

2. I may add that the above establishment has been sanctioned by Government for employment during a certain period of every year, and it is not included in my statement printed with G.O., No. 902 W., dated 20th March 1883.

ORDER—dated 11th June 1883, No. 1631 W., Public Works.

The temporary establishment required for the conservancy of the Pennér Anicut System for 1883-84, at a total cost of Rs. 1,243, is sanctioned, and the amount appropriated from the grant for Temporary Establishment.

2. This sanction has been registered as Provincial No. 21 W. of 1883-84 and classified as Establishment, Temporary.
