READ—the following letter from G. T. WALCH, Esq., Officiating Superintending Engineer, First Circle, to the Inspector-General of Registration, dated Dowlaishweram, 26th September 1883, No. 1822 G.D. :—

With reference to G.O., No. 1153 W., dated 6th May 1882, I have the honor to forward, herewith, an estimate, amounting to Rs. 2,750, prepared in general accordance with the standard plan for constructing a sub-registrar's office at Razole, in the Nagaram island, Central division, Godávari district, and to request you will be good enough to transmit the same to Government for sanction with your countersignature.

1 Estimate, Rs. 2,750, with duplicate.
1 Copy of letter, No. 339, dated 1st September 1883, from Executive Engineer, Central division, Godávari district, to Superintending Engineer, First Circle.

2. I enclose, for your information, a copy of the divisional officer's letter, No. 339, dated 1st September 1883, from which it will be seen that, at the request of the district registrar, the building is now proposed to be built at Razole, instead of at Sivakodu, and that a suitable site for the building has not yet been secured.

No. 2021.

Endorsement on the above.

Submitted to the Government for sanction.

The site for the office should be subject, as elsewhere, to the approval of the Collector of the district.

(Signed) G. HAMNETT,
Inspector-General of Registration.

10th October 1883.

To the Secretary to Government, Public Works Department.

ENCLOSURE.

From Captain A. R. F. DORWARD, R.E., Executive Engineer, in charge Central Delta Division, Godávari District, to the Superintending Engineer, First Circle, dated Gunnavaram, 1st September 1883, No. 339.

Subject.—Your No. 2957 G.D. of 8th March 1883.

I have the honor to forward, herewith, for sanction, a plan and estimate of Rs. 2,750 for a sub-registrar's office to be built at Razole, in the Nagaram island.

At present the sub-registrar has his office at Sivakodu; but the district registrar, on being asked to select a site for the work, stated that it should be built in Razole limits in inam field No. 257.

The estimated compensation for 40 cents of that field is, according to the Revenue Department, Rs. 270, Rs. 206 of that sum being compensation for fruit trees.

The amount of compensation being very large, the registrar lately wrote to me and suggested another site on waste land. There is a small building on that site, however, which would have to be removed were the office built there, and this the Razole villagers object to, as they say the building is a holy one.

I have therefore included in the estimate Rs. 270 as compensation for land. I think it probable that when the estimate is sanctioned and funds allotted a suitable site will be obtainable for a less sum, but do not think it necessary to detain the estimate any longer until the exact site is fixed. The land required for the office is, whatever site be eventually fixed upon, not likely to cost more than Rs. 270.

ORDER—dated 22nd October 1883, No. 2989 W., Public Works.

The estimate, amounting to Rs. 2,750, for constructing a sub-registrar's office at Razole, in the Nagaram island, Godávari district, is sanctioned for execution when funds are available.

2. The site for the office should be fixed in consultation with the Collector of the district.

3. This sanction has been registered as Provincial No. 141 W. of 1883-84 and classified as Civil Buildings, Original Works.
