Sir,

I have the honor to request
instructions in regard to the Claims
of Contractor Pascoo Poi for a payment
of Rs 170-13-4, including interest, for
materials supplied to the Civil Dis-
pensary at Bantwal.

The Contract for that work
was given by the District Engineer
to Pascoo Poi in 1876. He Commenc-
ed Collecting materials. There were
great delays about acquiring a
site for the building. The Contractor
was ordered to stop collecting ma-
terials. And the District Engineer
at

at last ordered work to go on departmentally, the Contractor's materials being taken over at a valuation.

3. There has been much delay in settling with the Contractor, which seems to have been to some extent at least the Contractor's own fault, as he failed to appear when called on to be present for a settlement.

The building was transferred to the Local Fund Board in April 1880; the Local Fund Engineer stated that he did not receive the materials; and the Local Fund Board consequently refused to acknowledge the claim.

4. But the Contractor holds a receipt for the materials, given him by Mr. Lobo then Overseer of Mangalore Taluk; who states that the materials were utilized on the building in 1879; there are, however, no accounts forthcoming to show this.

5. The Contractor has now filed a suit in the District Munsiff's Court for

for Rs 170-13-4 including interest, and a summons has been served on the Executive Engineer Combatore.

6. Mr. Davidson, who has personally inquired into the case on the spot, sees no ground for questioning the justice of the claim, that the materials were used up on a Local Fund work, and that payment should be made by the Local Fund Board. If the work had been an Imperial one, I would have authorized immediate payment.

I have the honor to be,

Sir,

Your most Obedt. Servant
