GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, Fifth Circle, to the Chief Engineer, Public Works Department, dated Chepauk, 18th October 1883, No. 2603 :—

In G.O., No. 1648 W., dated 30th June 1882, sanction was given that materials at the Gunpowder Factory at Madras, valued at Rs. 1,530-7-6, should be sold. Rs. 575 were realized by sale, and I have the honor to request that sanction may be given to the loss of Rs. 954-10-0, being debited to the Gunpowder Factory improvements under the sub-head "Loss by sale of materials." There is a small discrepancy, the original value being shown by the Examiner to be Rs. 1,529-10-0 instead of Rs. 1,530-7-6.

2. In the Superintending Engineer's letter, No. 231, of the 20th April 1882, it was proposed to retain as stock materials valued at Rs. 465-15-6, but now, after two and-a-half years, there still remain well bricks, corbel stones, &c., to the value of Rs. 405-13-3, which are not likely to be utilized on any work. I therefore beg that sanction may be given to the disposal by sale of these useless materials, the loss to be charged also to the sub-head "Loss by sale of materials."

ORDER—dated 24th October 1883, No. 3008 W., Public Works.

The two proposals are sanctioned.

ORDER—dated 30th June 1882, No. 1648 W., Public Works.

In their letter No. 72 A.G., dated 27th January 1882, the Government of India pointed out that the value of materials at site of works in this Presidency on the 31st March 1881 was Rs. 76,207, and requested to be furnished with a report on the following points :—

- Whether the materials were verified during the year by actual count or weightment.
- Whether the sum of Rs. 76,207 represents their fair market value.
- Whether the materials are likely to be utilized on works at an early date, and if not, whether it might not be desirable to transfer them from the accounts of works to stock.

2. The following table shows the works on which there were materials at site on the date named, and the replies of Superintending Engineers concerned to the above questions :—
