PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from Colonel J. BEATTY, R.E., Superintending Engineer, Fourth Circle, to the Chief Engineer, Public Works Department, dated Ootacamund, 12th October 1883, No. 439 :—

I have the honor to submit herewith, for sanction, an estimate, amounting to Rs. 5,730, for a second drying-shed to be erected at the new brick-field near Ootacamund.

2. When the first drying-shed* was proposed, it was intended only as a temporary arrangement until the Hoffmann's kiln, then in contemplation, had been constructed, and now that that scheme has been abandoned, additional means of drying have become indispensable; hence the present proposal.

ORDER—dated 25th October 1883, No. 3027 W., Public Works.

The estimate, amounting to Rs. 5,730, for constructing a second brick-drying shed at Ootacamund is sanctioned as supplemental to the estimate for Rs. 3,794 sanctioned in G.O., No. 1392 W., of the 11th May 1883. The total sanction amounts to Rs. 9,524.

2. This sanction has been registered as Provincial No. 145 W. of 1883-84 and classified as "Stock."

NOTE OF REMARKS.

1. The estimate now submitted provides for the construction of a second brick drying shed at Ottacamund. Estimated cost is Rs. 5730.
2. The shed now proposed to be built is similar to the one sanctioned in G.O. No. 1392 of the 11th May/83, but exceeds it in cost to the extent of Rs. 1936. This excess is caused by an increased scantling being allowed to the various timbers of the present shed - experience having shown that the scantling adopted in the former shed was insufficient.
3. The necessity for the present shed arises from the proposal for the construction of Hoffman kiln having been abandoned.
