

14TH AUGUST 1883, No. 2265 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following letter from J. W. RUNDALL, Esq., Superintending Engineer, Second Circle, to the Chief Engineer, Public Works Department, dated Gúdúr, 28th July 1883, No. 1162 K.S.:—

I have the honor to forward, herewith, for approval and the sanction of Government, an estimate, amounting to Rs. 5,744, for repairs to the Collector's house at Masulipatam.

1 Estimate in duplicate.
1 Report.

2. The necessity for the estimate is explained in the accompanying report which was furnished to the Collector. That gentleman informs me that the sum spent on the repairs between February 1881 and March 1883 amounts to Rs. 1,340, or an average of Rs. 445 per annum.

3. As Rs. 20,000 was paid for the bungalow and as it is now necessary to renew the roof of the main and out-buildings at a cost of Rs. 5,744, it is clear that the rent having been paid by Government at Rs. 100 per month, the purchase of the house has not been a remunerative speculation.

4. The back verandah has been temporarily propped up, but I think arrangements should be made to ensure the reconstruction of this part of the building immediately after the next north-east monsoon. With a view to carrying this out, I shall feel obliged if you can arrange to allot Rs. 1,500 in the current year, and the balance of the estimate in next official year.

5. Unless money is given in the current year to admit of lime, bricks, timber, &c., being sent down to Masulipatam before the canals close, there will be another season's delay. The roof of some of the godowns is in such bad order, that I do not think it is safe to postpone the repairs indefinitely.

ENCLOSURE.

Report on estimate, amounting to Rs. 5,744, for repairing the Collector's house at Masulipatam.

During the heavy rains of November 1882, one of the main pillars of the back verandah of the Collector's house collapsed. Temporary supports were placed under the bressummers and main beams, and the present estimate provides for entirely reconstructing this back verandah with masonry arches, instead of wooden beams, to carry the upper verandah. An examination of the building in detail has shown, that the roof is generally in bad order. The thorough repair of this roof has been estimated for. The cost of repairing and reconstructing the house amounts to Rs. 3,505.

Extensive repairs are also required to the store-rooms and out-houses, to the bath, with small repairs to the stables.

The estimates for each are—

	RS.
Store-rooms	1,334
Bath	839
Stables	66
	<hr/> 2,239

The bulk of the work required consists in restoring the roofs.

From personal inspection of the building, I consider all that is allowed is necessary to put the house and out-buildings into thorough order. The rates are somewhat high, but not more than sufficient to ensure thorough good work. I recommend the estimate for sanction.

The house was purchased in 1880 from the Nawáb for Rs. 20,000, *vide* G.O., No. 1589, J.D., dated 8th August 1878. The bulk of the repairs now estimated for are really restorations, and should be regarded as capital. The rent paid is Rs. 100 per month. It is not known what has been spent in repairs since the purchase of the building, as the annual repairs have been carried out by the Revenue Department. In order to obtain the ordinary return required on Government buildings, it would be necessary, assuming that at least Rs. 3,000 of the expenditure now proposed represents restoration and is properly chargeable to capital, to fix the rent at Rs. 150 per month.

MASULIPATAM,
31st May 1883.

(Signed) J. W. RUNDALL,
Superintending Engineer, Second Circle.

ORDER—dated 14th August 1883, No. 2265 W., Public Works.

The estimate, amounting to Rs. 5,744, for repairs to the Collector's house and subsidiary buildings at Masulipatam, is sanctioned.

2. No funds are available at present, but the necessity for the repairs being recognised, an allotment will be made as early as practicable.

3. This sanction has been registered as Provincial No. 89 W. of 1883-84, and classified as Civil Buildings, Original Works.

NOTES.

REFERENCE TO MADRAS P. W. D. CODE.

CHAPTER XV.—PARA. 2147.

1. This form should be used by the Executive Engineer in any of the following cases:—

- When he requires a grant, or an addition to an existing grant for carrying on a sanctioned Major work.
- When he is unable to utilize the grant at his disposal for any work, and wishes to resign it either wholly or in part.
- When he wishes to utilize the grant for one work upon some other.

2. Either of the columns for "Proposed New Grant" or for "Proposed Reduction," or both, may be used as required.

3. If it happens that the grant already allowed has been reduced, the entry in the column "Existing grant for current year" would of course be the amount less such reduction.

4. In the case of Irrigation Works the entries in the column "Departmental and Service Head" should show distinctly whether the proposed re-appropriation is debitable to Capital or Revenue, and the entries in the column "Works" should be so arranged as to show the project to the capital or Revenue Account of which the charge is debitable, and the class of Service to which the charge is debitable thus:—

Project.

(1)—Head works.

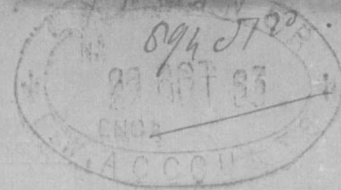

B. Land.

K. Buildings.

In cases of Productive Public Works the fact of their being so should be noted against the entries.

5. It being of the utmost importance that early intimation of possible lapses, or of excesses in outlay on works should be communicated to the Government, a close watch should be maintained on the progress of all works by Executive Officers, and this form employed the moment the facts are sufficiently known.

* The surrender may be added to the Reserve.
