READ—the following letter from J. W. MARTIN, Esq., Executive Engineer, Tinnevely Division, to the Superintending Engineer, Sixth Circle, dated Palamcottah, 15th October 1883, No. 321:—

With reference to your endorsement, No. 268 T.N., dated 21st July 1883, on G.O., No. 1980 W., dated 16th idem, directing me to dispose of the three buildings noted in the margin, I have the honor to inform you that the Superintendent of Police now asks me to obtain the sanction of Government to transfer to the police department the sergeant's quarters,* with its three out-houses, for the occupation of the reserve inspector. The Vice-President of the Palamcottah municipality, on the other hand, applies for the transfer of the artificer's workshop † for the preservation of kerosine oil. There will then remain the gun-shed, ‡ which I propose to retain as a Public Works smith's workshop.

2. I further beg to inform you that there are three other buildings, besides the above, which also require to be disposed of, viz., the commissariat godown, the late divisional office, and the late sub-magistrate's entcherry. In these the first, though unoccupied, is situated entirely within the compound of the police barracks without a separate entrance. The Superintendent of Police requests to have this also transferred to him. The other two are not required by any department, and no special man is employed to look after these. Under these circumstances I request you will be good enough to obtain the sanction of Government for the transfer of the four buildings above mentioned to the departments referred to, and to dispose of the other two by public auction, as the Collector, on a reference made by me, stated that he does not require them.

No. 516 T.N.

Endorsement on the above.

Copy forwarded to the Chief Engineer, Public Works Department, who is requested to be good enough to obtain the sanction of Government for transferring the sergeant's quarters, with its three out-houses, and the commissariat godown to the police department, the artificer's workshop to the municipality, and the gun-shed to be retained by this department; and for disposing by public auction of the late divisional office and the sub-magistrate's entcherry, both of which are military buildings.

It will be remembered that the gun-shed, artificer's workshop, and sergeant's quarters, with three out-houses, were ordered to be sold in G.Os., Nos. 1980 W., of 16th July, and 2529 W. of 8th September 1883.

18th October 1883. Superintending Engineer, Sixth Circle.

ORDER—dated 30th October 1883, No. 3068 W., Public Works.

The transfer of buildings proposed in the Superintending Engineer's endorsement is approved.

2. The sanction of the Government of India will be requested to the sale of the late divisional office and the sub-magistrate's cutcherry.
