Kollur Lock

A navigation establishment for the — on the Bank canal, Kistna delta, sanctioned, and funds appropriated for their pay during the current year.

2ND APRIL 1883, No. 1007 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers :—

From J. W. RUNDALL, Esq., Superintending Engineer, Second Circle, to the Chief Engineer for Irrigation, dated Masulipatam, 31st October 1882, No. 1470 K.S.

With reference to your memorandum, No. II-189 K.S., dated 22nd December 1881, I have the honor to forward here-

- One statement showing distribution of Irrigation Establishment.
- One tabular statement of the Ancient and Conservancy Establishment as existing and as proposed.
- One statement showing distribution of Navigation Establishment.
- One tabular statement of do. as existing and as proposed.
- One abstract showing the totals of the Conservancy Establishment.

with revised statements of the existing and proposed Conservancy and Navigation establishments of the Kistna Delta System in the forms printed with G.O., No. 36 L, dated 14th January 1878. The establishment sanctioned for the Nallawada Lock in G.O., No. 846 L, of 9th December 1881, has been included under "proposed establishment," as the sanction of the Government of India to the same has not as yet been received.

2. The proposals requiring sanction are—

IRRIGATION ESTABLISHMENT.

Permanent.

(1.) The grading of the Ancient establishment, for which average salaries alone are entered in the tabular statement herewith, and the increase of the salary for the Assistant Ancient Superintendent, both resulting in an increase of Rs. 18.

It will be seen that I have proposed to alter the salaries of the Ancient Superintendent and Assistant Ancient Superintendent from the present fixed sums of Rs. 100 and Rs. 30, respectively, to salaries rising from Rs. 100 to Rs. 120 and from Rs. 30 to Rs. 40. Sanction has already been given to the Ancient Superintendent to draw Rs. 120 from 1st April 1882. I would request sanction to the Assistant Ancient Superintendent, a valuable servant of twenty-nine years' service, being permitted to draw the maximum. Future incumbents should get increments of Rs. 4 and Rs. 2 every alternate year till the maximum is reached.

(2.) The entertainment of one Irrigation Clerk, Fifth Class, First Grade, in the Kistna Eastern Division, for whom also an average salary of Rs. 17½ has been entered in the tabular statement. This Clerk is required to keep the Irrigation accounts. It is believed that such Clerks are allowed in the Godavari District.

(3.) The redistribution in the scale of lascars and a reduction of five in the number of individuals as detailed below, resulting in a decrease of Rs. 32:—

- + 1 Lascar for Komatigunta weir in the Eastern Division.
- 6 Tappal lascars in the Western Division.
- 5 Net decrease.

(4.) Only a sum of Rs. 15 has been entered under Travelling Allowance as only one Delta Superintendent is entitled to it, because he was drawing the same before the new rules came into force. This involves a decrease of Rs. 47.

Temporary.

(5.) The abolition of one Temporary Superintendent for six months sanctioned for Nallawada calingulah, and one lascar, second grade, sanctioned for Komatigunta weir, and the proposal to employ three more lascars, third grade, at Vellatūr, Pennumūdi, and Kollūr weirs, resulting in an increase on the whole of one rupee. The post of Superintendent at Nallawada surplus sluice is not required, as, since the construction of the Nallawada lock, the Lock Superintendent looks after the surplus sluice also.

NAVIGATION ESTABLISHMENT.

(6.) The redistribution and the increase of one Lock Superintendent (in addition to the one sanctioned for the Nallawada lock) proposed for Pamarru lock, where one will be required, as there is likely to be much work shortly when the completion project is begun.

(7.) The redistribution and an addition of nine lascars as under. This would involve an increase of Rs. 52 :—

- + 2 more lascars for Virunki lock.
- 2 lascars at Tidal lock (Eastern Division).
- + 10 more lascars at one for each of the locks at (1) Pamarru, (2) Tidal Lock (Western Division), (3) Jagarlamudi, (4) Kuchipudi, (5) Jutur, (6) Nallawada, (7) Kollimerla, (8) Nallawada, (9) Santaravur, and (10) Ellore.
- 1 Lascar at Bank Canal.

9 Net increase.

(8.) The employment of a Traffic Superintendent at Ellore on Rs. 12, whose temporary employment was sanctioned in G.O., No. 1639 W., of the 28th June 1882. I have added one lascar, who is required, as the Traffic Superintendent has to remit money to the treasury.

(9.) Also the entertainment of a Boat Clerk, Fifth Class, First Grade, at the Anicut Office, Eczvāda, on an average salary of Rs. 17½.

3. Summing up the above proposals, it will be seen that a sum of Rs. 38½ can be transferred from Water Regulation to Navigation Establishment.

Irrigation.			Navigation.		
	Rs.			Rs.	
1. Anicut Establishment	+ 18		6. Lock Superintendents	+ 22	
2. Irrigation Clerk	+ 17½		7. Lascars Establishment	+ 52	
3. Lascars Establishment	— 32		8. Traffic Superintendent	+ 12	
4. Travelling Allowance	— 47		9. Boat Clerk	+ 17½	
Net Saving	— 79 + 35½ = 43½		Amount required	+ 103½	
			Deduct amount that can be transferred from Irrigation	— 43½	
			Net sum required per mensem.	+ 60	
			Per annum	720	
			5. Add Temporary Establishment at 1 rupee for six months	6	
			Total	726	

4. The number of lascars for each grade has been calculated as ordered in paragraph 6 of the Irrigation Chief Engineer's memorandum, No. 50 K.S., dated 22nd July 1877, printed at page 2 of G.O., No. 36 I., dated 14th January 1878.

5. The above proposals would involve a net increase of Rs. 450 as follows :—

	Rs.
Increase required as per abstract statement herewith	726
Deduct for Nallawada lock at Rs. 28 per mensem already sanctioned by Government	276
Net sum required	450

which I request you will be good enough to recommend for the sanction of Government.

No. 69 E.W.

Note by the Acting Chief Engineer for Irrigation.

With the above letter the Superintending Engineer, Second Circle, submits statements of proposed Conservancy and Navigation establishments for the Kistna Delta, which have been prepared after communication with this office.

2. The sanction of the Government of India to the establishment at Nallawada lock is not required, and the establishment should be therefore included under "Present Scale" and the increase of "Proposed Scale" reduced accordingly.

3. The pay of the Anicut Superintendent is Rs. 100, but under G.O., No. 2457 W., dated 6th October 1881, the present Superintendent is permitted to draw Rs. 120. The Superintending Engineer proposes a graded scale of pay for the Superintendent and Assistant Superintendent in future, the former to range from Rs. 100 to Rs. 120 and the latter from Rs. 30 to Rs. 40, and further recommends that the present Assistant Superintendent, who has twenty-nine years' good service, should now receive the maximum pay, future incumbents receiving increments of Rs. 4 and Rs. 2 every alternate year till the maximum is reached. While prepared to recommend the Assistant Superintendent should, in recognition of his services, receive Rs. 40 a month, I think it undesirable to fix the maximum of the Anicut Superintendent's pay at Rs. 120, the amount that he at present draws. The objection to fixed pay for these appointments is that the class of men we require and get is the same as that from which we draw our Upper Subordinates, and, while the position is a more responsible one than that held by many Upper Subordinates, the Anicut Superintendent finds himself distanced by men of his own standing, and, having reached his maximum pay, has no inducement to further exertion. I am disposed to think the pay of Anicut Superintendent and Assistant should stand at Rs. 100 and Rs. 30 respectively, and the incumbents should be considered eligible for a personal allowance in addition to the pay, if recommended, without fixing any limit to such allowance. This arrangement would render the budget provision liable to fluctuation, but it would enable us to retain the services of men whose experience may be worth paying for and be an incentive to the men to further exertion. I recommend that the pay for next year of these two appointments should be Rs. 120 and Rs. 40 respectively.

4. I support the recommendation of the Superintending Engineer to appoint an Irrigation Clerk, Fifth Class, First Grade, in the Kistna Eastern Division, and his proposals as regards lascars; also that the appointment of Traffic Superintendent at Ellore aqueduct should be permanent instead of temporary.

5. As the Delta Superintendent's travelling allowance is a fixed sum, the duties of a Delta Superintendent requiring him in every instance to travel, the saving on this item seems to be properly shown as a saving on the cost of establishment.

6. The statement of proposed establishment corrected in accordance with the above remarks is forwarded to the Chief Engineer, Public Works Department, for entry in the budget, the cost of Water Regulation and Navigation establishment being a charge against Provincial Funds.

(Signed) J. O. HASTED, Colonel, R.E.,
Ag. Chief Engineer for Irrigation.

5th December 1882.

To the Chief Engineer, Public Works Department.

ORDER—dated 2nd April 1883, No. 1007 W., Public Works.

The Government concur with the Chief Engineer for Irrigation as to the propriety of raising the pay and status of the Anicut and Assistant Anicut Superintendent of the Kistna and would be glad to bring them on the regular Upper Subordinate Establishment of the Department if the scale admitted of this being done. This, however, is not practicable at present. The pay of the posts will be fixed at Rs. 120 and Rs. 40 respectively, subject to revision.

3070
4

The following revised scale of permanent establishment is sanctioned with effect from the 1st April, the requisite provision having been made in the budget for 1883-84 :—

KISTNA DELTA SYSTEM.

Water Regulation Establishment.

	RS.
1 Anicut Superintendent	120
1 Assistant do.	40
1 Clerk, Fifth Class, First Grade	17½
1 Do. do. Second Grade	12½
3 Delta Superintendents	70 each.
3 Do.	55 "
3 Do.	40 "
18 Lascars	8 "
18 Do.	7 "
26 Do.	6 "
27 Do.	5 "
1 Irrigation Clerk, Fifth Class, First Grade	17½ "

Navigation Establishment.

3 Lock Superintendents	15 each.
7 Do.	12 "
10 Do.	10 "
14 Lascars	8 "
14 Do.	7 "
21 Do.	6 "
22 Do.	5 "
2 Traffic Clerks	12 "
1 Boat Clerk, Fifth Class, First Grade	17½ "

This sanction has been registered as Provincial No. 3 W. of 1883-84 and classified as Establishment, Permanent.

The temporary establishment is sanctioned as follows :—

KISTNA DELTA SYSTEM.

Water Regulation Establishment.

	RS.
2 Superintendents	10 each.
1 Lascar	8
22 Lascars	6 each.
2 Do.	5 "

and the requisite funds will be allotted from the grant for temporary establishment for 1883-84 on the Superintending Engineer reporting the amount that will be required.

This sanction has been registered as Provincial No. 4 W. of 1883-84 and classified as Establishment, Temporary. It will remain current till the end of the official year 1883-84.

Enclosures: one.
Tabular Statement.

Through the Examiner, Public Works Accounts.
Sir,

I have the honor to bring to your notice that, there is every likelihood of the Kollur Lock on the Bank Canal being completed sufficiently to open it for traffic in the middle of November next, and to request you will be good enough to obtain the sanction of Government for the entertainment of the Lock Establishment, consisting of 1 Lock Superintendent and 3 Lock Lascars.

2. A statement showing the proposed changes in the Navigation Establishment of the Krishna Delta is herewith submitted as required in Para 24 of the Public Works Code.

3. As the Establishment will have to

3070/8
be entertained from the date of opening the
Lock for traffic, I request that the ne-
cessary allotment of funds may also be
sanctioned for the current year.

For $3\frac{1}{2}$ months from middle of November
1883 to end of February 1884 at Rs 28 = Rs 98

I have the honor to be,

Sir,

Your most Obedt servant.
