Enclosures.

SIR,

There is an old Post Office at Palaveram which was built many years ago and is fast falling into decay. The Superintendent of Post Offices states that it is not likely the building will be required again by the Postal Department, and the Collector considers that it may be demolished. I have the honor to recommend, under Code para 1403, that the building should be cleared away. It is only a small shed, and the value of the materials will just about clear the cost of dismantling it.

I have the honor to be
Your most obedient Servant
New Pen der just fall P.W.E.
Superintd. Engrs. 5th Circle.
